Power to the Middle 2023-07-18 if you re thinking of cutting your midlevel managers in the new world of work think again middle manager the term evokes a bygone industrial era in which managers functioned like cogs in a vast bureaucratic machine in recent decades midlevel managers became a favorite target for the chopping block underappreciated often considered a superfluous layer of the organization not only does this outdated perspective need to change but the future demands it in power to the middle mckinsey thought leaders bill schaninger bryan hancock and emily field call for a profound reimagining of managers and their roles they explain how middle managers are uniquely positioned close to the ground but with a crucial connection to company strategy enabling them to guide their organizations through periods of rapid and complex change as well as to help shape the new world of work the authors compellingly illustrate this deep shift in the workplace showing how managers are the key to winning the war for talent which requires strong people skills to attract and retain the best talent managers must shift from merely enforcing rules to challenging them serving as critical stopgaps for rules that are ineffective or obsolete crucially good managers must not be promoted out of their jobs instead their title and compensation should reflect their high value and allow them to advance within their roles with rich stories and cutting edge research power to the middle offers a new model for companies to radically alter the way they hire train and reward their midlevel managers their most valuable asset

Developments 2002 the extent to which we see ourselves as similar or different from others in our lives plays a key role in getting along and participating in social life this volume identifies research relevant to such communal functions of social comparisons and summarizes and organizes this research within a single coherent conceptual framework the volume provides an important addition to current thinking about social comparison which has often neglected communal and affiliative functions whereas human desire to compare with others has traditionally been viewed as motivated by self centered needs such as self evaluation self enhancement and self improvement this book presents an eclectic cross section of research that illuminates connective cooperative and participatory functions of social comparisons in this vein the book aims both to expose research on currently neglected functions of social comparisons and to motivate a broader theoretical integration of social comparison processes

Communal Functions of Social Comparison 2014-03-21 africa for the africans was the name given in africa to the extraordinary black social protest movement led by jamaican marcus mosiah garvey 1887 1940 volumes i vii of the marcus garvey and universal negro improvement association papers chronicled the garvey movement that flourished in the united states during the 1920s now the long awaited african volumes of this edition volumes viii and ix and a forthcoming volume x demonstrate clearly the central role africans played in the development of the garvey phenomenon the african volumes provide the first authoritative account of how africans transformed garveyism from an external stimulus into an african social movement they also represent the most extensive collection of documents ever gathered on the early african nationalism of the inter war period here is a detailed chronicle of the spread of garvey s call for african redemption throughout africa and the repressive colonial responses it engendered volume viii begins in 1917 with the little known story of the pan african commercial schemes that preceded garveyism and charts the early african reactions to the unia volume ix continues the story documenting the establishment of unia chapters throughout africa and presenting new evidence linking garveyism and nascent namibian nationalism

He Keeps Running Back 2023-07-04 a definition of leadership that would be widely accepted by the majority of theorists and researchers might say that leadership is a process of social influence in which one person is able to

enlist the aid and support of others in the accomplishment of a common task the major points of this definition are that leadership is a group activity is based on social influence and revolves around a common task while this specification seems relatively simple the reality of leadership is very complex intrapersonal factors thoughts and emotions interact with interpersonal processes attraction communication and influence to have effects on a dynamic external environment each of these aspects brings complexity to the leadership process it is the purpose of this book to make that complexity a bit more manageable increasing the ability to understand what effective leadership is this volume offers a comprehensive analysis and integration of the empirical research literature and major theories of leadership it employs a functional analysis stressing what leaders must do to be effective and specifies the processes related to each function the chapters provide an extensive review of the major approaches to leadership each chapter is discussed with an eye to explaining the basic principles the research evidence and where appropriate the relationship of the theory or research program to other theories in addition this volume offers the most comprehensive treatment of cultural and gender factors in leadership of any recent book the question of male female differences in leadership style and performance is carefully analyzed against the empirical findings the ultimate goal of this review of the literature is to provide a basis for the presentation of an integrative model of leadership that brings together function and process and provides an armature for integrating what is known
