Power and Resistance, 7th ed.

2022-06-30T00:00:00Z

power and resistance debunks the dominant neoliberal hyper individualist approach to society s problems that sees poverty as a result of laziness environmental crises as a result of market demands for products that pollute and indigenous peoples struggles as a result of not assimilating we argue that it is social inequality and oppression that are the underlying causes of social problems in a society like ours powerful groups make choices that benefit them and force those choices onto others creating life problems for others and society as a whole the powerful also have influence over what is and is not called a social problem solving social problems requires changing the structures of inequality and oppression for example industrial corporate agriculture has created huge profits for a few gigantic food corporations but left much of the world hungry but farmers and their allies are pushing back through agroecology an agriculture based on local small scale ecologically sustainable farming that brings eaters and growers closer to one another the seventh edition of power and resistance includes new chapters on anti black racism in schools indigenous people and mental health food security and sovereignty and work in the gig economy
