# The Nighthawk MK62 Mesh User Guide

2021-09-03

when it comes to providing wifi for the whole family or office you need something consistent any wifi router can claim that it will be able to beam strong wifi signals across the state but few wifi routers can actually deliver on the promise of whole home wifi strength even though wifi has become ubiquitous in recent years it still takes time and research to find good systems what you really need is a whole home mesh wifi system these systems use centralized routers and satellite units to deliver wifi across broader areas such a setup will enable you to enjoy wifi from any part of your home even better whole home mesh systems will let multiple devices benefit from the same network without slowing anything down with all this in mind how does the netgear nighthawk mk 62 whole home mesh wifi system achieve these goals to deliver wifi to devices across your home you first need a router that router which is the larger of the two blocky units offered with this kit connects to the internet first that main router can then transmit wifi to one or more satellite devices that s what the second blocky unit in this kit is for it s a powerful satellite unit all by itself unlike many other wifi mesh satellites it can provide wifi coverage of about the same size as the main router ready to explore new features and know your device better read the nighthawk mk62 mesh user guide and learn how to use your nighthawk wifi device like a pro
