## **Saint Paul**

saint paul the right man at the right time was written to get a comprehensive biographical sketch of saint paul including his early life his life as a pharisee his direct contact with jesus christ on the damascus road his conversion from the many teachings of the torah and his god given mission as the apostle to the gentiles the times in which he lived proved that god chose him as his apostle due to his brilliance and his ability to communicate in both written and verbal forms not only in hebrew but in the greek language which was important in that historical time his words and letters are as relevant today as they were in the first century of christianity and his teachings are still presented in protestant churches and sermons today my hope is one may read saint paul the right man at the right time and have the ability to teach a basic class on the life of saint paul and encourage students to further their understanding of the importance of this biblical figure the work touches on his theology but i was more intent on giving the reader a personal overview of the man we know as saint paul he very much lived in a time trying to spread a new religion in christ that was very different from the belief systems of the jews and gentiles in the first century

## **Did Jesus Rise from the Dead?**

2016-05-13

the resurrection of jesus is at the very root of christian faith without belief in jesus christianity dies in this thought provoking work matthew leveraging defends the credibility of the claim that jesus rose from the dead drawing on the work of n t wright leveraging shows that the historical evidence vindicates this

assumption and reveals that the gospels were backed by eyewitnesses who were living and telling their stories even during the time of the writing of the gospels the author also emphasises the importance of evaluating the old testament to validate jesus resurrection by highlighting the desire both in the ancient world and now to make the resurrection more comprehensible by spiritualizing it leveraging argues that the fact that the disciples themselves did not do this provides a further clue to reliability finally the author addresses the question of why jesus does not continue to show himself in his glorified flesh after his resurrection which is often seen as a strong case for scepticism however he shows that jesus entire mission is predicated upon helping us to avoid cleaving to the present world over god he is leading us to where he is the kingdom of god the beginning of the new creation at the father s right hand by developing these arguments for the historical reality of jesus resurrection this ground breaking study expertly draws together historical and theological reasons for believing that jesus resurrection happened
