combines year by year accounts of the accomplishments of the school's greatest athletes as well as profiles of hundreds of players and coaches such as the four horsemen Knute Rockne, Joe Montana, Digger Phelps, and others. Virginia Tech's Shayne Graham trots onto the field at West Virginia on November 6, 1999, with two thoughts in his mind: one is a missed field goal that would have beaten Miami a year earlier; the other is the 44-yard field goal he is about to try against the Mountaineers. A kick he must make if the Hokies are to stay unbeaten and on track for a national championship. Head down, he focuses on his mark. As the ball is snapped, he steps forward, the dream of an entire team resting with his leg. Now he hears Graham's memory of that kick in his own words for the first time: "Game of my life." Virginia Tech celebrates the extraordinary football and basketball moments that have shaped the college's rich athletic heritage through interviews with some of the school's most prestigious athletes. Hokies fans can relive the big games that defined the school's winning tradition: Carroll Dale, later a fixture with the Green Bay Packers, dove arms outstretched to haul in a crucial two-point conversion in a 1957 game against the University of Richmond; Les Henson shot from the baseline, the other baseline, as the clock neared zero against Florida State in 1980; Chris Smith went well beyond the double-double standard for points and rebounds, how about 30 and 31, against Marshall in 1959; Corey Moore made life miserable for Clemson quarterback Brandon Streeter one night in 1999; Bruce Smith did the same for Duke quarterback Ben Bennett in 1983; the Hokies' Jim Payne, meanwhile, made sure Syracuse's Kevin Mitchell didn't do the same to Tech quarterback Maurice Deshazo in 1993; Carlos Dixon, Mike Imoh, Andre Davis, Dell Curry, Bryan Still, Don Strock, Bryan Randall—all the Tech greats from the gridiron and hardwood—are in these pages, including Coach Frank Beamer. Join thousands of Virginia Tech fans in remembering these cherished stories for the athletes within these truly were the games of their lives. This book analyzes a range of Edgar Allan Poe's writing, focusing on new readings that engage with classical and postmodern studies of his work and the troubling literary relationship that he had with T.S. Eliot. Whilst the book examines Poe's influence in Spain and how his figure has been marketed to young and adult Spanish reading audiences, it also explores the profound impact that Poe had on other audiences such as in America, Greece, and Japan. From the nineteenth to the twenty-first century, the essays attest to Poe's well-deserved reputation, his worldwide legacy, and his continued presence in global literature. This book will appeal particularly to university teachers, Poe scholars, graduate students, and general readers interested in Poe's oeuvre. Obsessed with natural philosophy, the young Victor Frankenstein succeeds in creating life from its basic elements and abandons the newborn monstrosity in terror when he cannot bear to look at it. The rejected creature vanishes, and Victor attempts to forget what he has done, but the monster survives. It learns, deprived of everything, fated to forever be alone. It has nothing left but revenge. *Br Br Manga Classics* presents a frightening new manga adaptation of Mary Shelley's famous tale of creation and destruction, a great companion for great thinkers or dreamers to put their thoughts, sketches, and notes on high-quality cream-colored uncoated pages. Motivational quotes with unique illustrations from the world's classic literature on soft and hard cover notebooks.
