**Daily Living Inspired by the Word for Today** 2019-06-12 hatred stirs up dissension but love covers all wrongs proverbs 10 12 true love forgives regardless of the contravention because it transcends mistreatment so what is your process for forgiveness is it conditional based on the way you are treated or is it unconditional hatred has no hope but to stir up discord and rally a defense however love looks at being wronged as an opportunity to replace insult with encouragement love seeks to lead everyone into a better place of health and happiness indeed hatred is not at home in a heart of love it sows dissension while love plants peace it embraces aggression while love cuddles compassion hate stirs up but love calms down how do you handle those who are hard to be around perhaps out of love you serve them its better to seek to serve rather than be served the many trials and tribulations rahdaya has encounter in her life she chooses to seek the word daily to help her understand who she is or was she believes that if it had not been for the word she may not be where she is today life will teach us many things including love and hatred she could have hated those who brought harm to her yet she decided to love them where they were and through prayer and forgiveness she is able to move on with her life without hatred in her heart her story in this book is not about what she went through but how she got through follow rahdaya on twitter rahdayapeace

A Daily Key for Today's Christians 1994 law and ethics for today's journalist offers aspiring and working journalists the practical understanding of law and ethics they must have to succeed at their craft instead of covering every nuance of media law for diverse communications majors mathewson focuses exclusively on what's relevant for journalists even though media law and media ethics are closely linked together in daily journalistic practice they are usually covered in separate volumes mathewson brings them together in a clear and colourful way that practicing journalists will find more useful everything a journalist needs to know about legal protections limitations and risks inherent in workaday reporting is illustrated with highlights from major court opinions mathewson advises journalists who must often make ethical decisions on the spot with no time for the elaborate multi faceted analysis the book assigns to journalists the hard decisions on ethical questions such as whether to go undercover or otherwise misrepresent themselves in order to get a big story the ethics chapter precedes the law chapters because ethical standards should underlie a journalist's work at all times there may be occasions when ethics and law are not parallel thus calling for the journalist to make a personal judgment law and ethics for today's journalist is user friendly written in clear direct understandable language on issues that really matter to a working journalist supplementary reading of the actual court cases is recommended and links to most cases are provided in the text the text includes a fine but purposely not exhaustive bibliography listing important and useful legal cases including instructive appellate and trial court opinions state as well as federal
