children are naturally inquisitive and eager to explore and learn about the world around them it is important for their guardians both parents and teachers to satisfy their queries and that too in such a way that the children are able to understand and comprehend the concepts as well as learn from them also there exists a gap in the level of information and knowledge

provided to the children by the parents vs that provided by their teachers discrepancies might also exist in the methodology  
ies through which the information and knowledge is relayed this increases the possibility that the children might either not  
understand the concept clearly or become confused about the correct interpretation of the concepts with these objectives in  
mind and to build connectivity between the teaching methodologies by parents and teachers we at oswaal books have come  
up with this manual for teachers and parents some benefits of using this manual are it aims to aid the teachers and parents in  
simplifying the concepts studied by children as a part of their curriculum it equips the parents and teachers to enable the  
children to understand the subjects and also evaluate their measure of understanding and creativity it includes learning and  
understanding aids along with a lesson plan for each chapter it demonstrates effective teaching techniques it also gives  
various propositions for step wise learning and building up of concepts important features of the book strictly based on latest  
ncert textbook the manual is based on the latest ncert textbook 6 exploratory learning objectives these provide explicit  
instructions to parents and teachers to teach their wards effective teaching techniques the manual has tried and tested  
teaching techniques for higher success rate what this book has for you lesson plan for each chapter this provides clarity and  
direction to the users tabulated and categorised information this helps in creating and effectively executing the lesson plan 5es
