over 7 volumes growing up in a sicilian family with most of its members born and raised in america jeannine was eager to grasp a deeper understanding of her true heritage not the americanized version she d known that her maternal grandparents giuseppe ferro and angela luca had immigrated to the united states to waltham massachusetts where her mother was raised but she hadn t known from where why or when they d arrived she d begun her quest for answers on ellis island and from there her grandparents journey had become her journey as she d traced their paths by going to sicily herself to learn about their lives there and what made them leave to her surprise jeannine found more than their childhood villages of ucria and bronte she d discovered more ferro cousins in ucria when jeannine found a door she d enlisted the help of the new england historic genealogical society for a quick lesson in ancestry research which led her as far back as her three times great grandparents from that point she built her family tree and returned to her cousins in ucria to experience her true authentic heritage through legal documents she d followed her grandparents and other ferro ancestors who emigrated to waltham with them and chronicled the changes in their family lives in america not necessarily for betterment she d learned from medical transcripts of a dramatic twist in her grandfather s life as a patient in an insane asylum while jeannine had opened the door to her ancestry she d bridged a gap between the ferro family of the past and present and the miles between ucria and waltham if i can just hold on a little longer if i can just survive my secret maybe i can salvage my future too i don t deserve a second chance but if i ve got one there s no way i m wasting it on a player like pete
