Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) 2020-03-15 publisher description

Preliminary Sat/National Merit Scholarship Qualifying Test (Psat/Nmsqt) 1997-01-01 merit based tests and contests have become popular methods for allocating rewards from trophies to contracts jobs to grants admissions to licenses with origins in jurisprudence methods of rewarding merit seem fairer than those rewarding political or social connections bribery aggression status or wealth because of this merit based competitions are well suited to the societal belief that people should be rewarded for what they know or do and not for who they know or are however judging merit is rarely an easy task it is prone to a variety of biases and errors small biases and errors especially in large competitions can make large differences in who or what is rewarded it is important then to learn how to spot flaws in procedures for judging merit and to correct them when possible based on over 20 years of theory and research in human judgment decision making and social psychology this unique book brings together for the first time what is known about the processes and problems of judging merit and their consequences it also provides practical suggestions for increasing the fairness of merit based competitions and examines the future and limits of these competitions in society
