this book explores in depth six gospel scenes so as to discover in these the essential elements of christian discipleship it describes the basic

requirements for receiving the word of god effectively in our hearts namely that we become wet clay in god s hands so that god can impress upon us any form he chooses it also contemplates the vital position of the mother of the lord in the life of his disciples the author shows that the call to discipleship is above all an invitation to intimate companionship with jesus as we read in mark jesus called to him those whom he desired in order that they might be with him 3 14 15 what we normally call the active apostolate can never be an end in itself but only the fruits of a life of prayer and adoration these are what must be at the heart of a disciple s life which can never be swept up by mere activism

follow my example as i follow the example of christ 1 corinthians 11:1  
niv jesus walked the shores of galilee and called ordinary fishermen to drop their nets to follow him follow me wasn't a suggestion but a summons from the very son of god in response they left everything known and comfortable to live with jesus learn from jesus be launched by jesus to go and make disciples in his name their lives and this world has never been the same jesus still calls ordinary people by name to follow him the problem is many

churches today are filled with people who claim to believe in jesus but whose lives don't reflect his character and calling many fans few followers many believers few disciples that needs to change which is why the leaders of grace church focused their efforts in 2010 to launch the way of discipleship to aggressively respond to the great commission to go and make disciples of all nations the way of discipleship is a time bound intentional relationship focused on learning and embracing 11 essential practices to following jesus christ the way of discipleship is engages one person a discipler who invites another person a disciple to follow them as they follow christ the way of discipleship shapes our character who we are and our calling what we do like a tree the way of discipleship roots us in christ provides stability to weather the storms of life and branches out to bear fruit in our lives this resource is a tool to facilitate this relationship over a period of one to three years to integrate these practices into one's life and prepare the disciple to replicate it into another relationship it will be costly but the cause is worth it more than anything else the world has to offer
