for readers of his is for hawk an intimate memoir of belonging and loss and a mesmerizing travelogue through the landscapes and language of wales hiraeth is a welsh word that's famously hard to translate literally it can mean long field but generally translates into english inadequately as homesickness at heart hiraeth suggests something like a bone deep longing for an irretrievable place person or time an acute awareness of the presence of absence in the long field pamela petro braids essential hiraeth stories of wales with tales from her own life as an american who found an ancient home in wales as a gay woman as the survivor of a terrible amtrak train crash and as the daughter of a parent with dementia through the pull and tangle of these stories and her travels throughout wales hiraeth takes on radical new meanings there is traditional hiraeth of place and home but also queer hiraeth and hiraeth triggered by technology immigration ecological crises and our new divisive politics on this journey the notion begins to morph from a uniquely welsh experience to a universal human condition from deep longing to the creative responses to loss that petro sees as the genius of welsh culture it becomes a tool to understand ourselves in our time a finalist for the wales book of the year award and named to the telegraph's and financial times's top 10 lists for travel writing the long field is an unforgettable exploration of the hidden contours of the human heart

## **Windows Millennium**

2000

the award winning journalist reveals the untold story of why america is so culturally and politically divided in this groundbreaking book armed with startling demographic data bill bishop demonstrates how americans have spent decades sorting themselves into alarmingly homogeneous communities not by region or by state but by city and neighborhood with ever increasing specificity we choose the communities and media that are compatible with our lifestyles and beliefs the result is a country that has become so ideologically inbred that people don't know and can't understand those who live just a few miles away in the big sort bishop explores how this phenomenon came to be and its dire implications for our country he begins with stories about how we live today and then draws on history economics and our changing political landscape to create one of the most compelling big picture accounts of america in recent memory
