challenges faced by multinational enterprises mnes in today s changing commercial and political landscape with a diverse range of contributors from varying international backgrounds this book discusses the different strategies employed by mnes and analyses how they cope with the current global business environment an extremely useful read for those studying globalisation and mnes this book provides an interdisciplinary and timely approach to international business strategy

The Internationalisation of Retailing in Asia 2004-03-01 european retailers have successfully internationalised their activities in europe but have been less successful in north america american retailers have been successful in their home market but less so in europe the major european and american retailers are now entering asia and competing directly with each other in a substantive way fort he first time these western retailers using modern managerial methods are entering markets typified by more traditional managerial approaches western managerial cultures and values are interfacing with asian ones the results of these moves are new stresses for asian retail structures that bring a new dynamism to asian retailing the contributions in this book explore the conflicts and benefits that arise as retailing in asia becomes internationalised the contributions are provided by experts in retail research from across asia and for the first time in depth analyses are provided of the ways that western retailers are provoking change in asia the book results form a seminar held at the university of marketing and distribution sciences kobe in november 2001 under the auspices of society for asian research in distribution scholars from across the region presented research results of their analyses of the new commerce now appearing in asia

International Business 2021-09-16 rigorously updated textbook that balances business theory and business practice includes new cases studies and up to date examples

Product-Country Images 2014-05-01 this is the first ever book about product and country images it discusses the nature and role and influence of product country images in international marketing strategy and consumer behavior thousands of companies use country identifiers as part of their international marketing strategy and hundreds of researchers have studied the ways in which these identifiers influence behavior as markets become more international the more prominently the origin of products will figure in sellers and buyers decisions the time is ripe for practitioners and academicians to delve into the insights offered in this seminal volume so as to better prepare for meeting the competitive challenges of the global marketplace product country images is a wide ranging and state of the art book offering specific information and case studies to further understanding of the various aspects of this complex topic

Making Cultural Cities in Asia 2015-12-22 this book examines the vast and largely uncharted world of cultural creative city making in asia it explores the establishment of policy models and practices against the backdrop of a globalizing world

and considers the dynamic relationship between powerful actors and resources that impact asian cities making cultural cities in asia approaches this dynamic process through the lens of assemblage how the policy models of cultural creative cities have been extracted from the flow of ideas and how re invented versions have been assembled territorialized and exported this approach reveals a spectrum between globally circulating ideals on the one hand and the place based contexts and contingencies on the other at one end of the spectrum this book features chapters on policy mobility in particular the political construction of the web of communication and the restructuring or rescaling of the state at the other end chapters examine the increasingly fragmented social forces their changing roles in the process and their negotiations alignments and resistances this book will be of interest to researchers and policy makers concerned with cultural and urban studies creative industries and asian studies

Country of Origin Effect 2007-12-04 inhaltsangabe abstract consumers have significantly different country images or general perceptions about products made in different countries consumers use country image in product evaluation because they often are unable to detect the true quality of a country s products before purchase extensive research on the impact of country of origin on buyers evaluations of products has been reported in international marketing literature this study concerns the german beer industry threatened by imported impure beer facing a declining and very competitive domestic market many small and medium sized enterprises are beginning to take exporting as an option into consideration the question is how german beer is perceived in the uk and whether the country image should be utilised in the promotion of new product offerings the first part of this dissertation provides an overview of the country of origin coo literature by compiling and discussing findings regarding the way it operates the factors influencing value and magnitude and limitations of previous studies the market attractiveness of the uk beer market was assessed and compared to the situation of the german market the primary research of the second part consists mainly of a consumer based attitudinal survey the sample was restricted to 18 36 years old premium beer drinkers for this sample coo has only a minor direct influence on the purchase decision coo should nevertheless be communicated because it is likely to have an influence on the quality perception of beer and foreign origin is a prerequisite for being seen as a premium beer german beer is perceived as being superior in terms of quality and taste that is one factor contributing to the attractiveness of the uk market the market is also attractive in terms of size and future growth the marketing mix should be consistent with a differentiation strategy of a premium beer a country image dimension might be part of a unique brand image inhaltsverzeichnis table of contents introduction and objectives1 1 1introduction1 1 2the need 1 for information2 1 3research objectives and information needs3 1

Emerging Research on Islamic Marketing and Tourism in the Global Economy 2014-07-31 the global spread of islamic movements and the ascendance of a chinese state that limits religious freedom have aroused anxieties about integrating islam and protecting religious freedom around the world focusing on violent movements like the so called islamic state and uygur separatists in china s xinjiang province threatens to drown out the alternatives presented by apolitical and inwardly focused manifestations of transnational islamic revival popular among groups like the hui china s largest muslim minority this book explores how muslim revivalists in china s qinghai province employ individual agency to reconcile transnational notions of religious orthodoxy with the materialist rationalism of atheist china based on a year immersed in one of china s

most concentrated and conservative urban muslim communities in xining the book puts individuals struggles to navigate theological controversies in the contexts of global islamic revival and chinese modernization by doing so it reveals how attempts to revive the original essence of islam can empower individuals to form peaceful and productive articulations with secular societies and further suggests means of combatting radicalization and encouraging interfaith dialogue as the first major research monograph on islamic revival in modern china this book will be of interest to students and scholars of anthropology islamic studies and chinese studies

Chinese Muslims and the Global Ummah 2016-07-01 nation branding concepts issues practice was the ground breaking first textbook to provide an overview of this recently established but fast growing practice in which the principles of brand management are applied to countries rather than companies many governments have invested in nation branding in order to strengthen their country s influence improve its reputation or boost tourism trade and investment this new edition has been comprehensively revised and its influential original framework modified to reflect the very latest changes to this still developing field it remains an accessible blend of theory and practice rich with international examples and contributions updates to this edition new international cases of countries as diverse as china united arab emirates ghana cuba india great britain and many more new contributions from distinguished scholars diplomats and businesspeople providing a range of case studies practitioner insights and academic perspectives new companion website to support the book featuring instructor aids such as powerpoint presentations for each chapter and an instructor manual this much anticipated update to an influential book is an essential introduction to nation branding for students and policy makers

Key Developments in International Marketing 2015-08-27 technology is a key driver behind the effects of contemporary globalization on business and other organizations worldwide understanding this phenomena in connection with the impact of cultural variations can help improve business and product life cycles in an era in which corporate capital and liquidity buffers must be increased for unexpected developments in global markets cultural and technological influences on global business is a leading publication in its field emphasizing the importance of deeply exploring the effects of cultures and technologies on the global business sector this reference source is beneficial for professionals researchers and practitioners who wish to broaden their understanding of the direct relationship between culture and technology in the international business realm

Nation Branding 2013-04-30 the ancient chinese scholars are fond of applying the yin and yang diagram to correlate almost everything this book continues that tradition and uses the model to study other non dialectical theories and models the major finding qua contribution in this publication is to point out that the four diagrams are equivalent to the bagua or

baguatu bg a set of eight ancient china symbolic notations gossip another finding is that dialectical crab and frog motion remark is just the opposite of a non dialectical crab and frog motion usually deductive linear or cause and effect remark or at best they must meet half way the two major tasks of this book are to first apply the author s one dot theory which is shored up by the crab and frog motion model to convert other theories and models as well as studies and second apply his theory and model to reinvent some well known western derived theories and models and studies such as game theory the attempt is to narrow down the gap between the east and the west scholarship xueshu broadly defined making the book of interest to eastern and western philosophers and scholars alike

Cultural and Technological Influences on Global Business 2011-12-22 understand the asian consumer s demands and effective marketing strategies the emergence of china as a viable consumer market has created tremendous opportunities for international or multinational firms looking for market entry or expansion in china at the same time the evolution of the chinese economy and the increasing heterogeneity of chinese consumers also pose a great deal of challenges for global marketers trying to assess and evaluate the chinese market consumer behavior in asia issues and marketing practice will help marketers and market researchers understand asia s consumer market by providing you with a consumer segmentation of china s 1.25 billion population as it explores asia s cultural values consumer perceptions and attitudes from this book you will discover everything from perceptions and preferences toward advertising and different consumer goods to the emergence and growth of different upper class sectors consumer behavior in asia provides you with demographics psychographics and life styles of asian consumers to assist you in successfully entering the asian market academics and business executives will be able to examine the emergence of the asian markets and focus on the similarities and differences of asian consumers with western counterparts consumer behavior in asia will enable you to accurately assess market demands and enact effective marketing strategies with this essential book you will explore several studies that reveal information on asian consumers including marketing strategies for firms to adjust and thrive as fast food providers in asia market segmentation considerations for rural and urban areas a complete outline of china s population segments buying preferences and spending power consumer decisions based on the country of brand and brand of product asian generation x ers perceptions toward advertising influences of cultural forces on consumer behavior such as the importance of gift giving consumer behavior in asia provides you with a complete overview of china s economy and highlights the attractiveness of the growing market the plethora of business opportunities in china is epitomized by the encouraging words one would say to an ambitious merchant go west young man to the east
