## **Using Language Learning Materials 2022-07-15**

this book presents an analysis of how speakers of typologically diverse languages report present time situations it begins from the assumption that there is a restriction on the use of the present tense to report present time dynamic perfective situations while with stative imperfective situations there are no such alignment problems astrid de wit brings together cross linguistic observations from english french the english based creole language sranan and various slavic languages and relates them to the same phenomenon the present perfective paradox the proposed analysis is founded on the assumption that there is an epistemic alignment constraint preventing the identification and reporting of events in their entirety at the time of speaking this book discusses the various strategies that the aforementioned languages have developed to resolve this conceptual difficulty and demonstrates that many of the features of their tense aspect systems can be regarded as the result of this conflict resolution it also offers cognitively plausible explanations for the conceptual structures underlying the interactions attested between tense and aspect

## **World Englishes 2016-05-25**

this volume features new and groundbreaking research on recent changes in the english verb phrase

## **English Historical Linguistics 2006 2008-07-09**

english and its teachers offers a historical overview of the development of secondary english teaching in schools over the past 50 years initially charting the rise of a new progressive approach in the 1960s the book then considers the implications for the subject and its teachers of three decades of central policy intervention throughout document and interview data are combined to construct a narrative that details the fascinating and at times turbulent history the book is divided into two main parts the age of invention and the age of intervention the first of these sections details how innovative english teachers and academics helped to develop a new model the second section explores how successive governments have sought to shape english through policy a final part draws comparisons with the teaching of the subject in other major english speaking nations and considers what the future might hold english and its teachers is a valuable resource for those interested in the teaching of english in secondary schools from new entrants to the profession to experienced teachers and academics working in the sector

## **English Historical Linguistics 2006: Syntax and morphology 2008**

issues in english teaching invites primary and secondary teachers of english to engage in debates about key issues in subject teaching the issues discussed include the increasingly centralised control of the curriculum assessment and pedagogy in the school teaching of english in england and wales as a result of initiatives such as the national literacy strategy new technologies which are transforming pupils lived experience of literacy or literacies the accelerating globalisation of english and the independence of other versions of english from english standard english a national curriculum with a nationalist perspective on language literacy and literature cannot fully accommodate english what has become naturalised and normalised in english teaching and the educational and ideological reasons for this hierarchies that have been created in the curriculum and pedagogy identifying who and what has been given low status excluded or marginalised in the development of the current model of english issues in english teaching will stimulate student teachers nqts language and literacy coordinators classroom english teachers and aspiring or practising heads of english to reflect on the identity or the subject the principles and policies which have determined practice and those which should influence future practice
