Sue, A Little Heroine 2023-07

Lt Meade was a well known author of children's and young adult literature in the late 19th and early 20th centuries and his novel Sue a Little Heroine is a touching tale of triumph over adversity. Sue, a courageous and sympathetic main character, is put through a lot in the story. Sue, an orphan raised by her strict aunt Jane, has a difficult time finding her footing in life, but she has a strong character that allows her to triumph over adversity and have a positive effect on those around her. As the plot progresses, Sue's courage and selflessness are tested. She stands up to bullies, negotiates complicated family dynamics, and advocates for what she thinks is right. Sue acquires a profound understanding of friendship, empathy, and the efficacy of compassion as a result of her activities. Because of Lt Meade's skill as a storyteller, his readers are immersed in engrossing stories about individuals they can relate to and situations that make them feel both hopeful and inspired.

have you ever been fired from your job and believe you have been treated badly and think you may have a lawsuit when i was fired from this particular employer it just didn t seem right so i contacted eeoc and nlrp and a host of other companies to see if i had a case and i do and am currently suing in federal court for discrimination you can read the book to find out the details i thought i would retire from this job but it didn t happen that way the defendants not only discriminated against me but i was assaulted on the job and my supervisor documented a lot of her discrimination tactics in my exit interview papers and the defendant is trying to scare me into believing that i am bound

by an arbitration agreement which i did not sign i was only on this job for 3 months but that didn't stop me i pursued it anyway and i believe it's an open and shut case they defendant is already asking me to send them a demand letter instead of killing each other with guns and knives or fighting each other in the streets we need to fight our battles where they can be won in the court room the board room the class room on our knees and even on stage spitting some poetry but not in the streets justice system is fair and just if you use it properly and be patient the world wasn't built in a day it's time consuming and it can wear your patience out but it's worth it don't give up and don't give in and don't let your former employer scare you into believing you don't have a case or you don't have a right to sue sue anyway use your constructive weapons to your advantage like i did and win this fight
