Essential Writings of Meredith G. Kline 2022-05-03

the scholarship of meredith g kline 1922 2007 was characterized by a very high view of scripture a strong commitment to a reformed view of biblical theology centered on covenant explication of the coherence of the old and new testaments and most of all a desire to focus the attention of both scholars and lay christians on the centrality of christ s redemptive work of justifying his people and imbuing them with his perfect righteousness kline s writings are often quite creative and full of fresh insights thoroughly intellectual but also pastoral and they have provided many with the exciting energizing feeling that they are reading and understanding the biblical text and how scripture in its entirety hangs together for the first time essential writings of meredith g kline presents sixteen articles that meredith g kline wrote over a period of forty years the articles display the unique creative and christocentric way in which kline interpreted the entire bible they cover a range of topics thereby providing a good overview of kline s scholarship topics include covenant law and the state faith the gospel and justification redemption and resurrection and the consummation pastors and scholars especially those in the reformed community will be delighted by the fresh insights and wisdom and sometimes paradigm changing perspectives found in the pages of this book meredith g kline 1922 2007 was a professor of old testament for fifty five years teaching at four seminaries westminster theological seminary in philadelphia gordon conwell theological seminary reformed theological seminary and westminster theological seminary in california he was also an ordained minister in the orthodox presbyterian church

William James 1971

the importance of this collection of writings of william james lies in the fact that it has been arranged to provide a systematic introduction to his major philosophical discoveries and precisely to those doctrines and theories that are of most burning current interest william james the essential writings is a series of philosophical arguments on some of the most obscure and head cracking problems in contemporary philosophy the relation of thought to its object the interrelationships between meaning and truth the levels and structures of experience the degrees of reality the nature of the embodied self the relation of ethics aesthetics and religious experience to man s strenuously and heroically active nature and above all the structurization of the experienced life world as the validating ground and origin of all theory bruce wilshire has provided an introduction to william james s thought on these and other related points which is at once both substantial and subtle

Essential Writings 2010

Essential Writings of William D. Gann 2013-10

the first english language translation of the hebrew essays and sermons of rabbi aaron samuel tamaras 1869 1931 an orthodox rabbi he served as a delegate to the fourth world Zionist congress in 1900 after which renounced nationalism and embraced pacifism as a central Jewish teaching readers may not always agree with him but they will respect his deep thoughtful insights this volume also includes a translation of a lengthy Yiddish language autobiographical essay rabbi tamaras wrote toward the end of his life the essay was translated by ri j turner tzemah yoreh also contributed to the translations in this volume rabbi everett gendler has been bringing rabbi tamaras to the attention of English readers for more than 50 years a trailblazing environmentalist peace activist and unwavering proponent of social justice he was ordained by the Jewish Theological Seminary in 1957 rabbi gendler led congregations throughout Latin America before serving Jewish communities in New Jersey and Massachusetts he served as the first Jewish chaplain at Phillips Academy Andover he was recently awarded the President's Medallion from the Hebrew Union College Jewish Institute of Religion in recognition of a lifetime commitment to social justice and environmentalism a collection of rabbi gendler's writings was published in 2015 as Judaism for Universalists

A Passionate Pacifist 2023-12-31

although auguste comte is conventionally acknowledged as one of the founders of sociology and as a key representative of positivism few new editions of his writings have been published in the english language in this century he has become virtually dissociated from the history of modern positivism and the most recent debates about it gertrud lenzer maintains that the work of comte is for better or for worse essential to an understanding of the modern period of positivism this collection provides new access to the work of comte and gives practitioners of various disciplines the possibility of reassessing concepts that were first introduced in comte s writings today much of the ordinary business of academic disciplines is conducted under the assumption that the realm of science is essentially separate from the realms of politics and science a close reading of comte will reveal how deeply such current ideas and theories were originally embedded in a particular political context one of his central methodological principles was that the theory of society had to be removed from the arena of political practice precisely in order to control that practice by means of these same sciences it is in comte s work that the reader will be able to observe how the forces of social and political reaction began to be powerfully organized to combat the critical forces in its own and later eras auguste comte and positivism will be of importance to the work of philosophers sociologists political theorists and historians

Essential Writings 2012-12

the importance of this collection of writings of william james lies in the fact that it has been arranged to provide a systematic introduction to his major philosophical discoveries and precisely to those doctrines and theories that are of most burning

current interest william james the essential writings is a series of philosophical arguments on some of the most obscure and head cracking problems in contemporary philosophy the relation of thought to its object the interrelationships between meaning and truth the levels and structures of experience the degrees of reality the nature of the embodied self the relation of ethics aesthetics and religious experience to man s strenuously and heroically active nature and above all the structurization of the experienced life world as the validating ground and origin of all theory bruce wilshire has provided an introduction to william james s thought on these and other related points which is at once both substantial and subtle
