the ultimate used car guide lists the best and worst used cars summarizes the marketplace shares advice on web shopping discusses author insurance and shares tips on buying and selling original test reports profiles and advice on nearly 200 new cars sport utility vehicles minivans and pickups are provided by america s 1 consumer product testing center 240 photos and charts features recommendations and ratings on hundreds of small medium and large sized cars based on quality economy performance and comfort standards with judgments on crash protection and assessments of available options forget the stereotype giacomo casanova s 1725 1798 reputation as libertine has sadly eclipsed his talents as scholar linguist prolific writer and manqué doctor fortunately for us he wrote his memoirs at the end of his life on the advice of his doctor to control his propensity to depression although these often have been harvested for information on political cultural and social aspects of his time the insights they give about medical practice and the lived experiences of illness have been largely neglected this book addresses this deficiency through exploring in detail what casanova wrote on a variety of conditions that include venereal disease and female complaints duelling injuries suicide skin complaints and stroke and even piles these descriptions provide alternately grim and amusing insights about public health measures the doctor patient relationship medical etiquette and the dominant medical theories of the era to help the reader understand the historical significance of the medical subjects covered the author integrates throughout the book an extensive historical context drawn from contemporary sources of information and current history of medicine literature a superb time out kind of guide to the cafés restaurants bistros etc essential reading for visitors to the city brilliantly presented books monthly paris may have enjoyed decades as the undisputed gastronomic capital of the world but food revolutions in the likes of london and copenhagen have challenged its reign in recent years after a spell of complacency parisian chefs have had to up their game with delicious results this guide will show you where to sample the best of the french classics from cozy bistros to swish brasseries as well as where to check out the more recent innovations in the parisian food scene everything from high quality street food with a french twist to newly popular vegetarian restaurants juice bars and locally brewed craft beers the guide will also offer practical advice for making the most of your parisian food experience like a local this book is an absolute delight to read for those about to visit paris may i suggest that you pack a copy of this book in your luggage the best foodie book i have read in ages for the love of books with helpful tips about typical french mealtimes tipping and etiquette readers will be confident in choosing a place to eat that fits their expectations and their budget cayocosta 72 the first food book i ever read cover to cover in one day her descriptions are engagingly written and personal easy smooth and tempting reading colleen s paris milan is the european fashion capital with one of the world s most unique luxury fashion districts where the leaders of some of the most exclusive fashion houses are still living and working today it s the italian city whose skyline has changed more than any and whose fashion industry has extended to encompass the worlds of design restaurants bars exhibition spaces hotels and more whether you re looking for designer labels within the city s luxury fashion district prefer to browse the city s boutiques or pick up some quality vintage at the city s vintage shops and markets this is the guide that will tell you where to go split into geographical sections along with relevant maps cultural highlights and suggestions for where to eat and drink it places cocktail or mock tail in hand with a panoramic view over the capital written by ruby boukabou author of the art lover s guide to paris this book is the perfect companion for anybody intrigued by the city of light buying a car can be a smart idea a car loses the lion s share of its value when it is driven off the new car lot so why let someone else take that loss but buyer beware a used car is likely to need more repairs and may come with a short warranty or none at all in addition used cars may lack the latest safety features that is why it is so important for consumers to do extensive research so they can avoid all of the potential pitfalls of buying a used car the auto experts at consumer reports have done the work for you and have compiled their extensive research and report their findings into the 2007 edition of used car buying guide this fabulous tool will help steer any consumer who is in the market for a used car towards the better performing and more reliable used car models and away from those models with a troubled past or substandard performance before consumers set foot on a used car lot they should read all the valuable information provided in this book so they can be armed with as much information as possible and the knowledge to make an educated choice consumer reports knows cars and offers the most detailed and revealing used car reliability information available anywhere including unbiased reviews of every major model from 1999 2006 lists of the best and worst used vehicles and how to avoid a lemon a checklist of what to look for when inspecting a used car best used cars for gas mileage tips on negotiating the best pricereliability recalls and crash test information making sense of safety information how to get the most money when trading in your current car the majority of this book is devoted to the profiles of 264 cars minivans suvs and trucks presenting all major 1999 2006 models each profile contains a photo from the representative year a write up of the vehicle reliability history crash test data and the model years when key safety gear was added and when a major redesign was made brings literature lovers on a journey through london from chaucer in the fourteenth century to present day as diverse as the city itself british heritage travel many of the greatest names in literature have visited or made their home in the colorful and diverse metropolis of london from charles dickens to george orwell virginia woolf to bernadine evaristo london s writers have brought the city to life through some of the best known and loved stories and characters in fiction this book takes you on an area by area journey through london to discover the stories behind the stories told in some of the most famous novels plays and poems written in or about the city find out which poet almost lost one of his most important manuscripts in a soho pub discover how graham greene managed to survive the german bomb that destroyed his clapham home climb down the dingy steps from london bridge to the thames path below and imagine how it felt to be nancy trying to save oliver twist only to then meet her own violent death drink in the same pub where bram stoker listened to the ghost stories that inspired dracula the plush drinking house where noel coward performed and the bars and cafes frequented by modern writers tour the locations where london s writers and their characters lived worked played loved lost and died this is the first literature guide to london to be fully illustrated throughout with beautiful color photographs it can be used as a guidebook on a physical journey through london or as a treasury of fascinating often obscure tales and information for book lovers to read wherever they are in 1984 the first edition of the british army guide was published and in september 2015 the 13th edition will be on sale this invaluable information resource which deals with all aspects of british army organisation recruitment and training has been extremely popular with service personnel the defence industry military libraries and other groups who are interested in the british army worldwide copies can be seen on desks throughout the uk ministry of defence and it would be fair to say that almost every foreign defence attache in london has a copy in his briefcase chapters include a defence overview army organisation international commitments armour infantry artillery army aviation engineers communications and combat service support units of the army recruiting and training reserve forces plus a final miscellaneous chapter which deals with a number of items essential to understanding how the british army functions on a daily basis lavishly illustrated throughout there is no comparable publication available on the market this book focuses on the role of ethics in the application of mindfulness based interventions mbis and mindfulness based programs mbps in clinical practice the book offers an overview of the role of ethics in the
