public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant reprint of the original first published in 1875 the idea of the complete annihilation of all life is a powerful and culturally universal concept as human societies around the globe have produced creation myths so too have they created narratives concerning the apocalyptic destruction of their worlds this book explores the idea of the apocalypse and its reception within culture and society bringing together 17 essays that explore both the influence and innovation of apocalyptic ideas from classical greek and roman writings to the foreign policies of today s united states originally published in 1967 the pearl looks at the anonymous fourteenth century poet of pearl the book argues that the poem ranks in importance and interest with that of chaucer and langland but suggests that it has always proved more difficult to approach to the modern reader the aim of this book is to clear away some of the difficulty through a close examination of the material the poet had to draw on and the poet s use of this in the organisation of the poem the main themes are established through detailed analysis of the poem which is seen as much more than either a lament for an individual or the mere figurative presentation of an idea a washington post reporter shares details of his search for his white relatives a quest that took him to louisiana and into the heart of slavery on a deeply personal quest that reflects on such issues as racism and interracial relationships shortly after it was founded in 1947 the cia launched a secret effort to win the cold war allegiance of the british left hugh wilford traces the story of this campaign from its origins in washington dc to its impact on labour party politicians trade unionists and bloomsbury intellectuals a visually stunning one of a kind history of the shimmering lustrous object of beauty that has mesmerized humankind for millennia featuring 210 superb photographs 168 in full color pearls traces the evolution of the pearl from sacred icon to timeless aesthetic symbol a history that spans 4 000 years shrink wrapped arising triumphantly from the ashes of its predecessor the phoenix has been an enduring symbol of resilience and renewal for thousands of years but how did this mythical bird become so famous that it has played a part in cultures around the world and throughout human history how much of its story do we actually know here to offer a comprehensive biography and engaging un natural history of the phoenix is joseph nigg esteemed expert on otherworldly creatures from dragons to gryphons to sea monsters beginning in ancient egypt and traveling around the globe and through the centuries nigg s vast and sweeping narrative takes readers on a brilliant tour of the cross cultural lore of this famous yet little known immortal bird this entertaining and informative look at the life and transformation of the phoenix will be the authoritative source for anyone fascinated by folklore and mythology re igniting our curiosity about one of myth s greatest beasts ready to stand up and create positive change at work but reluctant to speak up true leadership doesn t always come from a position of power or authority by teaching you skills and providing practical advice this handbook shows you how to engage your coworkers and bosses and bring your ideas forward so that they are heard considered and acted upon authors carmen medina and lois kelly once rebels themselves reveal ways to navigate your workplace avoid common mistakes and traps and overcome the fears that may be holding you back you can achieve more success and less frustration help your organization do better work and most important find more meaning and joy in what you do this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library the politics and ethics exhibited in a range of medieval texts including chaucer malory and the york corpus christi plays critical historicist readings engage with the politics and ethics of selected medieval texts addressing a wide range of literature and topics of enquiry langland chaucer and the pearl poet malory and the york corpus christi plays chivalric cultures their forms of identity and mourning and the politics ethics and theology of some of the most fascinating writing in late medieval england intended as a tribute to professor derek pearsall and reflecting his major contribution to medieval literary criticism they are an important addition to the critical and historical study of the period david aers is james b duke professor of english and professor of historical theology at duke university online searching puts aspiring librarians working in all types of institutions on the fast track to becoming expert searchers the intermediaries who unite information users with trusted sources that satisfy their information needs containing one hundred beautiful stories for young people 1851 well organized collection of over 60 columns on leadership excellence for nurses covering topics such as the challenges of being new on the job what change really means managing resistance developing others in challenging times and coaching your boss practical advice based on real circumstances in real healthcare organizations offering true to life examples and successful solutions that apply to nurse leaders at all levels emphasis on self awareness reflecting the extensive research validating that the more self aware we are the better leaders we become concrete and immediate solutions providing uncommon insight and guidance for even the most intractable challenges text presentation 2013 gathers some of the best work presented at the 2013 comparative drama conference in baltimore subjects ranging from ancient greece to 21st century america are covered with a variety of approaches and formats celebrated playwright edward albee s presentation is the lead piece followed by 12 research papers one review essay and seven book reviews this volume represents the latest research in the fields of comparative drama performance and dramatic textual

analysis essays suggesting new ways of studying the crucial but sometimes difficult range of medieval mystical material this volume seeks to explore the origins context and content of the anchoritic and mystical texts produced in england during the middle ages and to examine the ways in which these texts may be studied and taught today it foregrounds issues of context and interaction seeking both to position medieval spiritual writings against a surprisingly wide range of contemporary contexts and to face the challenge of making these texts accessible to a wider readership the contributions by leading scholars in the field incorporate historical literary and theological perspectives and offer critical approaches and background material which will inform both research and teaching the approaches to middle english anchoritic and mystical texts suggested in this volume are many and varied in this they reflect the richness and complexity of the contexts from which these writings emerged these essays are offered as part of an ongoing exploration of aspects of medieval spirituality which while posing a considerable challenge to modern readers also offer invaluable insights into the interaction between medieval culture and belief contributors e a jones dee dyas valerie edden santha bhattacharji denis renevey a c spearing thomas bestul liz herbert mcavoy barry a windeatt alexandra barratt r s allen roger ellis ann m hutchison marion glasscoe catherine innes parker emphasis in this second volume of advances in downy mildew research is on the biology of compatible interactions forecasting and epidemiology host specialisation genetic variability amongst pathogen populations novel methods for detection and systematics and induced resistance two chapters focus on the related oomycete *Albugo candida* which shares many pathogenic characteristics with the downy mildews and provides a valuable comparative pathosystem contributions on specific downy mildews include *Bremia lactucae* *Peronospora destructor* *Peronospora sparsa* *Peronospora viciae* *Plasmopara halstedii* *Plasmopara viticola* *Pseudoperonospora cubensis* and *Sclerospora graminicola* review chapters on compatibility forecasting and systematics consider a broader range of downy mildew fungi and compare them with other oomycete and biotrophic pathogens the book is relevant to anyone with an interest in these unique biotrophic pathogens either in their own right as causes of damaging diseases or as model systems for research on host pathogen interactions it should be read by students teachers and researchers in academic and research institutes research and development personnel in the agrochemical industries agricultural and horticultural advisers and other extension workers the eucharist poetics and secularization from the middle ages to milton explains the astonishing centrality of the eucharist to poets with a variety of denominational affiliations writing on a range of subjects across an extended period in literary history whether they are praying thinking about politics lamenting unrequited love or telling fart jokes late medieval and early modern english poets return again and again to the eucharist as a way of working out literary problems tracing this connection from the fourteenth through the seventeenth century this book shows how controversies surrounding the nature of signification in the sacrament informed understandings of poetry connecting medieval to early modern england it presents a history of eucharistic poetics as it appears in the work of seven key poets the pearl poet chaucer robert southwell john donne george herbert richard crashaw and john milton reassessing this range of poetic voices the eucharist poetics and secularization overturns an oft repeated argument that early modern poetry's fascination with the eucharist resulted from the protestant rejection of transubstantiation and its supposedly enchanted worldview instead of this tired secularization story it fleshes out a more capacious conception of eucharistic presence showing that what interested poets about the eucharist was its insistence that the mechanics of representation are always entangled with the self's relation to the body and to others the book thus forwards a new historical account of eucharistic poetics placing this literary phenomenon within a longstanding negotiation between embodiment and disembodiment in western religious and cultural history until the late 1980s information processing was associated with large mainframe computers and huge tape drives during the 1990s this trend shifted toward information processing with personal computers or pcs the trend toward miniaturization continues and in the future the majority of information processing systems will be small mobile computers many of which will be embedded into larger products and interfaced to the physical environment hence these kinds of systems are called embedded systems embedded systems together with their physical environment are called cyber physical systems examples include systems such as transportation and fabrication equipment it is expected that the total market volume of embedded systems will be significantly larger than that of traditional information processing systems such as pcs and mainframes embedded systems share a number of common characteristics for example they must be dependable efficient meet real time constraints and require customized user interfaces instead of generic keyboard and mouse interfaces therefore it makes sense to consider common principles of embedded system design embedded system design starts with an introduction into the area and a survey of specification models and languages for embedded and cyber physical systems it provides a brief overview of hardware devices used for such systems and presents the essentials of system software for embedded systems like real time operating systems the book also discusses evaluation and validation techniques for embedded systems furthermore the book presents an overview of techniques for mapping applications to execution platforms due to the importance of resource efficiency the book also contains a selected set of optimization techniques for embedded systems including special compilation techniques the book closes with a brief survey on testing embedded system design can be used as a text book for courses on embedded systems and as a source which provides pointers to relevant material in the area for phd students and teachers it assumes a basic knowledge of information processing hardware and software courseware related to this book is available at ls12.cs.tu-dortmund.de/marwedel this book examines business model transformation through the study of electrical utilities an industry at the center of today's efforts to combat climate change when change comes to the business model of such a mature industry the pattern is often recognizable the foundational elements of the industry shift allowing the innovation of business models by new competitors while established firms face the threat of disruption the utility sector after decades of relative stability is in the midst of such a transformation today after providing a historical summary of the dominant business models of the utility sector transformation of the electric utility business model looks at the factors currently impacting the industry utilities and policy makers today are facing two long term issues that will dominate their agendas in the coming decades rebuilding utility infrastructure to enable the decarbonization of the economy and managing the risk of catastrophic events that can leave large areas without power for extended periods fortunately with proper planning many utility investments in decarbonization will also support risk management however these investments are often not compatible with current utility business models requiring creativity and new regulatory frameworks to successfully implement this book considers the impact of these factors and then discusses the future this well researched extremely insightful book is essential reading for all those with an interest in business strategy energy studies and sustainability the anonymous author of the poem pearl is rated with langland and chaucer as one of the greatest middle english poets and while a number of editions of this poem have been published including e v gordon's 1953 edition and marie borroff's 1977 verse translation no edition until now has included a verse translation middle english text and commentary in one volume william vantuono's edition of pearl is certain to become a classroom standard because it contains for the first time a middle english text with a facing page modern english verse translation as well as extensive scholarly apparatus pearl is the first of four poems in a manuscript dated around 1400 a d the other three poems in this manuscript are cleanness patience and sir gawain and the green knight according to vantuono's introduction it is conceivable that pearl was written for a nobleman perhaps the poet's patron who had lost a young daughter however many unanswered questions remain about the circumstances surrounding the poet and his writing of pearl was he a layman or a priest is pearl primarily elegy or allegory was the pearl maiden his daughter and if she was can that fact be reconciled with the possibility that the poet was a clergyman this volume contains an extensive

commentary covering all matters from minute textual problems to the various debates about the poem's theme and genre appendices discuss versification dialect and language and sources and analogues two bibliographies list over 500 items through the early 1990s and the book concludes with a full glossary pearl an edition with verse translation will appeal to scholars confronted with the tasks of studying and teaching medieval literature to students in college and university classrooms it is a book designed for specialists and non specialists students and general readers pearl is an intricate fourteenth century poem written by one of the greatest middle english poets the anonymous artist who also gave us sir gawain and the green knight this medieval masterpiece presents the meditative dream vision of a father the dreamer mourning the loss of a young daughter his pearl having recently translated sir gawain and the green knight to critical acclaim john ridland now tackles the even more challenging pearl he succeeds in giving us another innovative and pleasurable translation that retains line by line fidelity with the source material while bringing the fourteenth century northwest midland dialect into an unstrained contemporary idiom ridland's inventive meter and rhyme convey the sonic beauty of the original moreover his preface provides a comprehensive background and analysis of pearl points out the techniques deployed by the original poet and explains ridland's own approach to translating the poem this translation will delight and reward the reader praise for john ridland's translation of pearl john ridland's translation of sir gawain and the green knight made that fourteenth century chivalric romance not only accessible but alive to our twenty first century sensibilities now his translation pearl also by the anonymous gawain poet does the same for that poignant dream vision the poem's formal complexities are still here mutatis mutandis but they enhance rather than obscure the story of a grieving father's dream vision of his lost daughter in paradise six hundred years vanish and the reader feels an intimate profound emotional connection with the universal human experiences of loss grief and hope richard wakefield author of a vertical mile an attractively readable translation which makes a real attempt to convey the metrical beauty and intricacy of the original ad putter and myra stokes editors of the works of the gawain poet after reading john ridland's translation of sir gawain and the green knight some time ago i thought well he's done it now doomed himself to never achieving anything as remarkable as this again because it's impossible but i was wrong his new translation of pearl an even more challenging work by the same anonymous fourteenth century gawain poet is equally musical and moves with the same charmed pace in the telling that is perfect for what is being told rhina p espallat author of her place in these designs john ridland's translation offers us in accessible contemporary english all the dazzling complexity and beauty of pearl's structures rhythms and rhymes maryann corbett winner willis barnstone translation prize author of street view the american popular imagination has long portrayed world war ii as the good war fought by the greatest generation for the sake of freedom and democracy yet combat films and other war media complicate this conventional view by indulging in explosive displays of spectacular violence combat sequences tanine allison argues construct a counter narrative of world war ii by reminding viewers of the war's harsh brutality destructive sublime traces a new aesthetic history of the world war ii combat genre by looking back at it through the lens of contemporary video games like call of duty allison locates some of video games glorification of violence disruptive audiovisual style and bodily sensation in even the most canonical and seemingly conservative films of the genre in a series of case studies spanning more than seventy years from wartime documentaries like the battle of san pietro to fictional reenactments like the longest day and saving private ryan to combat video games like medal of honor this book reveals how the genre's aesthetic forms reflect and influence how american culture conceives of war nation and representation itself the arcane demons were always fearless but one night on new year's eve they're uncertain about the wrong time and the wrong person they kill right before the night of the new century they kill the chief of the organisation called rogue and the new century is meant for a war that concerned them by the morning of the year begins it all the signs of war and along comes the tangled mysteries of the past murder of the chief and the revenge from rogue where they recreate a psychological disease that leads to an apocalypse while it all happens on the demons expedition to just find what the conflict of the century is the murders the revenge the pricking thorns of mysteries had all become a matter of living for him long ago he faced the merciless and for that he had to be merciless too without choice but he could not face love any form of love was vulnerable within him at the turning point of his life things become breathtaking and truly threaten him as the threat is his family the demons but later he finds out that the threat is himself and it's his survival that can save his whole family after all nothing can take away the flame of archer wolf innovative methods of marine ecosystem restoration offers a ray of hope in an increasingly gloomy scenario this book is the first presentation of revolutionary new methods for restoring damaged marine ecosystems it discusses new techniques for greatly increasing the recruitment growth survival and resistance to stress of marine ecosystems fisheries and eroding shorelines maintaining biodiversity and productivity where it would be lost the book provides experimental proof that mild electrical stimulation results in increased settlement increased growth and reduced mortality for a wide variety of marine organisms including corals oysters sponges sea grasses and salt marsh grasses in addition to the diversity of ecosystems and geographic regions covered the contributors from fourteen nations across the globe make this work the first truly global study of marine ecosystem restoration reprint of the original first published in 1857 after its initial publication in 1993 this book quickly became an essential book for country music scholars and fans now back in print with updated material an additional chapter and new photos this volume is poised to reach a whole new generation of country music fans from country's earliest pioneers to its greatest legends this book documents the lives of the female artists who have shaped the music for over two hundred years through interviews photos and primary texts the authors weave a vast and complex tapestry of personalities and talent long overlooked and underappreciated by scholars female country music artists have always been immensely popular with fans this book gets to the heart of the special bond female artists have with their audiences people seeking to understand the context out of which mega stars such as shania twain faith hill and the dixie chicks emerged need look no farther than this book this title was published in 2001 pygmalion and galatea presents an account of the development of the pygmalion story from its origins in early greek myth until the twentieth century it focuses on the use of the story in nineteenth century british literature exploring gender issues the nature of artistic creativity and the morality of greek art

Rebels at Work 2000 essays suggesting new ways of studying the crucial but sometimes difficult range of medieval mystical material this volume seeks to explore the origins context and content of the anchoritic and mystical texts produced in england during the middle ages and to examine the ways in which these texts may be studied and taught today it foregrounds issues of context and interaction seeking both to position medieval spiritual writings against a surprisingly wide range of contemporary contexts and to face the challenge of making these texts accessible to a wider readership the contributions by leading scholars in the field incorporate historical literary and theological perspectives and offer critical approaches and background material which will inform both research and teaching the approaches to middle english anchoritic and mystical texts suggested in this volume are many and varied in this they reflect the richness and complexity of the contexts from which these writings emerged these essays are offered as part of an ongoing exploration of aspects of medieval spirituality which while posing a considerable challenge to modern readers also offer invaluable insights into the interaction between medieval culture and belief contributors e a jones dee dyas valerie edden santha bhattacharji denis renevey a c spearing thomas bestul liz herbert mcavoy barry a windeatt alexandra barratt r s allen roger ellis ann m hutchison marion glasscoe catherine innes parker

The Pearl: A Middle English Poem 2023 emphasis in this second volume of advances in downy mildew research is on the biology of compatible interactions forecasting and epidemiology host specialisation genetic variability amongst pathogen populations novel methods for detection and systematics and induced resistance two chapters focus on the related oomycete *Albugo candida* which shares many pathogenic characteristics with the downy mildews and provides a valuable comparative pathosystem contributions on specific downy mildews include *Bremia lactucae* *Peronospora destructor* *Peronospora sparsa* *Peronospora viciae* *Plasmopara halstedii* *Plasmopara viticola* *Pseudoperonospora cubensis* and *Sclerospora graminicola* review chapters on compatibility forecasting and systematics consider a broader range of downy mildew fungi and compare them with other oomycete and biotrophic pathogens the book is relevant to anyone with an interest in these unique biotrophic pathogens either in their own right as causes of damaging diseases or as model systems for research on host pathogen interactions it should be read by students teachers and researchers in academic and research institutes research and development personnel in the agrochemical industries agricultural and horticultural advisers and other extension workers

Medieval Literature and Historical Inquiry 2008-02-01 the eucharist poetics and secularization from the middle ages to milton explains the astonishing centrality of the eucharist to poets with a variety of denominational affiliations writing on a range of subjects across an extended period in literary history whether they are praying thinking about politics lamenting unrequited love or telling fart jokes late medieval and early modern english poets return again and again to the eucharist as a way of working out literary problems tracing this connection from the fourteenth through the seventeenth century this book shows how controversies surrounding the nature of signification in the sacrament informed understandings of poetry connecting medieval to early modern england it presents a history of eucharistic poetics as it appears in the work of seven key poets the pearl poet chaucer robert southwell john donne george herbert richard crashaw and john milton reassessing this range of poetic voices the eucharist poetics and secularization overturns an oft repeated argument that early modern poetry s fascination with the eucharist resulted from the protestant rejection of transubstantiation and its supposedly enchanted worldview instead of this tired secularization story it fleshes out a more capacious conception of eucharistic presence showing that what interested poets about the eucharist was its insistence that the mechanics of representation are always entangled with the self s relation to the body and to others the book thus forwards a new historical account of eucharistic poetics placing this literary phenomenon within a longstanding negotiation between embodiment and disembodiment in western religious and cultural history

Online Searching 1996 until the late 1980s information processing was associated with large mainframe computers and huge tape drives during the 1990s this trend shifted toward information processing with personal computers or pcs the trend toward miniaturization continues and in the future the majority of information processing systems will be small mobile computers many of which will be embedded into larger products and interfaced to the physical environment hence these kinds of systems are called embedded systems embedded systems together with their physical environment are called cyber physical systems examples include systems such as transportation and fabrication equipment it is expected that the total market volume of embedded systems will be significantly larger than that of traditional information processing systems such as pcs and mainframes embedded systems share a number of common characteristics for example they must be dependable efficient meet real time constraints and require customized user interfaces instead of generic keyboard and mouse interfaces therefore it makes sense to consider common principles of embedded system design embedded system design starts with an introduction into the area and a survey of specification models and languages for embedded and cyber physical systems it provides a brief overview of hardware devices used for such systems and presents the essentials of system software for embedded systems like real time operating systems the book also discusses evaluation and validation techniques for embedded systems furthermore the book presents an overview of techniques for mapping applications to execution platforms due to the importance of resource efficiency the book also contains a selected set of optimization techniques for embedded systems including special compilation techniques the book closes with a brief survey on testing embedded system design can be used as a text book for courses on embedded systems and as a source which provides pointers to relevant material in the area for phd students and teachers it assumes a basic knowledge of information processing hardware and software courseware related to this book is available at <https://www.cs.tu-dortmund.de/marwedel>

The Pearl Box 2020-01-07 this book examines business model transformation through the study of electrical utilities an industry at the center of today s efforts to combat climate change when change comes to the business model of such a mature industry the pattern is often recognizable the foundational elements of the industry shift allowing the innovation of business models by new competitors while established firms face the threat of disruption the utility sector after decades of relative stability is in the midst of such a transformation today after providing a historical summary of the dominant business models of the utility sector transformation of the electric utility business model looks at the factors currently impacting the industry utilities and policy makers today are facing two long term issues that will dominate their agendas in the coming decades rebuilding utility infrastructure to enable the decarbonization of the economy and managing the risk of catastrophic events that can leave large areas without power for extended periods fortunately with proper planning many utility investments in decarbonization will also support risk management however these investments are often not compatible with current utility business models requiring creativity and new regulatory frameworks to successfully implement this book considers the impact of these factors

and then discusses the future this well researched extremely insightful book is essential reading for all those with an interest in business strategy energy studies and sustainability

Huntia 2014-02-14 the anonymous author of the poem pearl is rated with langland and chaucer as one of the greatest middle english poets and while a number of editions of this poem have been published including e v gordon s 1953 edition and marie borroff s 1977 verse translation no edition until now has included a verse translation middle english text and commentary in one volume william vantuono s edition of pearl is certain to become a classroom standard because it contains for the first time a middle english text with a facing page modern english verse translation as well as extensive scholarly apparatus pearl is the first of four poems in a manuscript dated around 1400 a d the other three poems in this manuscript are cleanness patience and sir gawain and the green knight according to vantuono s introduction it is conceivable that pearl was written for a nobleman perhaps the poet s patron who had lost a young daughter however many unanswered questions remain about the circumstances surrounding the poet and his writing of pearl was he a layman or a priest is pearl primarily elegy or allegory was the pearl maiden his daughter and if she was can that fact be reconciled with the possibility that the poet was a clergyman this volume contains an extensive commentary covering all matters from minute textual problems to the various debates about the poem s theme and genre appendices discuss versification dialect and language and sources and analogues two bibliographies list over 500 items through the early 1990s and the book concludes with a full glossary pearl an edition with verse translation will appeal to scholars confronted with the tasks of studying and teaching medieval literature to students in college and university classrooms it is a book designed for specialists and non specialists students and general readers

Leading with Mastery and Heart 2005 pearl is an intricate fourteenth century poem written by one of the greatest middle english poets the anonymous artist who also gave us sir gawain and the green knight this medieval masterpiece presents the meditative dream vision of a father the dreamer mourning the loss of a young daughter his pearl having recently translated sir gawain and the green knight to critical acclaim john ridland now tackles the even more challenging pearl he succeeds in giving us another innovative and pleasurable translation that retains line by line fidelity with the source material while bringing the fourteenth century northwest midland dialect into an unstrained contemporary idiom ridland s inventive meter and rhyme convey the sonic beauty of the original moreover his preface provides a comprehensive background and analysis of pearl points out the techniques deployed by the original poet and explains ridland s own approach to translating the poem this translation will delight and reward the reader praise for john ridland s translation of pearl john ridland s translation of sir gawain and the green knight made that fourteenth century chivalric romance not only accessible but alive to our twenty first century sensibilities now his translation pearl also by the anonymous gawain poet does the same for that poignant dream vision the poem s formal complexities are still here mutatis mutandis but they enhance rather than obscure the story of a grieving father s dream vision of his lost daughter in paradise six hundred years vanish and the reader feels an intimate profound emotional connection with the universal human experiences of loss grief and hope richard wakefield author of a vertical mile an attractively readable translation which makes a real attempt to convey the metrical beauty and intricacy of the original ad putter and myra stokes editors of the works of the gawain poet after reading john ridland s translation of sir gawain and the green knight some time ago i thought well he s done it now doomed himself to never achieving anything as remarkable as this again because it s impossible but i was wrong his new translation of pearl an even more challenging work by the same anonymous fourteenth century gawain poet is equally musical and moves with the same charmed pace in the telling that is perfect for what is being told rhina p espailat author of her place in these designs john ridland s translation offers us in accessible contemporary english all the dazzling complexity and beauty of pearl s structures rhythms and rhymes maryann corbett winner willis barnstone translation prize author of street view

Text & Presentation, 2013 2012-12-06 the american popular imagination has long portrayed world war ii as the good war fought by the greatest generation for the sake of freedom and democracy yet combat films and other war media complicate this conventional view by indulging in explosive displays of spectacular violence combat sequences tanine allison argues construct a counter narrative of world war ii by reminding viewers of the war s harsh brutality destructive sublime traces a new aesthetic history of the world war ii combat genre by looking back at it through the lens of contemporary video games like call of duty allison locates some of video games glorification of violence disruptive audiovisual style and bodily sensation in even the most canonical and seemingly conservative films of the genre in a series of case studies spanning more than seventy years from wartime documentaries like the battle of san pietro to fictional reenactments like the longest day and saving private ryan to combat video games like medal of honor this book reveals how the genre s aesthetic forms reflect and influence how american culture conceives of war nation and representation itself

Approaching Medieval English Anchoritic and Mystical Texts 2023-03-22 the arcane demons were always fearless but one night on new year s eve they re uncertain about the wrong time and the wrong person they kill right before the night of the new century they kill the chief of the organisation called rogue and the new century is meant for a war that concerned them by the morning of the year begins it all the signs of war and along comes the tangled mysteries of the past murder of the chief and the revenge from rogue where they recreate a psychological disease that leads to an apocalypse while it all happens on the demons expedition to just find what the conflict of the century is the murders the revenge the pricking thorns of mysteries had all become a matter of living for him long ago he faced the merciless and for that he had to be merciless too without choice but he could not face love any form of love was vulnerable within him at the turning point of his life things become breathtaking and truly threaten him as the threat is his family the demons but later he finds out that the threat is himself and it s his survival that can save his whole family after all nothing can take away the flame of archer wolf

Advances in Downy Mildew Research 2010-11-16 innovative methods of marine ecosystem restoration offers a ray of hope in an increasingly gloomy scenario this book is the first presentation of revolutionary new methods for restoring damaged marine ecosystems it discusses new techniques for greatly increasing the recruitment growth survival and resistance to stress of marine ecosystems fisheries and eroding shorelines maintaining biodiversity and productivity where it would be lost the book provides experimental proof that mild electrical stimulation results in increased settlement increased growth and reduced mortality for a wide variety of marine organisms including corals oysters sponges sea grasses and salt marsh grasses in addition to the diversity of ecosystems and geographic regions covered the contributors from fourteen nations across the globe make this work the first truly global study of marine ecosystem restoration

The Eucharist, Poetics, and Secularization from the Middle Ages to Milton 2021-11-22 reprint of the original first published in 1857
