to ace ugc net in 1 st attempt the cambridge yearbook of european legal studies provides a forum for the scrutiny of significant issues in eu law the law of the european convention on human rights and comparative law with a european dimension and particularly those issues which have come to the fore during the year preceding publication the contributions appearing in the collection are commissioned by the centre for european legal studies cels cambridge a research centre in the law faculty of the university of cambridge specialising in european legal issues the papers presented are at the cutting edge of the fields which they address and reflect the views of recognised experts drawn from the university world legal practice and the institutions of both the eu and its member states inclusion of the comparative dimension brings a fresh perspective to the study of european law and highlights the effects of globalisation of the law more generally and the resulting cross fertilisation of norms and ideas that has occurred among previously sovereign and separate legal orders the cambridge yearbook of european legal studies is an invaluable resource for those wishing to keep pace with legal developments in the fast moving world of european integration individual chapters please click on the link below to purchase individual chapters from volume 14 through ingenta materials it is timely to consider what effect the advice on offer has had on teachers practice are teachers evaluating materials carefully using textbooks in the ways expected by textbook writers developing their own materials and mediating between materials and learners in the ways advised in the professional literature the book explores these issues from a variety of perspectives the views of publishers textbook writers those contributing to the professional literature and teacher educators are synthesised to establish a theory of how teachers can best fulfil their roles vis à vis materials and learners this is then compared with practice as represented by published accounts of teachers actual practices and learners perspectives the conclusion reached is that teacher education in materials evaluation and design is essential and suggestions are offered as to the form this might take the book is intended particularly for ma students and teacher educators concerned with materials evaluation and design but is of interest to all those concerned with the publication and use of english language teaching materials nationalism especially supranationalism is the bane of global governance and globalization whereas globalization seeks to unify the globe to function to advantage supranationalisms operate to frustrate the coherence and achievement of this aim this book delves into the theories of nationalism the contours of supranational activity within global politics international political economy and global trade alliances vis à vis africa the book also identifies a list of african countries with identical issues serial political difficulties or time bombs ticking and examines the performance of their political economies and new security challenges using global indicators the routledge companion to drama in education is a comprehensive reference guide to this unique performance discipline focusing on its process oriented theatrical techniques engagement of a broad spectrum of learners its historical roots as a field of inquiry and its transdisciplinary pedagogical practices the book approaches drama in education de from a wide range of perspectives from leading scholars to teaching artists and school educators who specialise in de teaching it presents the central disciplinary conversations around key issues including best practice in de aesthetics and artistry in teaching the histories of de ideologies in drama and education and concerns around access inclusivity and justice including reflections lesson plans programme designs case studies and provocations from scholars educators and community arts workers this is the most robust and comprehensive resource for those interested in de s past present and future isc question bank solved papers class 12 english paper 1 for exam 2025 uglješa grušić examines the legal regulation of transnational employment relationships in the private international law of the european union this book provides a collection of articles that reflect the current state of affairs in the blossoming field of world englishes by bringing together several innovative synchronic and diachronic approaches it contributes to the ongoing theoretical discussion concerning the criteria that make a low frequency item represent an incipient change and examines the suitability of the sociolinguistics of globalisation theory for the study of non traditional avenues for the spread of vernacular varieties of english recent migrations the entertainment industry the web it explores crucial aspects of language change and dialect evolution through the study of grammatical phenomena and the particular linguistic and socio historical factors conditioning them together with theoretical questions the volume shows a concern for methodological issues such as sociolinguistic interviews map task experiments metalinguistic comments acceptability judgments and corpus based paper 2016 csat paper ii 19 mppsc prelims solved previous paper 2017 csat paper ii 20 mppsc prelims solved previous paper 2018 csat paper ii this book provides a linguistic and cultural profile of the polish diasporic communities in three different european countries ireland france and austria the eight contributing chapters present original research on the acquisition and use of the languages of the respective host communities and also explore related elements of cultural acquisition a number of aspects of second language acquisition are considered notably the acquisition of phonology lexicon and discourse as well as aspects of sociolinguistic competence in addition varying approaches and research methods are reported on each of which was chosen in consideration of the particular research issue addressed and the particular circumstances under which the research was carried out these range from psycholinguistic approaches to second language acquisition to variationist approaches and include both quantitative and qualitative methodologies over the last forty years the functionalist approach to linguistic description and explanation has given rise to several major schools of thought that share two crucial assumptions i form is not independent of meaning function or language use and ii linguistic description and explanation need to take into account the communicative function of language this volume offers readers interested in functional linguistics a selected sample of studies that jointly prove the efficacy of the analytical tools and procedures broadly accepted within the functionalist tradition in order to investigate language and discourse with special focus on key pragmatic discourse notions such as contextualization grammaticalisation reference politeness in directness discourse markers speech acts subjective evaluation and sentiment analysis in texts among others in addition this volume offers specific corpus based techniques for the objective contextualisation of linguistic data which is crucial given the central role allotted to context in both functional linguistics and pragmatics discourse analysis weighing up the costs and benefits of economic interdependence in a finance driven world this book argues that globalization understood and promoted as absolute freedom for all forms of capital has been oversold to the global south and that the south should be as selective about globalization as the north liberalization financial instability and economic development challenges the orthodoxy on the link between financial deepening and economic growth as well as that between the efficiency of financial markets and the benefits of liberalization ultimately the author urges developing countries to control capital flows and asset bubbles preventing financial fragility and crises and recommends regional policy options for managing capital flows and exchange rates in paper monsters samuel fallon charts the striking rise at the turn to the seventeenth century of a new species of textual being the serial semifictional persona when thomas nashe introduced his charismatic alter ego pierce penilesse in a 1592 text he described the figure as a paper monster not fashioned but begotten into something curiously like life the next decade bore this description out as pierce took on a life of his own inspiring other writers to insert him into their own works and pierce was hardly alone such figures as the polemicist martin marprelate the lovers philisides and astrophil the shepherd laureate colin clout the prodigal wit euphues and in an odd twist the historical author robert greene all outgrew their fictional origins moving from text to text and author to author purporting to speak their own words even surviving their creators deaths and installing themselves in the process as agents at large in the real world of writing publication and reception in seeking to understand these paper monsters as a historically specific and rather short lived phenomenon fallon looks to the rapid expansion of the london book trade in the years of their ascendancy personae were products of print the medium that rendered them portable free floating figures but they were also the central fictions of a burgeoning literary field they embodied that field s negotiations between manuscript and print and they forged a new form of public textual selfhood sustained by the appropriative rewritings they inspired personae came to seem like autonomous citizens of the literary public fallon argues that their status as collective fictions passed among writers publishers and readers positioned personae as the animating figures of what we have come to call print culture second language assessment is ubiquitous it has found its way from education into questions about access to professions and migration this volume focuses on the main debates and research advances in second language assessment in the last fifty years or so showing the influence of linguistics politics philosophy psychology sociology and psychometrics there are four parts which when taken together address the principles and practices of second

language assessment while considering its impact on society read separately each part addresses a different aspect of the field part i deals with the conceptual foundations of second language assessment with chapters on the purposes of assessment and standards and frameworks as well as matters of scoring quality assurance and test validation part ii addresses the theory and practice of assessing different second language skills including aspects like intercultural competence and fluency part iii examines the challenges and opportunities of second language assessment in a range of contexts in addition to chapters on second language assessment on a national scale there are chapters on learning oriented assessment as well as the uses of second language assessment in the workplace and for migration part iv examines a selection of important issues in the field that deserve attention these include the alignment of language examinations to external frameworks the increasing use of technology to both deliver and score second language tests the responsibilities associated with assessing test takers with special needs the concept of voice in second language assessment and assessment literacy for teachers and other test and score users public policy has a dynamic effect on multiple facets of modern society methods for managing and engaging the public sphere continue to change conceptually across the globe impacting the ways that governments and citizens interact both within and across borders management and participation in the public sphere is a definitive reference source for the latest scholarly research on the interplay of public affairs and the domestic realm providing innovative methods on managing public policy across various nations cultures and governments featuring expansive coverage on a multitude of relevant topics in civic involvement information technology and modes of government this publication is a pivotal reference source for researchers students and professionals seeking current developments in novel approaches to public policy studies this publication features timely research based chapters on the critical issues of public policy including but not limited to archival paradigms internet censorship media control civic engagement virtual public spaces online activism higher education and public private partnerships identifying and examining political socio psychological and symbolic borders language borders and identity encompasses a broad geographically diverse spectrum of border contexts taking a multi disciplinary approach by combining sociolinguistics research with human geography anthropology and social psychology an essential guide providing beginning scientists and experienced researchers with practical advice on writing about their work and getting published the first cultural history of african asian and caribbean immigrants to the united kingdom from 1948 to the present
