Federal Register 2014

we study how low interest rates in the united states affect risk taking in the market of crossborder leveraged corporate loans to the extent that actions of the federal reserve affect u s interest rates our analysis provides evidence of a cross border spillover effect of monetary policy we find that before the crisis lenders made ex ante riskier loans to non u s borrowers in response to a decline in short term u s interest rates and after it in response to a decline in longer term u s interest rates economic uncertainty and risk appetite appear to play a limited role in explaining ex ante credit risk our results highlight the potential policy challenges faced by central banks in affecting credit risk cycles in their own jurisdictions

Consumer Credit and the American Economy 2023-10-01

sophisticated banking is vital for modern society to function and prosper banks lend to individuals and corporations but do so after carefully exploring the risks they undertake to each customer this book examines the important role of lending in banking operations and how banks can implement safe and effective loan initiatives banks rely on lending to generate profits but it can be a risky venture it is important for banking professionals to understand how to mitigate those risks bank lending from the hong kong institute of bankers discusses a variety of topics that impact a bank s loan strategy this is an essential read for candidates studying for the hkib associateship examination and those who want to acquire expert knowledge of hong kong s bank lending system topics covered in this book include assessing and reducing lending risk understanding the customer through financial statements using ratios to determine risk setting up an internal structure to reduce risk pricing and managing loans dah sing bank is delighted to sponsor this resourceful book the dah sing group is a leading financial services group in hong kong active in providing banking insurance financial and other related services in hong kong macau and the people s republic of china the dah sing group has gained a reputation as one of the most progressive and innovative financial services groups keys to its success are the strength of the dah sing management team and the group s commitment to serving its customers

Bridging Finance Guide 2023 2006-12-02

master s thesis from the year 2016 in the subject business economics investment and finance course masters of business administration language english abstract the research project sought to examine the effect of listing with credit reference bureau service on non performing loans of deposit taking microfinance institutions in kenya the specific objectives were to assess how loan recoveries as a result of listing with credit reference bureau affects non performing loans by deposit taking microfinance institutions in kenya and to assess how write offs as a result of listing with credit reference bureau affect non performing loans by deposit taking microfinance in kenya furthermore to examine how loan quality as a result of listing with credit reference bureau affect non performing loan in deposit taking microfinance in kenya and what effect does listing with credit reference bureau has on non performing loans levels in deposit taking microfinance in kenya this research study adopted a descriptive survey approach on effect of listing with credit reference bureau service on non performing loans of deposit taking microfinance institutions in kenya further this study targeted all registered deposit taking microfinance institutions by the central bank of kenya cbk target population was 12 registered deposit taking microfinance

institutions that have listed with credit reference bureaus in kenya this study used primary data that was collected by use of a questionnaire the data was analyzed by use of descriptive and inferential statistics to measure interrelationships between the variables tables were used to display the information to improve presentation of the analyzed results for ease of interpretation regression analysis was used to test the relationship between dependent and independent variable in light of the research findings the regression model could only explain 52 in variance of non performing loans the study results revealed that there was a statistically significant relationship between loan recoveries and non performance of loans p 0 000 there was a statistically significant relationship between write offs and non performance of loans p 0 000 and that there was a statistically significant relationship between quality loan portfolio and non performance of loans p 0 000 hence credit information sharing and level of nonperforming loans are indeed related meaning there is a direct relationship between the number of credit checks done by the crbs and the level of npls

The Mirror 2017-01-27

beginning with an original historical vision of financialization in human history this volume then continues with a rich set of contemporary ethnographic case studies from europe asia and africa authors explore the ways in which finance inserts itself into relationships of class and kinship how it adapts to non western religious traditions and how it reconfigures legal and ecological dimensions of social organization and urban social relations in general central themes include the indebtedness of individuals and households the impact of digital technologies the struggle for housing financial education and political contestation

Money and Financial Systems - SBPD Publications 1759

disasters happen be prepared here's how as a leading security engineer michal zalewski has spent his career methodically anticipating and planning for cyberattacks in practical doomsday zalewski applies the same thoughtful rational approach to preparing for disasters of all kinds by sharing his research advice and a healthy dose of common sense he'll help you rest easy knowing you have a plan for the worst even if the worst never comes the book outlines a level headed model for evaluating risks one that weighs the probability of scenarios against the cost of preparing for them you'll learn to apply that model to the whole spectrum of potential crises from personal hardships like job loss or a kitchen fire to large scale natural disasters and industrial accidents to recurring pop culture fears like all out nuclear war you'll then explore how basic lifestyle adjustments such as maintaining a robust rainy day fund protecting yourself online and fostering good relationships with your neighbors can

boost your readiness for a wide range of situations you'll also take a no-nonsense look at the supplies and equipment essential to surviving sudden catastrophes like prolonged power outages or devastating storms and examine the merits and legal implications of different self-defense strategies you'll learn how to identify and meaningfully assess risks in your life then develop strategies for managing them ways to build up and diversify a robust financial safety net a key component of nearly all effective preparedness strategies how to adapt your prep plans to a variety of situations from shelter-in-place scenarios to evacuations by car or on foot sensible approaches to stockpiling food water and other essentials along with recommendations on what supplies are actually worth having disasters happen but they don't have to dominate your life practical doomsday will help you plan ahead so you can stop worrying about what tomorrow may bring and start enjoying your life today

The history of England translated into English by N.Tindal 1958

we present evidence of a risk-taking channel of monetary policy for the U.S. banking system we use confidential data on the internal ratings of U.S. banks on loans to businesses over the period 1997 to 2011 from the Federal Reserve's survey of terms of business lending we find that ex-ante risk-taking by banks as measured by the risk rating of the bank's loan portfolio is negatively associated with increases in short-term policy interest rates this relationship is less pronounced for banks with relatively low capital or during periods when banks' capital erodes such as episodes of financial and economic distress these results contribute to the ongoing debate on the role of monetary policy in financial stability and suggest that monetary policy has a bearing on the riskiness of banks and financial stability more generally

Hearings 1973
