*School Science Practical Work in Africa* 2020-06-01 the universality of the problematics with urban education together with the importance of understanding the context of improvement interventions brings into sharp focus the importance of an undertaking like the international handbook of urban education an important focus of this book is the interrogation of both the social and political factors that lead to different problem posing and subsequent solutions within each region

*International Handbook of Urban Education* 2008-09-03 the diamond fields of chiadzwa among the world s largest sources of rough diamonds have been at the centre of struggles for power in zimbabwe since their discovery in 2006 against the backdrop of a turbulent political economy control of chiadzwa s diamonds was hotly contested by 2007 a new case of blood diamonds had emerged in which the country s security forces engaged with informal miners and black market dealers in the exploitation of rough diamonds violently disrupting local communities and looting a key national resource the formalisation of diamond mining in 2010 introduced new forms of large scale theft displacement and rights abuses facets of power is the first comprehensive account of the emergence meaning and profound impact of chiadzwa s diamonds drawing on

new fieldwork and published sources the contributors present a graphic and accessibly written narrative of corruption and greed as well as resistance by those who have suffered at the hands of the mineral s secretive and violent beneficiaries if the lessons of resistance have been mostly disheartening ones they also point towards more effective strategies for managing public resources and mounting democratic challenges to elites whose power is sustained by preying on them

**Zimbabwe Journal of Educational Research** 2005 the book represents a contribution to policy formulation and design in an increasingly knowledge economy in zimbabwe it challenges scholars to think about the role of education its funding and the egalitarian approach to widening access to education the nexus between education democracy and policy change is a complex one the book provides an illuminating account of the constantly evolving notions of national identity language and citizenship from the zimbabwean experience the book discusses educational successes and challenges by examining the ideological effects of social political and economic considerations on zimbabwe s colonial and postcolonial education currently literature on current educational challenges in zimbabwe is lacking and there is very little published material on these ideological effects on educational development in zimbabwe this book is likely to be one of the first on the impact of social political and economic meltdown on education the book is targeted at local and international academics and scholars of history of education and comparative education scholars of international education and development undergraduate and graduate students and professors who are interested in educational development in africa particularly zimbabwe notwithstanding the book is a valuable resource to policy makers educational administrators and researchers and the wider community shizha and kariwo s book is an important and illuminating addition on the effects of social political and economic trajectories on education and development in zimbabwe it critically analyses the crucial specifics of the zimbabwean situation by providing an in depth discourse on education at this historical juncture the book offers new insights that may be useful for an understanding of not only the zimbabwean case but also education in other african countries rosemary gordon senior lecturer in educational foundations university of zimbabwe ranging in temporal scope from the colonial

era and its elitist legacy through the golden era of populist universal elementary education to the disarray of contemporary socioeconomic crisis covering elementary through higher education and touching thematically on everything from the pernicious effects of social adjustment programmes through the local deprofessionalization of teaching this text provides a comprehensive wide ranging and yet carefully detailed account of education in zimbabwe this engagingly written portrayal will prove illuminating not only to readers interested in zimbabwe s education specifically but more widely to all who are interested in how the sociopolitical shapes education how ideology policy international pressures economic factors and shifts in values collectively forge the historical and contemporary character of a country s education handel kashope wright professor of education university of british columbia

Parliamentary Debates 2004 the role of education in human well being and social development cannot be overestimated after a number of highly commendable policies on education in the first decade of independence the education system in zimbabwe has taken a tumble that needs both examining and rectifying this volume analyses the challenges facing the education system in zimbabwe and explores and scrutinises theoretical and practical possibilities for restoring the educational dream that was initiated at independence in 1980 the book is

targeted at academics scholars college and university students policy makers and other stakeholders and advocates a multi pronged approach that must involve all stakeholders if educational retransformation reconstruction and restoration are to be achieved the authors provide a range of recommendations for a project that would restore the educational dream in zimbabwe

Report of the Presidential Commission of Inquiry Into Education and Training 1999 each volume in the 7 volume series the world of science education reviews research in a key region of the world these regions include north america south and latin america asia australia and new zealand europe and israel north africa and the middle east and sub saharan africa the focus of this handbook is on research in science education in mostly former british colonies in sub saharan africa and the scholarship that most closely support this program the reviews of the research situate what has been accomplished within a given field in sub saharan africa rather than an international context the purpose therefore is to articulate and exhibit regional networks and trends that produced specific forms of science education the thrust lies in identifying the roots of research programs and sketching trajectories focusing the changing façade of problems and solutions within regional contexts the approach allows readers to review what has been done and accomplished what is missing and what might be done next

Zimbabwe Human Rights Bulletin 2003 the art of survival depictions of zimbabwe and the zimbabwean in crisis offers a fresh interdisciplinary examination of a period against which development in zimbabwe is often measured one epitomized by the severe shortages and runaway inflation of 2008 while journalistic stories of the 1998 2008 era often privilege the reductive stories of woe defeat and crushed hopes this volume explores how survival was still possible in those circumstances the book offers insights into how ordinary zimbabweans battled the odds by making startling innovations in language use to legitimize new survival strategies how they weaved new songs and reinterpreted old ones to fight for survival how social institutions such as churches reinterpreted popular gospel and how authors playwrights and dramatists crafted works that acknowledge the unprecedented difficulties and yet find humour laughter and love in unusual places this work will appeal to both

scholars who will appreciate the depth of the analysis and the general reader

Global Perspectives on Teacher Performance Improvement 2022-02-04 in response to the covid 19 pandemic many educational institutions implemented social distancing interventions such as initiating closure developing plans for employees to work remotely and transitioning teaching and learning from face to face classrooms to online environments the abrupt switch to online teaching and learning for the most part has been a massive change for administration faculty and students at traditional brick and mortar universities and colleges as concerns regarding the pedagogical soundness of this mode of delivery remain among some stakeholders not only that but the switch has also revealed the inequities in the system when it comes to the types of students universities serve it is important as institutions move forward with online instruction that consideration be made about all students and what policies and strategies need to be put into place to help support and meet the needs of all constituents now or when unprecedented situations arise the only way this can be done is by documenting the experiences through the eyes of faculty who were at the frontline of providing instruction and advising services to students the handbook of research on inequities in online education during global crises brings to light the struggles faculty and students faced as they were required to switch to online education during the global covid 19 health crisis this crisis has revealed inequities in the educational system as well as the specific effects of inequities when it comes to learning online and the chapters in this book provide information to help institutions be better prepared for online education or remote learning in the future while highlighting topics such as new educational trends remote instruction diversity in education and teaching and learning in a pandemic this book is ideal for in service and preservice teachers administrators teacher educators practitioners stakeholders researchers academicians and students interested in the inequalities within the educational systems and the new policies and strategies put in place with online education to combat these issues and support the needs of all diverse student populations
