tricks and traps cover the breadth of the ks2 syllabus at the depth expected for 11 focus your training time on the harder material space to show your detailed working part of an extensive multi book series preparing for the 11 pupils approaching the 11 examination face many challenges including lack of time uncertainty over what is required and an ever changing and secretive testing environment plain mathematics questions are progressively being replaced with more demanding numerical reasoning questions selective schools are increasingly interested in not only rote recall of methods but also the ability to understand questions expressed in prose and skilfully apply sometimes several mathematical principles to arrive at an answer the eureka 11 challenging maths and numerical reasoning series of books to provide focused preparation for pupils and their busy parents questions are expressed in words with the pupils learning the habit of extracting the relevant numbers and key facts most questions are multi part reflecting the trend in examinations to challenge pupils skills at progressively higher levels as the question unfolds these questions are the upper echelon of what is tested at 11 although they need only key stage 2 concepts they are challenging because they require good command of multiple skills simultaneously pupils and perhaps even parents will find very few of these questions to be very easy thankfully the real exam will contain many easier questions but preparation time is best spent on those which present greater challenges and therefore more

learning opportunities when answering the questions set yourself a target e.g. 3 questions in half an hour write down clearly your steps of working in full to make checking easier go through the answers soon after doing the questions do not be sad if you have made mistakes learn from them many questions cover areas where even strong pupils are prone to errors watch out for the traps described incorporate the tips into your methods in future see if the method suggested is quicker or less open to error than yours for any examination diligent practice carefully analysing errors mulling over methods and developing and testing your own preferred approaches pay enormous dividends the bond 11 english test papers pack 2 are realistic exam style papers with question booklets in standard write in answer format each paper is designed to take 50 minutes to replicate test conditions and develop essential skills for exam success folder the bond 11 verbal reasoning challenge assessment papers for 10 11 years is a new and improved edition of the bond verbal reasoning stretch assessment papers which now includes new extra tricky questions as well as fully explained answers in the pull out centre section of the book used with the verbal reasoning 11 handbook challenge test paper packs and other supporting bond titles the challenge assessment papers offer rigorous 11 practice questions to stretch the very brightest minds working through the papers helps to prepare children for more difficult questions and competitive exams and in doing so improves exam skills

providing challenging practice of verbal reasoning skills these age ranged essential study guides really help children to succeed bond is the number 1 provider of 11 practice helping millions of children pass selective entrance exams bond assessment is the only series of graded practice papers for age 5 to 13 for english and maths and age 5 to 12 for verbal reasoning and non verbal reasoning the four subjects commonly assessed in entrance examinations letter to parents after years of helping prepare students to sit their 11 exams we at educate sterling realised that much of the fundamental progress made by students is done through sitting past papers at home unfortunately because each school only release one or two specimen papers a year parents often expressed frustration at not being able to find enough papers for their children to practice on when evaluating the papers which were available to download from different websites we found that most were aimed at preparing students for the average uk entrance test these have considerably easier questions than those of many central london schools realising this gap in the market we started to design and write past papers that reflected the format and difficulty of the most challenging 11 entrance exams these not only match the syllabuses but also contain the types of creative maths questions students will face there are a number of things to remember when attempting these tests firstly they are hard and are supposed to push even the most academically able students therefore the scores in these tests may be lower than

what your child normally receives as a rough benchmark anything above 60 is good 70 is very good and 80 is amazing as these tests are harder than the norm it may be sensible to use them at the end of your child s preparation not the beginning this will make sure that their confidence is not dampened by a poor test performance lastly if you would like any help preparing for the exam or advice on choosing the best school for your child please feel free to get in contact with us using our website educateterling.co.uk we have helped many families support their child through the challenging process of applying to independent schools in london why not get in contact to see if we can help you too thank you and we hope you find the tests useful bond 11 mixed standard test papers are realistic 11 timed test papers with full answers included this new edition now contains an additional challenge paper with extra tricky questions across all four 11 subjects english maths non verbal reasoning and verbal reasoning each mock test paper enables children to simulate the test developing critical exam techniques of following instructions reading the question carefully and time management that will build confidence ahead of the test working through the four subject papers develops core exam skills while the extra challenge paper prepares children for more difficult questions bond is the number 1 provider of 11 practice helping millions of children pass selective entrance exams do you want your child to attend an independent or grammar school wondering how to give him or her the best

10-11 years 2021-07-01 letter to parents after years of helping prepare students to sit their 11 exams we at educate sterling realised that much of the fundamental progress made by students is done through sitting past papers at home unfortunately because each school only release one or two specimen papers a year

parents often expressed frustration at not being able to find enough papers for their children to practice on when evaluating the papers which were available to download from different websites we found that most were aimed at preparing students for the average uk entrance test these have considerably easier questions than those of many central london schools realising this gap in the market we started to design and write past papers that reflected the format and difficulty of the most challenging 11 entrance exams these not only match the syllabuses but also contain the types of creative maths questions students will face there are a number of things to remember when attempting these tests firstly they are hard and are supposed to push even the most academically able students therefore the scores in these tests may be lower than what your child normally receives as a rough benchmark anything above 60 is good 70 is very good and 80 is amazing as these tests are harder than the norm it may be sensible to use them at the end of your child s preparation not the beginning this will make sure that their confidence is not dampened by a poor test performance lastly if you would like any help preparing for the exam or advice on choosing the best school for your child please feel free to get in contact with us using our website educatesterling.co.uk we have helped many families support their child through the challenging process of applying to independent schools in london why not get in contact to see if we can help you too thank you and we hope you find the tests useful
