## ***A Walk Thru the Book of Esther (Walk Thru the Bible Discussion Guides)***

2010-07-01

author thomas mccann invites readers to rethink their approach to teaching writing by capitalizing on students instinctive desire to talk drawing on extensive classroom research he shows teachers how to craft class discussions that build students skills of analysis problem solving and argumentation as a means of improving student writing mccann demonstrates how authentic discussions immerse learners in practices that become important when they write chapters feature portraits of teachers at work including transcripts that reveal patterns of talk across a set of lessons interviews with the teachers and samples of student writing afford readers a deeper understanding of process students also report on how classroom discussions supported their effort to produce persuasive argument driven essays book

features a focus on the thinking behind the practice as opposed to a collection of lesson ideas connections to important elements from the common core state standards especially arguments writing examples of students at work with examples of the writing that emerges from their discussions portraits of skilled teachers as they promote inquiry and sequence and facilitate discussions appendices with problem based scenarios interview questions for students and teachers samples of debatable cases in the news and more in this important book tom mccann has given us not only the admonition to change but the details about what effective change must be and what it looks like evidence that it works effectively and details about how to bring it to pass from the foreword by george hillocks jr professor emeritus department of english university of chicago for a professional book to have an impact on the field it needs to address a perceived need writing arguments for common core performance assessments is a huge need right now that this book helps address carol jago associate director california reading and literature project ucla

## ***Lead Like Jesus for Churches***

2016-04-19

this book is a longitudinal study of a 10 year experimental teacher

education program follow up studies and writing continued for 6 years after the program closed this case study describes a search for effective and socially just practices within a long term reform initiative intended to prepare teachers for urban schools the program was run through a professional development school a collaboration between a university program and a diverse group of practicing teachers and the book was written collaboratively by many of the participants faculty mentor teachers doctoral students and teacher candidates graduates there are few longitudinal studies of teacher education programs especially ones that focus on what was learned and told by those who did the learning the narratives here are rich diverse and multivocal they capture the complexity of a reform initiative conducted within a democratic context it s difficult messy and as varied as is democracy itself the program was framed by a sociocultural perspective and the focus was on learning through difference dialogue across difference which is more than just talk was both the method for doing research and the means for learning the program described here began in the ferment of teacher education reform in the early 1990s responding to the critics of the mid 1980s and this account of it is finished at a time when teacher education is again under attack from a different direction criticized earlier for being too progressive teacher education is now seen as too conservative the longitudinal results of this program show high retention rates and ground the argument that quality teacher

preparation programs for teaching in urban schools may well be cost effective as well as provide increased student learning this is counter to the current move to shorten teacher preparation programs at a time of low teacher retention in our under resourced urban schools the book does not advocate a model for teacher education but it aims to provide principles for practice that include school university collaboration democratic dialogue across differences and inquiry as a way to guide reform
