Hollywood Online 2024-03-07

hollywood online provides a historical account of motion picture websites from 1993 to 2008 and their marketing function as industrial advertisements for video and other media in the digital age the blair witch project is the most important example of online film promotion in cinema history over the last thirty years only a small number of major and independent distributors have converted internet created buzz into box office revenues with similar levels of success yet readings of how the film's internet campaign broke new ground in the summer of 1999 tend to minimize or overlook or ignore the significance of other online film promotions similarly claims that blair initiated a cycle of imitators have been repeated in film publications and academic studies for more than two decades this book challenges three major narratives in studies about online film marketing hollywood's major studios and independents had no significant relationship to the internet in the 1990s online film promotions only took off after 1999 because of blair and hollywood cashed in by initiating a cycle of imitators and scaling up corporate activities online hollywood online tests these assumptions by exploring internet marketing up to and including the film's success online pre blair 1993-9 then by examining the period immediately after blair post blair 2000-8 which broadly coincides with the rise and decline of dvd as well as the emergence of the social media sites myspace facebook and twitter

Hype 2015-01-01

in the world of books and literature hype is associated with bestsellerism the books that sell the most are read by vast numbers and constantly talked about in media and staff rooms often it is the success in itself that generates an interest because popularity begets popularity quite often though a hyped bestseller is met with a skeptic criticism of poor language a badly constructed plot a predictable story line or all three the bestseller phenomenon is sometimes conceived as a threat against real literature research into the creation reception and meaning of bestsellers is utterly scarce and hype bestsellers and literary culture is an important contribution to the understanding of the literature read by the masses popular literature plays an important role in the lives of millions of readers offering entertainment social commentary and alternate perspectives on everyday life this volume brings together such diverse issues as the creation of hype the role and the meaning of the author in the present day media landscape changes in the book trade and the relationship between bestsellers and research into them further articles give an historical overview on postapocalyptic stories desert romances and the role of the authors this book offers new knowledge on a subject that is increasingly popular within university curricula although the anthology is a work of academic research the texts are of equal interest to general readers
