**A Thousand Mile Walk to the Gulf** 2021-02-11 in early march 1867 muir was injured while working at a wagon wheels factory a tool he was using slipped and struck him in the eye this accident changed the course of his life he was confined to a darkened room for six weeks worried he d lost his sight forever when he did recover the world looked completely different and life had taken on a new meaning for him muir later said this affliction has driven me to the sweet fields god has to nearly kill us sometimes to teach us lessons from that point on he determined to be true to myself and follow his dream of exploring and studying plants a thousand mile walk to the gulf recounts muir s walk of approximately 1 000 miles 1 600 km from indiana to florida he did not follow a specific route only going by the wildest leafiest and least trodden way i could find this journal is the earliest of muir s writings and autobiographically bridges the period between the story of my boyhood and youth and my first summer in the sierra john muir 1838 1914 was a scottish american author and naturalist who is traditionally considered to be the father of the national parks born in dunbar east lothian he spent his childhood exploring the area and that is where his love of nature first bloomed in 1849 his family emigrated to portage wisconsin for religious

reasons at 22 he joined the university of wisconsin madison from which he never graduated as he preferred to take a multitude of different classes in the variety of subjects he was interested in such as chemistry botany and geology in 1866 whilst working at an indianapolis wagon wheel factory he got into a serious accident and almost lost his sight when he recovered he decided to follow his dreams and explore nature in september 1867 he walked from kentucky to florida later describing the trip in his a thousand mile walk to the gulf in 1868 he boarded a ship to cuba then later on sailed to new york city from whence he travelled to california from there he decided to visit yosemite which he had long read about he was one of the first to infer that the landscape there must have been formed by glaciers a widely disputed theory at the time muir wrote countless essays books and letters recounting his adventures out in nature especially in the sierra nevada which have been read by millions he played a vital role in the preservation of natural areas and the creations of yosemite and sequoia national park amongst many others

**Thousand-mile Walk to the Gulf** 1901 the world we are told was made especially for man a presumption not supported by all the facts

*A Thousand-Mile Walk to the Gulf: Illustrated* 2018-03-07 john muir

earth planet universe these words are written on the inside cover of the notebook from which the contents of this volume have been taken they reflect the mood in which the late author and explorer undertook his thousand mile walk to the gulf of mexico a half century ago no less does this refreshingly cosmopolitan address which might have startled any finder of the book reveal the temper and the comprehensiveness of mr muir s mind he never was and never could be a parochial student of nature

A Thousand-Mile Walk to the Gulf (Annotated) 2016-01-21 a poignant candid chronicle of a beloved nature writer s fifty year relationship with an iconic american landscape those who have encountered cape cod or merely dipped into an account of its rich history know that it is a singular place robert finch writes of its beaches no other place i know sears the heart with such a constant juxtaposition of pleasure and pain of beauty being born and destroyed in the same moment and nowhere within its borders is this truth more vivid and dramatic than along the forty miles of atlantic coast what finch has always known as the outer beach the essays here represent nearly fifty years and a cumulative thousand miles of walking along the storied edge of the cape s legendary arm finch considers evidence of nature s fury

shipwrecks beached whales towering natural edifices ferocious seaside blizzards and he ponders everyday human interactions conducted in its environment with equal curiosity wit and insight taking a weeks old puppy for his first beach walk engaging in a nocturnal dance with one of the cape s fabled lighthouses stumbling unexpectedly upon nude sunbathers or even encountering out of towners hoping an uber will fetch them from the other side of a remote dune field throughout these essays finch pays tribute to the outer beach s impressive literary legacy meditates on its often tragic history and explores the strange mutable nature of time near the ocean but lurking behind every experience and observation both pivotal and quotidian is the essential question that the beach beckons every one of its pilgrims to confront how do we accept our brief existence here caught between overwhelming beauty and merciless indifference finch s affable voice attentive eye and stirring prose will be cherished by the cape s staunch lifers and erstwhile visitors alike and strike a resounding chord with anyone who has been left breathless by the majestic unrelenting beauty of the shore

**A Thousand-Mile Walk to the Gulf** 2013 john muir earth planet universe these words are written on the inside cover of the notebook from which

the contents of this volume have been taken they reflect the mood in which the late author and explorer undertook his thousand mile walk to the gulf of mexico no less does this refreshingly cosmopolitan address which might have startled any finder of the book reveal the temper and the comprehensiveness of mr muir s mind he never was and never could be a parochial student of nature in september 1867 muir undertook a walk of about 1 000 miles 1 600 km from kentucky to florida which he recounted in his book a thousand mile walk to the gulf he had no specific route chosen except to go by the wildest leafiest and least trodden way i could find

*The Outer Beach: A Thousand-Mile Walk on Cape Cod's Atlantic Shore*

feels

**The Pampas and Andes. A Thousand Miles' Walk Across South America**

2024-02-28 this historic book may have numerous typos and missing text purchasers can usually download a free scanned copy of the original book without typos from the publisher not indexed not illustrated 1916 edition excerpt chapter v through florida swamps and forests f the people of the states that i have now passed i best like the georgians they have charming manners and their dwellings are mostly larger and better than those of adjacent states however costly or ornamental their homes or their manners they do not like those of the new englander appear as the fruits of intense and painful sacrifice and training but are entirely divested of artificial weights and measures and seem to pervade and twine about their characters as spontaneous growths with the durability and charm of living nature in particular georgians even the commonest have a most charmingly cordial way of saying to strangers as they proceed on their journey i wish you well sir the negroes of georgia too are extremely mannerly and polite and appear always to be delighted to find opportunity for obliging anybody athens contains many beautiful residences i never before saw so much about a home that was so evidently done for beauty only although this is by no means a universal characteristic of georgian homes nearly all well to do farmers families in georgia and tennessee spin and weave

their own cloth this work is almost all done by the mothers and daughters and consumes much of their time the traces of war are not only apparent on the broken fields burnt fences mills and woods ruthlessly slaughtered but also on the countenances of the people a few years after a forest has been burned another generation of bright and happy trees arises in purest freshest vigor only the old trees wholly or half dead bear marks of the calamity so with the people of this war field happy unscarred and unclouded youth is growing up around the aged halfconsumed and fallen

**A Thousand-Mile Walk To The Gulf - Legacy Edition** 2020-02-04 in september 1867 muir undertook a walk of about 1 000 miles from indiana to florida which he recounted in his book a thousand mile walk to the gulf he had no specific route chosen except to go by the wildest leafiest and least trodden way i could find earlier that year an accident changed the course of his life when a tool he was using slipped and struck him in the eye he was confined to a darkened room for six weeks worried whether he would ever regain his sight when he did he saw the world and his purpose in a new light muir later wrote this affliction has driven me to the sweet fields god has to nearly kill us sometimes to teach us lessons from that point on he determined

to be true to himself and follow his dream of exploration and study of plants john muir 1838 1914 was a scottish american naturalist author environmental philosopher and early advocate of preservation of wilderness in the united states his letters essays and books telling of his adventures in nature especially in the sierra nevada mountains of california have been read by millions his activism helped to preserve the yosemite valley sequoia national park and other wilderness areas the sierra club which he founded is a prominent american conservation organization

**The pampas and Andes. A thousand miles' walk across South America** 1870  
finch is today s best most perceptive cape cod writer in a line extending all the way back to henry david thoreau christian science monitor weaving together robert finch s collected writings from over fifty years and a thousand miles of walking along cape cod s atlantic coast the outer beach is a poignant candid chronicle of an iconic american landscape anyone with an appreciation for nature will cherish  
**A Thousand-Mile Walk to the Gulf** 2013-09 this is a story of a man who left his home and family in the early 1800 s and traveled more than 1000 miles over 500 miles on foot to follow his future bride to the new land of the south the young couple worked hard and acquired much

and their deep enduring love for each other helped them survive the many trials and heartaches they would face reason young and his bride julia ann shared many afflictions and trials yet these were overshadowed by all the peaceful pleasures and joys they had jointly known during their almost fifty nine years of marriage

*A THOUSAND-MILE WALK TO THE GULF (Illustrated Edition)* 2017-07-04 in april 2015 beth and eric jusino laden with backpacks and nerves walked out of a cathedral in the historic village of le puy france down a cobblestone street and turned west seventy nine days a thousand miles two countries two mountain ranges and three pairs of shoes later they reached the atlantic ocean more than two million pilgrims have walked the way of saint james a long distance hiking trail familiar to most americans by its spanish name the camino de santiago each pilgrim has their own reason for undertaking the journey for the jusinos it was about taking a break from the relentless pace of modern life and getting away from all their electronic devices and how hard could it be beth reasoned to walk twelve to fifteen miles a day especially with the promise of real beds and local wine every night simple it turned out to be harder than she thought beth is not an athlete not into extreme adventures and she insists not a risk taker she didn t speak a

word of french when she set out and her spanish was atrocious but she can tell a story in walking to the end of the world she shares with wry humor and infectious enthusiasm the joys and travails of undertaking such a journey she evocatively describes the terrain and the route s history her fellow pilgrims and the villages passed and the unexpected challenges and charms of the experience beth s story is also about the assurance that an outdoor based boundary stretching adventure is accessible to even the most unlikely of us in her story readers will feel that they too can get off their comfortable couches and do something unexpected and even spectacular walking to the end of the world is a warm hearted and engaging story about an average couple going on an adventure together tracing ancient paths first created in the tenth and eleventh centuries paths that continue to inspire and reveal surprises to us today in the twenty first

*The Outer Beach* 2018-06-12 muir was a preservationist and naturalist his activism helped to preserve the yosemite valley sequoia national park and other wilderness areas the sierra club which he founded is now one of the most important conservation organizations in the united states in early march 1867 muir was injured while working as a sawyer in a factory that made wagon wheels a tool he was using slipped and

struck him in the eye this accident changed the course of his life he was confined to a darkened room for six weeks worried whether he d ever regain his sight when he did he saw the world and his purpose in a new light writes marquis muir later wrote this affliction has driven me to the sweet fields god has to nearly kill us sometimes to teach us lessons from that point on he determined to be true to myself and follow his dream of exploration and study of plants

The Pampas and Andes 1883 in what became the adventure of a lifetime intrepid nature writer john mckinney trekked from mexico to oregon along the edge of california while pioneering the california coastal trail now the state s official footpath he experienced the bumps and beauties of california s coast from fighting tent mold and bushwhacking chaparral thickets to a contemplative hike along the wild and foggy lost coast between mendocino and humboldt counties originally published as a walk along land s end this revised and updated first paperback edition is a spirited ode to california s variegated coast which beckons with tableaux of pine and palm neon and stucco and proclaims to all the world the beauty the strength the profanity and the contradictions of america

**I Would Walk a Thousand Miles** 2020-12-04 a lot of water passed under

and often over the obsidienne before it was safely home in australia this is a personal account of that journey from the atlantic through the panama canal and across the pacific ocean it is a story of one man s dream and of one woman s determination to help him achieve it

**Walking to the End of the World** 2018-09-04 following dolphins under my bed and turtles in our wake comes the third leg of the claytons voyage two early retirees who decided to live life sailing from place to place to fulfil their dream told uniquely from the wife s perspective sandra clayton was initially a reluctant sailor but became a keen yachtswoman by the end of the first book when the couple sailed from the uk to the mediterranean in this installment she describes their transatlantic crossing from gibraltar via the atlantic islands to the caribbean and ending up in fort lauderdale sandra s previous two books have attracted a loyal and growing readership both in the uk and the us no doubt due to her engaging writing style a thousand miles from anywhere is a similarly entertaining travelogue about the claytons experiences detailing the wonderful places they visited the fascinating people they met and the humorous situations they got involved in acclaim for sandra s writing with her eye for detail and vivid descriptions sandra carries the reader with her yachting life

*STORY OF MY BOYHOOD AND YOUTH, AND, A THOUSAND -MILE WALK TO THE GULF.*  
2019 nienhuis is a clear eyed observer of the lake and its beautiful and sometimes ravaged shore a welcome addition to the literature of the great lakes jerry dennis author the living great lakes in 2009 loreen nienhuis walked completely around lake michigan this book chronicles that journey a 1 000 mile walk around the world s fifth largest lake the book explores both the geology of the lake and the measure of a person a woman married mother of two sons who joined her for portions of the walk but most of the walk was done solo an adventure in discovery of self and place nienhuis conveys a sense of the magnitude of the lake she loves a place so elemental to the states which form its shores from a ground level perspective the book explores the natural and human history of lake michigan and raises important questions about preserving our wild places and protecting fragile ecosystems on which we all depend nienhuis has lived in michigan for most of her life her previous writings have been published in literary journals including the antioch review and bellevue literary review her short story collection scar tissue was a finalist in the 2009 flannery o connor award for short fiction
