**Proceedings of the 19th International Conference of the Asia Association of Computer-Assisted Language Learning (AsiaCALL 2022)** 2023-04-07 the three volume encyclopedia of giftedness creativity and talent presents state of the art research and ready to use facts from the fields of education psychology sociology and the arts

*The Power of Implicit Theories for Learning in Different Educational Contexts* 2021-12-20 strengthen your adult education program planning with this essential guide planning programs for adult learners a practical guide 4th edition is an interactive practical and essential guide for anyone involved with planning programs for adult learners containing extensive updates refinements and revisions to this celebrated book this edition prepares those charged with planning programs for adult learners across a wide variety of settings spanning a variety of crucial subjects this book will teach readers how to plan organize and complete other administrative tasks with helpful templates and practical guides focus on challenges of displacement climate change economic dislocation and inequality plan programs using current and emerging digital delivery tools and techniques including virtual and augmented reality planning programs for adult learners provides an international perspective and includes globally relevant examples and research that will inform and transform your program planning process perfect for adult educators and participants in continuing education programs for adults the book will also be illuminating for graduate students in fields including education nursing human resource development and more

*Encyclopedia of Giftedness, Creativity, and Talent* 2009-06-15 understanding and supporting adult learners offers faculty and administrators a hands on guide to the myriad issues adult learners face in their enrollment and participation in higher education this comprehensive resource is filled with the analytical and practical skills that can help faculty make sound decisions relative to adult learners the book also includes techniques and frameworks for assessing implementing and evaluating practices within the institution at the classroom department school and campus levels to nurture and support responsiveness to adult learners praise for understanding and supporting adult learners this timely book provides a clear road map for institutions to attract retain and graduate adult learners it will provoke discussions among faculty and administrators on the best ways to serve and assess this important demographic john v moore iii associate director of institutional research temple university a must read for everyone serving adults in higher education the book's wonderfully insightful and provocative cases bring to life the real dilemmas facing adult learners and the institutions that support them it provides an enlightened analysis of the issues and an effective framework for creating and improving programs that ensure the success of adult learners in higher education tai arnold assistant vice president for academic programs suny empire state college this book is a must read for community college faculty and administrators community college

adult learners span several generations and even decades and bring different levels of learning skills and student support services needs this is an excellent practical guide to addressing the varied needs and issues of the twenty first century adult learner christine chairsell vice president portland community college

**Teaching Adult English Language Learners** 2019 the evolution of technology in education can no longer be comprehended simply by looking at the use of computers and networks technology is not just a supplementary tool to the conventional method of education education has to undergo a complete transformation with technological innovations for the sustainability of quality education as a system and not in silos sustainability in education also necessitates a more workable strategy to realize socially viable educational policies and practices which can focus more on personalized learning due to various factors like emerging technologies changing needs of the learners policy reforms for enhancing employability and emphasis on uninterrupted education as in the case of the pandemic scenario of covid 19 there is a need to steer a major transition in the education system the education system has to be real and proficient for it to be instrumental to nurture an informed and knowledgeable society this book on technological innovations in higher education is organized largely based on the diversity of higher education ecosystems that are supported by technological innovations various author viewpoints give insights into the full potential of technology as well as its risks in interrelated areas of higher education to work towards sustainability of value based quality education across the globe

**Planning Programs for Adult Learners** 2021-04-13 adjunct faculty in online higher education best practices for teaching adult learners is an essential handbook that delves into the pivotal role of adjunct faculty instructors in the booming realm of online higher education with a specific focus on adult learners as the demand for online education continues to soar administrators program directors and adjunct faculty instructors alike are presented with unique challenges and opportunities this comprehensive guidebook provides a wealth of knowledge and best practices for adjunct faculty instructors seeking to excel in online teaching roles with a keen understanding of the competitive nature of the field this book equips instructors with valuable insights that will set them apart in the ever expanding landscape of higher education university administrators and program directors will also find immense value in the book s content which explores strategies for providing professional development to adjunct faculty and designing effective evaluations to support continuous improvement recognizing the paramount importance of the student experience the book emphasizes the crucial role played by adjunct faculty in representing their respective institutions covering a wide range of topics from the historical context of adult learners to the challenges associated with being an adjunct instructor this handbook serves as a comprehensive guide for both aspiring and experienced adjunct faculty members it offers practical advice on curriculum design personnel development and evaluation methods empowering administrators and directors alike to make informed decisions in hiring and supporting adjunct faculty instructors

**Understanding and Supporting Adult Learners** 2010-07-20 what do you say when more than ever before students are coming to school with social emotional and behavioral issues that could have a negative impact on their learning what s more the pressure on teachers for their students to perform well on high stakes testing can take the focus away from addressing behavioral issues luckily there s a practical solution for managing behavior in the classroom get to know the calm method an actionable clear and easy to remember framework for redirecting student behavior calm stands for communication accountability leadership and motivation it is an inclusive approach to behavior focused on building relationships community behavior skills and academic achievement the calm framework provides teachers with successful behavior strategies that will create a comfortable safe respectful and encouraging learning environment for students and teachers alike whether you re new to teaching working with at risk students or you ve been working in the profession for years but want a fresh approach this book will provide you with strategies to inspire a calm classroom positive ways to redirect inappropriate behavior practical scripts to answer the question what do i say when happens step by step guides checklists and templates for ensuring a productive engaging classroom community developing classroom management skills and techniques that work can be extremely challenging but it doesn t have to be keep calm with proactive strategies for creating a culture of respect accountability and a strong sense of community

**Advances in Technological Innovations in Higher Education** 2024-03-29 this is the first edited collection focusing exclusively on how second language users interpret and engage with the processes of email writing with chapters written by an international array of scholars the present volume is dedicated to furthering the study of the growing field of I2 email pragmatics and addresses a range of interesting topics that have so far received comparatively scant attention utilising both elicited and naturally occurring data the research in this volume takes the reader from a consideration of learners pragmatic development as reflected in email writing and their perceptions of the email medium to relational practices in various email functions and in a variety of academic contexts as a whole the contributions incorporate research with learners from a range of proficiency levels language and cultural backgrounds and employ varied research designs in order to examine different email speech acts the book provides valuable new insights into the dynamic and complex interplay between cultural interlanguage pedagogical and medium specific factors shaping I2 email discourse and it is undoubtedly an important reference and resource for researchers graduate students and experienced language teachers

**Adjunct Faculty in Online Higher Education: Best Practices for Teaching Adult Learners** 2024-01-22 this book makes relevance theory rt relevant for I2 teachers and I2 teacher educators in particular those working in foreign language teaching contexts I2 classroom discourse data collected in seven research projects in the years 1984 2004 are reinterpreted in this book in the light of relevance theory a theory of interpretation of the incoming messages in this perspective the teachers input for instructed I2 learners facilitates shifts in the learners attention from meaning to form and vice versa such shifts of attention according to relevance theory change the level of expected optimal relevance of classroom communication either focusing the students on form oriented communication accuracy on meaning oriented communication fluency or on meaning and form oriented communication fluency combined with accuracy the latter is considered optimal for I2 learning acquisition apart from the main focus on the relevance theoretic interpretation of the teachers input the book presents an overview of other theoretical approaches to the question of input for instructed I2 learners the sla approach the communicative I2 teaching perspective and the I2 classroom discourse approach

**Keep CALM and Teach** 2018-08-29 whether it is earning a ged a particular skill or technical topic for a career taking classes of interest or even returning to begin a degree program or completing it adult learning encompasses those beyond the traditional university age seeking out education this type of education could be considered non traditional as it goes beyond the typical educational path and develops learners that are self initiated and focused on personal development in the form of gaining some sort of education essentially it is a voluntary choice of learning throughout life for personal and professional development while there is often a large focus towards k 12 and higher education it is important that research also focuses on the developing trends technologies and techniques for providing adult education along with understanding lifelong learners choices developments and needs the research anthology on adult education and the development of lifelong learners focuses specifically on adult education and the best practices services and educational environments and methods for both the teaching and learning of adults this spans further into the understanding of what it means to be a lifelong learner and how to develop adults who want to voluntarily contribute to their own development by enhancing their

education level or knowledge of certain topics this book is essential for teachers and professors course instructors business professionals school administrators practitioners researchers academicians and students interested in the latest advancements in adult education and lifelong learning

*Email Pragmatics and Second Language Learners* 2021-10-15 increase student engagement and decrease dropouts student engagement is a defining factor for student success however a lack of consensus on the definition of engagement makes this difficult but it can be made easier with a common engagement literacy a simple understanding of how to maximize engagement in any school this book offers the first comprehensive system for defining engagement and optimizing it in any student cohort content includes how to optimize teacher feedback methods for maximum engagement the power of mindset for both educators and students key vocabulary terms for furthering the engagement process

*Input for Instructed L2 Learners* 2007-01-10 this book closes the gap between theory and classroom application by capitalizing on learners individuality in second or foreign language learning the book examines the existing literature and theoretical underpinnings of each of the most prominent learner characteristics including anxiety beliefs cognitive abilities motivation strategies styles and willingness to communicate this strong foundation coupled with the wide variety of activities that are suggested at the end of each chapter arms the reader with ideas to conquer the problems created by negative affect and to capitalize on positive facilitative emotions the tasks are unrestricted by language and can be modified for use with technology emergent learners and large classes making this book a useful resource for both in service teachers and pre service teachers in university language teacher education programs

**Research Anthology on Adult Education and the Development of Lifelong Learners** 2021-03-19 silva mathematics education san jose state u provides an expanded framework of understanding for k 6 educators and educational specialists to use when teaching students who are having difficulties learning mathematics

**The Clarity Series: Creating Passionate Learners** 2015-06-09 this research collection presents a critical review of the materials used for learning english around the world the first section includes a discussion of materials for specific learners and purposes such as young learners self study academic writing and general proficiency the second section presents a detailed study of the materials used in europe asia north america south america africa and australia and critically evaluates their effectiveness in the teaching of english to speakers of other languages taking both the teacher s and the learner s needs into consideration the book makes a positive contribution to the future of research in materials development and has practical applications this comprehensive critical analysis of materials in use around the world will be useful for academics researching materials development and applied linguistics and for students on post graduate applied linguistics and elt courses

*Capitalizing on Language Learners' Individuality* 2013-12-11 this is a practical guide to the use of simulation in emergency medicine training and evaluation it covers scenario building debriefing and feedback and it discusses the use of simulation for different purposes including education crisis resource management and interdisciplinary team training divided into five sections the book begins with the historical foundations of emergency medicine as well as education and learning theory in order to effectively relay different simulation modalities and technologies subsequent chapters feature an extensive number of practical scenarios to allow readers to build a curriculum these simulations include pediatric emergency medicine trauma disaster medicine and ultrasound chapters are also organized to meet the needs of readers who are in different stages of their education ranging from undergraduate students to medical directors the book then concludes with a discussion on the future and projected developments of simulation training comprehensive healthcare simulation emergency medicine is an invaluable resource for a variety of learners from medical students residents and practicing emergency physicians to emergency medical technicians and health related professionals

**Advances in Quantitative Ethnography** 2004 the fast evolution of education and the expansion of internet resources necessitate increasingly advanced tools and methodologies enabling virtual conversations for knowledge dissemination community development and connection might promote an explorative strategy teachers trainers and facilitators must create compelling virtual learning critical questions how can companies engage online learners how can educators improve virtual learning a system can undergo substantial alterations when technology is employed as a tool or function e learning and m learning offer new interaction options for learners trainers and stakeholders innovative technologies can encourage new educational alternatives against conservatism you ve been waiting for revolutionizing the online learning journey 1500 ways to increase engagement this practical guide is for instructors instructional designers professional trainers consultants and others directly involved in teaching producing and leading online learning the authors data will reveal a wealth of methods that may make virtual meetings interesting inclusive and inventive for all participants this book offers several ideas and tools that may be simply integrated to keep learners engaged and make learning sessions more engaging you ll also learn about new learning tools like virtual reality and artificial intelligence to expand your possibilities

**Teaching Inclusive Mathematics to Special Learners, K-6** 2008-03-17 revised and updated edition helps educators increase rigor and depth for all advanced and gifted learners to fulfill their potential with increasing numbers of students receiving gifted services every year it s more important than ever for differentiated instruction to go beyond adjusting content levels task complexity or product choice it must truly challenge and support learners on all levels academic social and emotional this award winning resource in the field of gifted education has been revised and updated to include a discussion of underserved learners particularly english language learners students with autism spectrum disorder asd and economically disadvantaged students updated information on learning standards mtss and universal screening new guidelines for honors courses a focus on scholarly questioning ethics and empathy a novel new strategy to increase curricular depth and complexity information on learning orientations new research on neurological differences of gifted learners the pros and cons of co teaching and how to assess its progress new tools to increase achievement plus a discussion of underlearning the benefits of coaching and lesson study the authors perspectives on and guidelines for grading downloadable digital content includes customizable reproducible forms and a pdf presentation a free plc book study guide for use in professional development is also available

*English Language Learning Materials* 1975 as with any industry the education sector goes through frequent changes due to modern technological advancements it is every educator s duty to keep up with these shifting requirements and alter their teaching style to best fit the needs of their classroom pre service and in service teacher education concepts methodologies tools and applications explores the current state of pre service teacher programs as well as continuing education initiatives for in service educators it also emphasizes the growing role of technology in teacher skill development and training as well as key pedagogical developments and methods highlighting a range of topics such as teacher preparation programs teaching standards and fieldwork and practicum experiences this multi volume book is designed for pre service teachers teacher educators researchers professionals and academics in the education field

RISE 2021-02-11 this book is about mathematics teaching and learning in africa during the fourth industrial revolution the fourth industrial revolution 4ir has evolved to utilize new technologies in the teaching and learning of mathematics it is characterized by the fusion of the biological physical and digital worlds and embodies a new era of innovation in mathematics education leading to the rapid emergence of new technologies for mathematics teaching and learning because 4ir in mathematics education is happening differently in various parts of africa the authors of the various chapters in this volume have positioned their work in their respective local contexts the chapters address a wide variety of interests concerns and implications regarding 4ir and mathematics education in africa additionally a number of chapters address teaching mathematics in the context of the covid 19 pandemic that has gripped the world other chapters discuss the implications of inequalities in africa that effect mathematics education during 4ir chapters also incorporate arguments observations and suggestions to improve and transform the teaching and learning of mathematics in africa during the 4ir this book highlights a new era of innovation in mathematics education in the context of the fourth industrial revolution leading to the rapid emergence of new technologies in mathematics teaching and learning it is a valuable resource for graduate students people with research interests in the fourth industrial revolution and mathematics educators at any level including all mathematics teachers mathematics education curriculum designers and policymakers
