last best hope for accountability the new york times for fans of spotlight and catch and kill comes a nonfiction thriller about corruption and betrayal radiating across los angeles from one of the region s most powerful institutions a riveting tale from a pulitzer prize winning journalist who investigated the shocking events and helped bring justice in the face of formidable odds on a cool overcast afternoon in april 2016 a salacious tip arrived at the l a times that reporter paul pringle thought should have taken at most a few weeks to check out a drug overdose at a fancy hotel involving one of the university of southern california s shiniest stars dr carmen puliafito the head of the prestigious medical school pringle who d long done battle with usc and its almost impenetrable culture of silence knew reporting the story wouldn t be a walk in the park usc is one of the biggest employers in l a and it casts a long shadow but what he couldn t have foreseen was that this tip would lead to the unveiling of not one major scandal at usc but two wrapped in a web of crimes and cover ups the rot rooted out by pringle and his colleagues at the times would creep closer to home than they could have imagined spilling into their own newsroom packed with details never before disclosed pringle goes behind the scenes to reveal how he and his fellow reporters triumphed over the city s debased institutions in a narrative that reads like l a noir this is l a at its darkest and investigative journalism at its brightest failure abuse loss pain that is what warterria brings that is what the remaining players of this deadly game have experienced and that is why so many are willing to do whatever it takes to win every human in warterria has their own life to live and they aren t willing to give up on it so easily with their dreams goals beliefs and desires on the line everything is coming to a head so with the final stage set it only makes sense for the self conscious rift to challenge the condescending god vokai to one more game a game between man and god that will decide the outcome of how everything else will go for the humans trapped in warterria will everything rift learned and experienced be enough to topple a god or will centuries of godly gaming knowledge overwhelm this one human will the humans finally be free of this gaming torment will the three gods finally proclaim one of them as the true god of games or will human unpredictability flip everything on its head in this heart pounding conclusion of a god s game come
