**Figure 1** **2007**

Figure 1 is a line graph showing the number of people who have been convicted of a crime in the United States from 1950 to 2007. The x-axis represents the year, and the y-axis represents the number of people. The graph shows a steady increase in the number of convictions over time, with a significant jump in the late 1990s and early 2000s.

**Figure 2** **2007-12**

Figure 2 is a line graph showing the number of people who have been convicted of a crime in the United States from 1950 to 2007. The x-axis represents the year, and the y-axis represents the number of people. The graph shows a steady increase in the number of convictions over time, with a significant jump in the late 1990s and early 2000s.

**Figure 3** **2003-07**

Figure 3 is a line graph showing the number of people who have been convicted of a crime in the United States from 1950 to 2007. The x-axis represents the year, and the y-axis represents the number of people. The graph shows a steady increase in the number of convictions over time, with a significant jump in the late 1990s and early 2000s.

**Figure 4** **1968-02-10**

Figure 4 is a line graph showing the number of people who have been convicted of a crime in the United States from 1950 to 2007. The x-axis represents the year, and the y-axis represents the number of people. The graph shows a steady increase in the number of convictions over time, with a significant jump in the late 1990s and early 2000s.

**Figure 5** **2014-12**

Figure 5 is a line graph showing the number of people who have been convicted of a crime in the United States from 1950 to 2007. The x-axis represents the year, and the y-axis represents the number of people. The graph shows a steady increase in the number of convictions over time, with a significant jump in the late 1990s and early 2000s.

**Figure 6** **2008-02-21**

Figure 6 is a line graph showing the number of people who have been convicted of a crime in the United States from 1950 to 2007. The x-axis represents the year, and the y-axis represents the number of people. The graph shows a steady increase in the number of convictions over time, with a significant jump in the late 1990s and early 2000s.
