Brother Bill

2016-06-16

this book is a fascinating analysis of race and class in the age of president bill clinton it provides much needed clarity in regards to the myth of the first black president it contributes much to our understanding of the history that informs our present moment cornel west as president barack obama was sworn into office on january 20 2009 the united states was abuzz with talk of the first african american president at this historic moment one man standing on the inaugural platform seemingly a relic of the past had actually been called by the moniker the first black president for years president william jefferson clinton had long enjoyed the support of african americans during his political career but the man from hope also had a complex and tenuous relationship with this faction of his political base clinton stood at the nexus of intense political battles between conservatives demands for a return to the past and african americans demands for change and fuller equality he also struggled with the class dynamics dividing the american electorate especially african americans those with financial means seized newfound opportunities to go to college enter the professions pursue entrepreneurial ambitions and engage in mainstream politics while those without financial means were essentially left behind the former became key to clinton s political success as he skillfully negotiated the african american class structure while at the same time maintaining the support of white americans the results were tremendously positive for some african americans for others the clinton presidency was devastating brother bill examines president clinton s political relationship with african americans and illuminates the nuances of race and class at the end of the twentieth century an era of technological political and social upheaval

100 Most Popular African American Authors

2006-11-30

here s a one stop resource containing 100 profiles of your favorite contemporary african american writers along with complete lists of their works focusing on writers who have made their mark in the past 25 years this guide stresses african american writers of popular and genre literature from rochelle alers and octavia butler and

White Racism

2020-07-24

this book incorporates a range of new material on racist events and incidents across the united states it includes a few new concepts and some of the original concepts about individual and institutionalized racism in the united states

Elite White Men Ruling

2017-04-07

this book examines the who what when where and how of elite white male dominance in u s and global society in spite of their domination in the united states and globally that we document herein elite white men have seldom been called out and analyzed as such they have received little to no explicit attention with regard to systemic racism issues as well as associated classism and sexism issues almost all public and scholarly discussions of u s racism fail to explicitly foreground elite white men or to focus specifically on how their interlocking racial class and gender statuses affect their globally powerful decisionmaking some of the power positions of these elite

white men might seem obvious but they are rarely analyzed for their extraordinary significance while the principal focus of this book is on neglected research and policy questions about the elite white male role and dominance in the system of racial oppression in the united states and globally because of their positioning at the top of several societal hierarchies the authors periodically address their role and dominance in other oppressive e g class gender hierarchies

When the Clock Broke

2024-06-18

terrific vibrant when the clock broke is one of those rarest of books unflaggingly entertaining while never losing sight of its moral core jennifer szalai the new york times when the clock broke is leagues more insightful on the subject of trump s ascent than most writing that purports to address the issue directly becca rothfeld the washington post lively and kaleidoscopic andrew marantz the new yorker john ganz is the most important young political writer of his generation just the one our dark moment needs rick perlstein a revelatory look back at the convulsions at the end of the reagan era and their dark legacy today with the soviet union extinct saddam hussein defeated and u s power at its zenith the early 1990s promised a kinder gentler america instead it was a period of rising anger and domestic turmoil anticipating the polarization and resurgent extremism we know today in when the clock broke the acclaimed political writer john ganz tells the story of america s late century discontents ranging from upheavals in crown heights and los angeles to the advent of david duke and the heartland survivalists the broadcasts of rush limbaugh and the bitter disputes between neoconservatives and the paleo con right ganz

immerses us in a time when what philip roth called the indigenous american berserk took new and ever wilder forms in the 1992 campaign pat buchanan s and ross perot s insurgent populist bids upended the political establishment all while americans struggled through recession alarm about racial and social change the specter of a new power in asia and the end of cold war era political norms conspiracy theories surged and intellectuals and activists strove to understand the middle american radicals whose alienation fueled new causes meanwhile bill clinton appeared to forge a new vital center though it would not hold for long in a rollicking eye opening book ganz narrates the fall of the reagan order and the rise of a new and more turbulent america

In the Name of Elijah Muhammad

1996-10-07

in the name of elijah muhammad tells the story of the nation of islam its rise in northern inner city ghettos during the great depression through its decline following the death of elijah muhammad in 1975 to its rejuvenation under the leadership of louis farrakhan mattias gardell sets this story within the context of african american social history the legacy of black nationalism and the long but hidden islamic presence in north america he presents with insight and balance a detailed view of one of the most controversial yet least explored organizations in the united states and its current leader beginning with master farad muhammad believed to be god in person gardell examines the origins of the nation his research on the period of elijah muhammad s long leadership draws on previously unreleased fbi files that reveal a clear picture of the bureau s attempts to neutralize the nation of islam in addition they shed new light on the circumstances surrounding the murder of malcolm x with the main part of the book focused on the fortunes of the nation after elijah muhammad s death gardell then turns to the figure of minister farrakhan from his emergence as the dominant voice of the radical black islamic community to his leadership of the million man march farrakhan has often been portrayed as a demagogue bigot racist and anti semite gardell balances the media s view of the nation and farrakhan with the nation s own views and with the perspectives of the black community in which the organization actively works his investigation based on field research taped lectures and interviews leads to the fullest account yet of the nation of islam s ideology and theology and its complicated relations with mainstream islam the black church the jewish community extremist white nationalists and the urban culture of black american youth particularly the hip hop movement and gangs

A Good Investment?

2015-11-15

select students and teachers worked the room at a fundraising event for a new york city public high school amy brown calls college preparatory academy it was their job to convince wealthy attendants that college prep with its largely minority and disadvantaged student body and its unusually high rate of graduation and college acceptance was a worthy investment to this end students and teachers tried to seem needy and deserving hoping to make supporters feel generous important and not threatened how much brown asks does competition for financing in urban public schools depend on marketing and perpetuating poverty in order to thrive and are the actors in this drama deliberately playing up stereotypes of race and class a good investment offers a firsthand look behind the scenes of the philanthropic approach to funding public education a process in which social change in education policy and practice is aligned with social entrepreneurship the appearance of success equity or justice in education brown argues might actually serve to maintain stark inequalities and inhibit democracy her book shows that models of corporate or philanthropic charity in education can in fact reinforce the race and class hierarchies that they purport to alleviate as their voices reveal the teachers and students on the receiving end of such a system can be critically conscious and ambivalent participants in a school s racialized marketing and image management timely and provocative this nuanced work exposes the unintended consequences of an education marketplace where charity masquerades as justice
