The Nation-state and Global Order 2004

opello rosow argue that the current neoliberal state does not represent a new form but is an attempt to reconstitute the managerial state in the context of globalization

Global Order 1994

a survey of international relations this benchmark text explains concepts of global order from the westphalian system to current issues in international relations in this latest edition lynn miller covers new developments in ethnic violence economic development human rights intervention and environmental issues he also discusses the developments and choices in the post cold war era posing alternative new world order scenarios that emphasize improving the world s ability to engage in peacekeeping in light of the gulf war and other recent conflicts the text advocates critical world order values and proposes means for minimizing violence maximizing economic well being enhancing human rights and protecting the environment

Theorizing Global Order 2018-01-11

despite its prominent place in contemporary political discourse and international relations the idea of the global order remains surprisingly sketchy though it s easy to identify the nations and actors who comprise the major players but pinning down concrete definitions can be more difficult this book not only clarifies a number of related key terms including the use of international versus global and system versus order but also offers a variety of perspectives for theorizing global order

Global Order 1990-03-15

powerful passionate and highly topical critique of humanitarian intervention international political theorist with eight top selling books whoever invokes humanity wants to cheat in this first time translation in english danilo zolo considers carl schmitt s maxim in the context of the humanitarian war waged against the federal republic of yugoslavia in the spring of 1999 by 19 nato countries this erudite and disturbing book is a political legal and philosophical reflection on an extraordinary display of western power and its present and future impact on the global system of international relations zolo s account of the war is located within the context of the irresistible drive of globalization which he argues brings economic financial and military ecological and ethnic religious turbulence in its wake not only the future of the balkan region he suggests is at stake here but the fate of international law the future role of the united nations and the political destiny of europe

Invoking Humanity 2002-08-01

why is the atlantic slowly filling with crude petroleum threatening a millions of years old ecological balance why did traders at prominent banks take high risk gambles with the money entrusted to them by hundreds of thousands of clients around the world expanding and leveraging their investments to the point that failure led to a global financial crisis that left millions of people jobless and hundreds of cities economically devastated why would the world s most powerful military spend ten years fighting an enemy that presents no direct threat to secure resources for corporations the culprit in all cases is neoliberal ideology the belief in the supremacy of free markets to drive and govern human affairs and in the years since the initial publication of noam chomsky s profit over people neoliberalism and global order the bitter vines of neoliberalism have only twisted themselves further into the world economy obliterating the public s voice in public affairs and substituting the bottom line in place of people s basic obligation to care for one another as ends in themselves in profit over people chomsky reveals the roots of the present crisis tracing the history of neoliberalism through an incisive analysis of free trade agreements of the 1990s the world trade organization and the international monetary fund and describes the movements of resistance to the increasing interference by the private sector in global affairs in the years since the initial publication of profit over people the stakes have only risen now more than ever profit over people is one of the key texts explaining how the crisis facing us operates and how through chomsky s analysis of resistance we may find an escape from the closing net

Profit Over People 1998-12-08

this book provides a critical examination of the foreign policy choices of one typical small state new zealand as it faces the changing global balance of power new zealand s foreign policy challenges are similar with those faced by many other small states in the world today and are ideally suited to help inform theoretical debates on

the role of small states in the changing international system the book analyses how a small state such as new zealand is adjusting to the changing geopolitical geo economic environment the book includes perspectives from some of new zealand s leading as well as emerging commentators on new zealand foreign policy

Small States and the Changing Global Order 2019-08-01

this handbook fills a large gap in the current knowledge about the critical role of africa in the changing global order by connecting the past present and future in a continuum that shows the paradox of existence for over one billion people the book underlines the centrality of the african continent to global knowledge production the global economy global security and global creativity bringing together perspectives from top africa scholars it actively dispels myths of the continent as just a passive recipient of external influences presenting instead an image of an active global agent that astutely projects soft power unlike previous handbooks this book offers an eclectic mix of historical contemporary and interdisciplinary approaches that allow for a more holistic view of the many aspects of africa s relations with the world

The Palgrave Handbook of Africa and the Changing Global Order 2021-11-22

describes the changing global structure at the beginning of the twenty first century posits the end of the current world order the decline of the nation state and the rise of globalization examines the increasing influence of transnational corporations in national economies the growing recognition of intergovernmental organizations to defend human rights and the capacity of civil society networks to raise public awareness and effect change

Global Order and Global Disorder 2003-05-30

opello rosow argue that the current neoliberal state does not represent a new form but is an attempt to reconstitute the managerial state in the context of globalization

The Nation-State and Global Order: A Historical Introduction to Contemporary Politics, 2nd Ed.. 2009

the re emergence of the city from the long shadow of the state in the late twentieth century was facilitated by the state itself the unprecedented size and scale of today s global cities and mega cities owe their conditions of possibility to a fundamental shift in the character of political order at the level of the international system this book argues that we must understand the rise of the global city as part of a wider process of the transformation of international political order and of the character of international society global cities are an inscription of the ideals of a market society in space constructed and defended at the level of international society they embody the ascendance of a set of liberal principles at a certain moment in history a moment related to the hegemonic status of leading states in the second half of the twentieth century and the ability of those states to shape international norms but the evolution of these urban forms has also reflected the tendency for deregulated markets to generate inequality and polarisation these features are also inscribed in the spaces of global cities global cities focus and amplify the tensions and contradictions within the contemporary international system and become key strategic sites for struggles over social justice and the character of political life in the twenty first century global cities and global order demonstrates the significance of the re emergence of cities from the long shadow of the nation state is far reaching only by examining the mechanisms by which cities have become empowered in the last few decades can we understand their new functions and capabilities in global politics

Global Cities and Global Order 2016

a survey of international relations this benchmark text explains concepts of global order from the westphalian system to current issues in international relations in this latest edition lynn miller covers new developments in ethnic violence economic development human rights intervention and environmental issues and discusses the potential developments and choices in the post cold war era posing alternative new world order scenarios that emphasize improving the world s ability to engage in peacekeeping in light of the gulf war and other recent conflicts the text advocates critical world order values and proposes means for minimizing violence maximizing economic well being enhancing human rights and protecting the environment

Global Order 2018-03-05

two experts in the field of international relations and the east asian region explore the global implications of the relationship between the united states and china provided by publisher

China, the United States, and Global Order 2011

this book argues that transparency is a concept that has gained increasing currency and favour as an organizing principle and administrative goal in recent years calls for transparency have been directed towards states markets corporations and national political processes as well as towards large institutions such as the european union focusing on empirically rich case studies the contributors explore the ideas and practices of transparency in different contexts encouraging a discussion of the many facets of the term and its strengths ambiguities and limitations they aim to shed light on the powerful global discourse and practices contained in the concept and to fill a gap in the literature since few attempts have until now been made to examine the actual content and

practice of transparency also discussed are the complex negotiations through which it is determined what should be displayed and what should remain hidden the uses of power and control and the processes through which transparency is or is not achieved this analysis of the concepts models and metaphors that guide and shape organizational social and aesthetic practices today will provide a much needed contribution to the literature for academics researchers and students focusing on these areas

Transparency in a New Global Order 2008-01-01

the re emergence of the city from the long shadow of the state in the late twentieth century was facilitated by the state itself the unprecedented size and scale of today s global cities and mega cities owe their conditions of possibility to a fundamental shift in the character of political order at the level of the international system this book argues that we must understand the rise of the global city as part of a wider process of the transformation of international political order and of the character of international society global cities are an inscription of the ideals of a market society in space constructed and defended at the level of international society they embody the ascendance of a set of liberal principles at a certain moment in history a moment related to the hegemonic status of leading states in the second half of the twentieth century and the ability of those states to shape international norms but the evolution of these urban forms has also reflected the tendency for deregulated markets to generate inequality and polarisation these features are also inscribed in the spaces of global cities global cities focus and amplify the tensions and contradictions within the contemporary international system and become key strategic sites for struggles over social justice and the character of political life in the twenty first century global cities and global order demonstrates the significance of the re emergence of cities from the long shadow of the nation state is far reaching only by examining the mechanisms by which cities have become empowered in the last few decades can we understand their new functions and capabilities in global politics

Global Cities and Global Order 2016-11-17

this volume elucidates and evaluates the role of religion and theology in the contemporary conception of the question of global order it also assesses the influence of religion on the conduct of international relations

Nation-State And Global Order 2Nd/Edition 2005-01-01

this book examines the foundations of china s grand strategy as it is critical to any assessment of current and future chinese regional and global strategic behavior especially beijing s policies toward the usa this eclectic study aims to analyze the current chinese and american flexible grand strategies based on present complexity and disorder it identifies the major building blocks of both strategies their major material and ideational drivers and assesses how they might evolve in the future additionally the author looks at china s relations with important international players such as russia asean un eu and brics

Religion and Global Order 2000

global and domestic policies and the rapid processes of economic globalisation have led to burgeoning levels of inequality drawing upon insights from critical international relations theory this book explores how global justice movements use socioeconomic rights to challenge neo liberal global governance

China's Rise to Power in the Global Order 2021-02-13

this book presents different views on nuclear disarmament and arms control and a brief history of nuclear non

proliferation policy and the nuclear test ban issue it describes the preparations for and results of the 1990 non proliferation treaty review conference and the 1991 partial test ban treaty amendment conference with a view to 1995 it assesses the chances for consensus or dissension regarding regarding nuclear proliferation and the test ban and the prospects for an extension of npt it concludes by examining the future and the threat of a new north south divide over these issues

Contesting World Order? 2017-04-13

since 9 11 policy makers and observers have questioned whether america should don the mantle of empire for the sake of world peace or whether peace will come through world government locating global order questions the very idea that the political order is hierarchical with state and international institutions at the top and groups and individuals at the bottom chapters examining various case studies on canada s role in the construction and maintenance of order domestically and internationally reveal that the global order post 9 11 is not exclusively american allied powers are a key component of its hegemony

Nuclear Non-proliferation and Global Order 1994

formal political structures have produced little more than electoral democracy in africa without tackling the problems of poverty and elite exploitation this book looks at the opportunities for and limitations of voluntary bodies in seeking a more just order at both african and global levels

Global Order 1994-01-04

this book offers an empirically rich study of chinese nuclear weapons behaviour and the impact of this behaviour on global nuclear politics since 1949 china s behaviour as a nuclear weapons state is a major determinant of global and regional security for the united states there is no other nuclear actor with the exception of russia that matters more to its long term national security however china s behaviour and impact on global nuclear politics is a surprisingly under researched topic existing literature tends to focus on narrow policy issues such as misdemeanours in china s non proliferation record the uncertain direction of its military spending and nuclear force modernization or enduring opaqueness in its nuclear policy this book proposes an alternative context to understand both china s past and present nuclear behaviour its engagement with the process of creating and maintaining global nuclear order the concept of global nuclear order is an innovative lens through which to consider china as a nuclear weapons state because it draws attention to the inner workings institutional and normative that underpin nuclear politics it is also a timely subject because global nuclear order is considered by many actors to be under serious strain and in need of reform indeed today the challenges to nuclear order are numerous from iranian and north korean nuclear ambitions to the growing threat of nuclear terrorism this book considers these challenges from a chinese perspective exploring how far beijing has gone to the aid of nuclear order in addressing these issues

Locating Global Order 2010-10-19

democracy is the most potent political idea in the world today yet the future of democracy is increasingly uncertain key assumptions of democratic thinking and practice are being undermined by diverse sites of social economic power on the one hand and by dense networks of regional and global interconnectedness on the other states and societies are enmeshed in webs of international conditions and processes as never before democracy

and the global order offers a highly original and systematic account of these issues part i assesses the traditional conceptions of democracy part ii traces the rise and displacement of the modern nation state in the context of the interstate system and the world economy part iii explores the theoretical bases of democracy and of the democratic state and the profound changes these concepts must undergo if they are to retain their relevance in the century ahead finally part iv champions a cosmopolitan model of democracy a new conception of democracy for a new world order

NGOs, Africa and the Global Order 2015-12-04

today the debate on world order is intense as is always the case in times of transition the global restructuring of international affairs is generating a deep reflection on how the world is and how it should be reorganized after the long frozen period of the cold war and the subsequent years marked by us unipolarism the world has begun the new millennium with profound shifts the relative decline of the usa the crisis in the european union the consolidation of the bric emerging economies and the diffusion of the power to non state actors all constitute significant elements that demand a new conceptualization of the rules of the global game in this pluralist and changing context a number of different narratives are presented by the key actors in the international system this book analyses these narratives in comparative terms by putting them in the wider framework of the transformation in global governance

China and Global Nuclear Order 2015-02-12

how is the world organized politically how should it be organized what forms of political organization are required to deal with such global challenges as climate change terrorism or nuclear proliferation drawing on work in international law international relations and global governance this book provides a clear and wide

ranging introduction to the analysis of global political order how patterns of governance and institutionalization in world politics have already changed what the most important challenges are and what the way forward might look like the first section develops three analytical frameworks a world of sovereign states capable of only limited cooperation a world of ever denser international institutions embodying the idea of an international community and a world in which global governance moves beyond the state and into the realms of markets civil society and networks part ii examines five of the most important issues facing contemporary international society nationalism and the politics of identity human rights and democracy war violence and collective security the ecological challenge and the management of economic globalization in a highly unequal world part iii considers the idea of an emerging multi regional system and the picture of global order built around us empire the conclusion looks at the normative implications if international society has indeed been changing in the ways discussed in this book what ought we to do and still more crucially who is the we that is to be at the centre of this drive to create a morally better world this book is concerned with the fate of international society in an era of globalization and the ability of the inherited society of sovereign states to provide a practically viable and normatively acceptable framework for global political order it lays particular emphasis on the different forms of global inequality and the problems of legitimacy that these create and on the challenges posed by cultural diversity and value conflict

God and Global Order 2010

this study looks at the underlying foundations of global order putting aside mainstream institutionalist approaches in showing how china and the us are engaged in an intense process of contestation and renegotiation of an institutionalized order that has long been taken for granted

Democracy and the Global Order 1995

this book depicts the challenges associated with the emergence of a new global order in which patterns of conflict and the role of traditional military power are in the process of radical flux our ideas about global order have yet to catch up with these new behavioral trends including the rise of non state transnational political actors in the context of neoliberal globalization in this historical setting the modern territorial sovereign state is confronted by multiple challenges ranging from climate change to mass migration to transnational political extremism the existing global order seems currently overwhelmed by these challenges resulting in widespread stress and chaos that is transforming global security in ways that endanger democratic governance the future will be determined by whether the peoples of the world make their weight felt in support of sustainable global justice and overcome the impact of oppressive and exploitative patterns of corporate and state behavior it is this problematic set of circumstances that power shift addresses

Still a Western World? Continuity and Change in Global Order

2016-08-05

the transformation of the bric acronym from an investment term into a household name of international politics and into a semi institutionalized political outfit called brics with a capital s is one of the defining developments in international politics in the past decades while the concept is now commonly used in the general public debate and international media there has not yet been a comprehensive and scholarly analysis of the history of the brics term the brics and the future of global order second edition offers a definitive reference history of the brics as a term and as an institution a chronological narrative and analytical account of the brics concept from its inception in 2001 to the political grouping it is today in addition it analyzes what the rise of powers like brazil

russia india china and south africa means for the future of global order will the brics countries seek to establish a parallel system with its own distinctive set of rules institutions and currencies of power rejecting key tenets of liberal internationalism are will they seek to embrace the rules and norms that define today s western led order

On Global Order 2007-11-09

The Transition of Global Order 2015-03-17

networks are thriving in global politics some bring policy makers from different countries together to share problems and to forge possible solutions free from rules of representation decision making and transparency which constrain more formal international organizations this book asks whether developing countries can benefit from such networks or are they safer to conduct their international relations in formal institutions the answer varies the key lies in how the network is structured and what it sets out to achieve this book presents a fascinating account of how some networks have strengthened the position of developing country officials both at home and in their international negotiations equally it points to conditions which make it perilous for developing countries to rely on networks

Power Shift 2016-07-15

peace operations and global order investigates the changing role of peacekeeping and competing perspectives about what that role should be

The BRICS and the Future of Global Order 2020-02-03

this volume offers a comprehensive evaluation of the concept of global order with a particular emphasis on the role of regional organisations within global governance institutions such as the united nations building from a solid theoretical base it draws upon the expertise of numerous leading international scholars offering a broad array of timely and relevant case studies these all take into consideration the historical setting before analysing the contemporary situation and offering suggestions for potential realignments and readjustments that may be witnessed in the future the volume adopts an interdisciplinary approach when addressing some of the most pressing issues of global governance which our global community must tackle this presents the readers an opportunity to understand related topics such as political economy international law institutions of global governance in conjunction with the academic field of international relations it further helps students and interested readers understand the theoretical and practical foundations to the changing nature of global affairs

□□□□□□□□□□ 2002-06

the rise of china has become a ubiquitous and often menacing term in global politics china s quest for global order from peaceful rise to harmonious world by rosita dellios phd and r james ferguson phd examines how china s leadership has responded to this depiction and the strategic approaches that have been developed to ameliorate threat perceptions rather than simply reassuring others that its rise is peaceful china has taken

proactive steps to reduce possible conflicts beijing seeks to shape the emerging global governance order as both non threatening to itself and productive in transnational problem solving borrowing from its own confucian heritage to promote a harmonious world policy china s contribution to world order is likely to be more robust than the responsible stakeholder epithet upon which the west has pinned its collective hopes the book interprets china s quest for global order from chinese perspectives old and new and provides the relevant philosophical and historical background to engage the reader in the ensuing debates the authors also contextualize chinese concepts with those from contemporary international relations strategic studies and systems thinking their resultant contributions to existing analyses include the notion of confucian geopolitics and the interplay between strategic theatres of cooperation and protection

Networks of Influence? 2009-05-14

power wealth and global order covers all important aspects of international relations the actors the dynamics of their interaction across national boundaries and the structures generated by these interactions

Peace Operations and Global Order 2008

and for the larger global order chris seiple president institute for global engagement and publisher of the review of faith international affairs

The Changing Global Order 2021-01-02

this book provides an understanding of russia s geopolitical strategic interests as well as a larger picture of its political realities it shares insights on how to understand and solve the problems affecting us russian relations

and the world the book addresses three primary questions relevant to the current global context will current geopolitical shifts greatly benefit russia s long term global objectives what foreign policy will russia pursue in the middle east and the baltic regions to guarantee the security of its strategic interests and will major powers confront one another over resources that could trigger military conflict or will they choose appeasement to maintain peace and stability in this new era thus the book offers insights into the future geopolitical landscape it therefore is a must read for scholars researchers of international relations and political science as well as professionals practitioners and analysts interested in a better understanding of the changing global order and russia s geopolitical strategic interests
