it is 1847 and paris is edging closer to its next revolution but something is also astir inside mont dragon in the ardèche this is a place of annual pilgrimage for a band of enigmatic nomads and also a place of interest to the ambitious bishop of viviers in spite of his distaste for travel auguste dupin makes the long southward journey in the hope that he might be able to help an old friend the evolutionist claude guérande guérande believes that he has made discoveries in the caves of mont dragon that might cast new light on the origin of humankind and of life itself over the years however not everyone who has gone into the caves has come out again and not

everyone who has come out has been unaltered and 1847 promises to be a critical year more dangerous than any before it and when the bizarre flameflower begins to bloom everything changes another great tale in the auguste dupin series

The Mind-Riders

2012-01-20

first published in 1976 the mind riders features a remarkable anticipation of virtual reality gaming in which the revised sport of boxing pits physically identical virtual fighters against one another operated by electronically connected handlers with viewers receiving transmissions of the combatants emotions as their simulations slug it out ryan hart banished from the sport in its early days because of his lack of marketable emotion is brought back by an obsessed media executive who wants to see the reigning champion beaten at any cost hart is not certain that he can win after such a lapse of time nor is he certain he can resist pressure to give the vast virtual crowds the dose of sadistic exultation they crave but that doesn t stop him from heading into the virtual ring and fighting the bout of his life rousing science fiction adventure by a master of the genre

throughout the centuries that have passed since humans first ventured into interstellar space they have been at war with the alien veich the human race has in consequence been fully militarized its educational system being a form of military training which includes among other disciplines the elimination of fear from the human psyche attitudes to the war have however been colored by the gradual discovery of relics revealing that it is echoing an earlier interstellar conflict whose antagonists have completely disappeared victors and vanquished alike on a neglected continent of an unimportant world ex sergeant remy and other human and veich deserters have joined forces to form a mercenary company that places its expert skills at the disposal of the dominant indigenes this refuge from the greater war is however disrupted when archeologists on another world discover evidence that there might be significant relics of the earlier war buried in the inhospitable heart of the continent where barbarian tribes are currently massing for a religious war remy has no alternative but to revert to working for his own race knowing that whatever he enables them to find or even if they find nothing at all his own life will be in grave peril and that nothing will ever be the same again great military sf also published as optiman

The New Evangelization

2015-02-26

the second vatican council endorsed an engagement with the modern and secularized world through a renewed proclamation of the gospel john paul ii described this as the new evangelization and in 2010 benedict xvi confirmed this priority by creating the pontifical council for promoting the new evangelization to propose the perennial truth of the gospel the new evangelization was the subject of the synod of bishops in 2012 and in 2014 pope francis gave his reflections on the topic in *evangelii gaudium* the new evangelization draws on material presented and discussed at the conference vatican ii 50 years on the new evangelization organised by leeds trinity university on 26 29th june 2012 part i traces the historical and theological links between the council and the new evangelization part ii examines the renewed understanding of the church as a result of the council and the extent to which it is shaped by civilization part iii analyzes the nature of the new evangelization and its outworking in today s multifarious context of cultures religions and societies part iv deals with the implementation of the new evangelization by different communities and organizations and the issues this raises in the introduction and conclusion the editors reflect on the new evangelization in the light of significant developments since 2012

in america s foreign affairs there has been a delicate balance between often conflicting imperatives of interests ideals and power how these imperatives have intersected to shape the constellation of american foreign policy decisions throughout the nation s history and indeed how they have served to advance or subvert attainment of america s regional hemispheric and global ambitions is the subject of this study this collection of essays explores seminal decisions in american foreign policy and diplomatic history from the early national period to the vietnam war each of which proved to be a turning point and then asks readers to consider alternative futures based upon different courses of action nielson underscores how history could and perhaps should have been different u s foreign policy has in large measure been contingent upon decisions made by individuals in

positions of power their personalities characters and assumptions about duty and america s role in the world have uniquely shaped policy choices and thus the course of foreign affairs for better or worse this book hopes to show that history is ever fluid unpredictable and problematic it will complement traditional texts as a what if counterpoint which will stimulate interest in and speculation about leadership roles national interest and decision making in foreign policy
