Concrete Solutions 2014 2014-08-18 the concrete solutions series of international conferences on concrete repair began in 2003 with a conference held in st malo france in association with insa rennes subsequent conferences have seen us partnering with the university of padua in 2009 and with tu dresden in 2011 this conference is being held for the first time in the uk in association with queen s university belfast and brings together delegates from 36 countries to discuss the latest advances and technologies in concrete repair earlier conferences were dominated by electrochemical repair but there has been an interesting shift to more unusual methods such as bacterial repair of concrete plus an increased focus on service life design aspects and modelling with debate and discussion on the best techniques and the validity of existing methods repair of heritage structures is also growing in importance and a number of the papers have focused on the importance of getting this right so that we may preserve our rich cultural heritage of historic structures this book is an essential reference work for those working in the concrete repair field from engineers to architects and from students to clients

International Young Physicists' Tournament 2016-02-03 international young physicists tournament iypt is one of the most prestigious international physics contests among high school students this book is based on the solutions of 2014 iypt problems the authors are undergraduate students who participated in the cupt chinese undergraduate physics tournament it is intended as a college level solution to the challenging open ended problems it provides original quantitative solutions in fulfilling seemingly impossible tasks this book is not limited to the tasks required by the problems and it is not confined to the models and methods in present literatures many of the articles include modification and extension to existing models in references or derivation and computation based on fundamental physics this book provides quantitative solutions to practical problems in everyday life this is a good reference book for undergraduates advanced high school students physics educators and curious public interested in the intriguing phenomena in daily life list of supplementary materials more solutions not included in the book solution to problem 4 ball sound 2 mb solution to problem 13 rotating saddle 2 mb solution to problem 14 rubber motor 3 mb others problem 2 hologram video1 iypt display 16 mb video2 parallax of real objects 1 mb video3 parallax of hologram image 14 mb problem 3 twisted rope video1 twist process of a silicon gel rope twisted 8 rounds 16 mb video2 twist process of a multi strand rope twisted 20 rounds 17 mb problem 6 bubble crystal video 1 the attraction of two bubbles 4 mb video 2 bubble crystal formation 1 mb video 3 vacancy and replacement 1 mb problem 8 freezing droplets video1 freezing of water droplets 10 mb video2 freezing of a paraffin droplet 9 mb problem 10 coefficient of diffusion video1 diffusion of particles 3 mb source code the full set of program we used in experiment 2 mb problem 12 cold balloon video1 sphere avi change of strain energy density distribution of a spherical balloon the lower part has a larger deformation so that the temperature increase is larger the color scale is the same as in fig 13 red indicates larger energy density blue the smaller one 17 mb video2 realballoon avi change of strain energy density distribution of a real balloon the color scale is the same as in fig 15 red indicates larger energy density and larger temperature increase blue for smaller change 17 mb problem 15 oil stars video1 six crests mov stable faraday waves of six crests 2 mb video2 one and two crests gif faraday waves of one and two crests 1 mb video3 three crests gif faraday waves of three crests 1 mb video4 four crests gif faraday waves of four crests 1 mb request inspection copy

The Electronic Vehicle Battery Industry. The need for Standardization to lessen the impact of a closed Buyers' market 2016-10-13 essay from the year 2016 in the subject business economics business management corporate governance grade 1 0 course competitive intelligence language english abstract the electric vehicle battery is directly codependent to the electric vehicle industry both industries suffer from the high switching cost for batteries economies of scale and high capital investments have established a competitive and rather closed market within this market the buyers power is omnipresent the automobile makers are following a backward vertical integration strategy to increase the benefit within the supply and development chain at the same time traditional combustion engines still threaten electrification due to customer distrust and again the high switching costs

Big Data Software Solutions by IBM, Oracle, SAP and Microsoft. A Market Overview 2017-09-05 seminar paper from the year 2017 in the subject computer science software grade 1 0 california lutheran university business administration course mba for executives language english abstract in this research

paper the author would like to take a look at the current big data vendors and present the status quo of the leading big data solutions the big data market has grown significantly in the last years the offered solutions are very sophisticated and cover a broad range of user requirements and have become more user friendly in the recent years several well known it companies released new products that specialize in big data analysis the desire to analyze more and more data to gain a better understanding of e g customer needs manufacturing efficiencies or e g to create predictive analysis based on past consumer behavior drove the need to enhance the functionality of existing business intelligence solutions towards a more open big data architecture that allows the analysis of massive amounts of structured and unstructured data
