## ***The International Handbook of Animal Abuse and Cruelty 2010***

questioning the enlightenment in nietzsche dostoyevsky and artaud challenges the cultural optimism of the enlighten through an examination of nietzsche dostoevsky and artaud the enlightenment was characterized as arnold put it as sweetness and light nietzsche dostoevsky and artaud each pushed back against the optimism of the enlightenment through their writing and advanced the idea of cruelty as lying at the root of all human nature and culture in this study statkiewicz explores the seemingly opposing notions of culture and cruelty within the works of these authors to discuss their complex relationship with one another

## ***Proceedings of the Liverpool Literary and Philosophical Society 1879***

cruelty is such a ubiquitous and at the same time disturbing phenomenon that we take for granted that we understand what it is and how it impacts the ways in which we think about our humanity as a moral condition how we understand our moral significance cruelty a book about us offers an accessible interrogation of cruelty and humanity and most critically it provides a groundwork for us to raise questions collectively it is an invitation for us all to join in the dialogue through academic studies literary works and personal stories and observations this book provokes deeper insights into why cruel acts trouble our usual ways of articulating and addressing wrongness mining interdisciplinary sources it excavates what we may not know we don't know and guides us in conversations about this profoundly evocative and often uneasy subject

## **Cruel Delight 2004**

the middle ages are often thought of as an era during which cruelty was a major aspect of life a view that stems from the anti catholic polemics of the reformation daniel baraz makes the striking discovery that the concept of cruelty which had been an important issue in late antiquity received little attention in the medieval period before the thirteenth century from that point on interest in cruelty increased until it reached a peak late in the sixteenth century medieval cruelty's extraordinary scope ranges from the writings of seneca to those of montaigne and draws from sources that include the views of western christians eastern christians and muslims baraz examines the development of the concept of cruelty in legal texts philosophical treatises and other works that attempt to discuss the nature of cruelty he then considers histories martyrdom accounts and literary works in which cruelty is represented rather than discussed directly in the wake of the intellectual transformations of the twelfth and thirteenth

centuries an increasing focus on the intentions motivating an individual's acts rekindled the discussion of cruelty Baraz shows how ethical thought and practice about cruelty which initially focused on external forces became a tool to differentiate internal groups and justify violence against them this process is evident in attacks on the Jews in the peasant rebellions of the later middle ages and in the wars of religion

## **Clemency & Cruelty in the Roman World 2006**

this book places the contemporary debate over green issues in its historical context and illuminates what is loosely called earth wisdom the book traces the development of ecological thought from its origins in ancient religions and philosophies to modern science and ethics covering the Taoists the Egyptians the Greeks the Celts and North American Indians as well as alchemy the enlightenment romantics darwinism and Gaia blurb

## **Cruelty Is the Law Pervading All Nature and Society and We Can't Get Out of It If We Would. -Thomas Hardy 2021-07-28**
