an illustrated history of the zapatistas based on interviews with the movement's original organizers

## **Ya Basta!**

2004-01-01

for ten years a voice from deep within the mexican jungle has inspired us to fight back

## **Basta!**

2005

on january 1 1994 in the impoverished state of chiapas in southern mexico the zapatista rebellion shot into the international spotlight in this fully revised third edition of their classic study of the rebellion's roots george collier and elizabeth lowery quaratiello paint a vivid picture of the historical struggle for land faced by the maya indians who are among mexico's poorest people examining the roles played by catholic and protestant clergy revolutionary and peasant movements the oil boom and the debt crisis nafta and the free trade era and finally the growing global justice movement the authors provide a rich context for understanding the uprising and the subsequent history of the zapatistas and rural chiapas up to the present day

## **A Poetics of Resistance**

2010

how to market a new and better world and win

## **Zapatistas**

2013-04-04

in the early hours of january 1 1994 a guerrilla army of indigenous mayan peasants emerged from the highlands and jungle in the far southeast of mexico and declared ya basta enough to 500 years of colonialism racism exploitation oppression and genocide as elites in canada the united states and mexico celebrated the coming into force of the north american free trade agreement the zapatista army of national liberation ejército zapatista de liberación nacional ezln declared war against this 500 year old trajectory toward oblivion one that they said was most recently reincarnated in the form of neoliberal capitalist globalization that nafta represented while the zapatista uprising would have a profound impact upon the socio political fabric of chiapas its effects would be felt far beyond the borders of mexico at a moment when state sponsored socialism had all but vanished from the global political landscape and other familiar elements of the left appeared utterly demoralized and defeated in the face of neoliberal capitalism's global ascendance the zapatista uprising would spark an unexpected and powerful new wave of radical socio political action transnationally through an exploration of the zapatista movement's origins history structure aims political philosophy and practice and future directions this book provides a critical comprehensive and accessible overview of one of the most important rebel groups in recent history

## ***The Zapatista Movement and Mexico's Democratic Transition***

2018-07-06

transitions from authoritarian to democratic governments can provide ripe scenarios for the emergence of new insurgent political actors and causes during peaceful transitions such movements may become influential political players and gain representation for previously neglected interests and sectors of the population but for this to happen insurgent social movements need opportunities for mobilization success and survival what happens to insurgent social movements that emerge during a democratic transition but fail to achieve their goals how influential are they are they able to survive their initial mobilizing boom to answer these questions maría inclán looks at mexico's zapatista movement whose emergence she argues was caught between sliding doors of opportunity the zapatistas were able to mobilize sympathy and support for the indigenous agenda inside and outside of the country yet failed to achieve their goals vis à vis the mexican state nevertheless the movement has survived and sustained its autonomy despite lacking legal recognition inclán examines the vitality of the movement during various tests of the emergent democracy during more competitive elections under various political parties and amid various repressive measures she also looks at state responsiveness to movement demands and the role of transnational networks in the movement's survival framing the relative achievements and failures of the zapatista movement within mexico's democratization is essential to understand how social movements develop and survive and how responsive an electoral democracy really is as such this book offers a test to the quality of mexico's democracy and to the resilience of the zapatista movement as it identifies the extent to which emerging political forces have failed to incorporate dissident and previously excluded political actors into the new polity

## **The Zapatista Reader**

2002-01

presents essays interviews articles and correspondence centering on the revolutionary conflict in the southern mexican state of chiapas

## **First World, Ha, Ha, Ha!**

1995

the zapatista army emerged from the jungle on new year's day 1994 and provoked a national crisis in mexico at a demonstration in mexico city over 100 000 people marched together and shouted first world ha ha ha a defiant declaration of solidarity with the rebels an insurgent army of indigenous campesinos who have challenged the direction of mexico's future the chiapas uprising was internationally hailed as a direct attack on the new world order it was a milestone in the continuing history of indigenous resistance in the americas and an important development in the growing worldwide struggle against global policies of economic colonization in this collection writers from mexico and the united states provide the background and context for the zapatista movement and explore its impact in mexico and beyond

## **Mayan Lives, Mayan Utopias**

2003

the maya indian peoples of chiapas had been mobilizing politically for years before the zapatista rebellion that brought them to international attention this authoritative volume explores the different ways that indians across chiapas have carved out autonomous cultural and political spaces in their diverse communities and regions offering a consistent and cohesive vision of the complex evolution of a region and its many cultures and histories this work is a fundamental source for understanding key issues in nation building in a unique collaboration the book brings together recognized authorities who have worked in chiapas for decades many linking scholarship with social and political activism their combined perspectives many previously unavailable in english make this volume the most authoritative richly detailed and authentic work available on the people behind the zapatista movement

## ***Zapatista!***

beyond resistance uncovers the relevance and importance of the zapatista s other campaign for people living and struggling in the united states

## **Beyond Resistance: Everything**

2014-07-15

considered the most significant recent agrarian movement in mexico the 1994 ezln uprising by the indigenous peasantry of chiapas attracted world attention timed to coincide with the signing of the nafta agreement the zapatista army of national liberation reasserted the value of indigenous culture and opposed the spread of neo liberalism associated with globalization the essays in this collection examine the background to the 1994 uprising together with the reasons for this and also the developments in chiapas and mexico in the years since among the issues covered are the history of land reform in the region the role of peasant and religious organizations in constructing a new politics of identity the participation in the rebellion of indigenous women and changing gender relations plus the impact of the zapatistas on mexican democracy the international group of scholars contributing to the volume include sarah washbrook george and jane collier antonio garcía de león daniel villafuerte solís gemma van der haar mercedes olivera marco estrada saavedra heidi moksnes neil harvey and tom brass this book was previously published as a special issue of the journal of peasant studies

## **Rural Chiapas Ten Years after the Zapatista Uprising**

2020-10-28

we are all zapatistas subcomandante marcosthis book began in 1994 when zapatista subcomandante marcos replied to a 10 year old girl from mexico city who had sent him a drawing the ensuing collection of related tales about the warrior beetle narrated by his pipe smoking black ski masked human squire is an extraordinary account for the general reader of current global political struggle marcos created a humorous fictitious character don durito a beetle with quixotic fantasies which regards marcos as his sancho panza in this book marcos creates a new political genre so called postdata ironical commentaries which he affixes to his formal communiqués or declarations in one of them he even offers to perform a striptease for government negotiators we are the product of 500 years of struggle they mexican government don t care that we have nothing absolutely nothing not even a roof over our heads no land no work no health care no food no education nor is there peace nor justice for ourselves and our children but today we say enough is enough first ezln declaration of war december 31st 1993the zapatistas are not

marxist rightists or anarchists they seek not to replace one infrastructure of power with another thus rejecting the normal goal of an armed struggle they are armed but do not use violence as a tool to expand their aims although a localized rebellion the zapatistas are unified in a worldwide struggle that transcends the mainstream media's limited perspective through eloquent dictations distributed globally via the internet with a fresh perspective and tactics that have never been seen in relation to an armed insurrection the ezln zapatista national liberation army has changed the definition of what revolution means from the marginalized confines of the poorest region in mexico a new concept of revolutionary change with a new solution to society's woes is currently being proposed

## **Conversations with Durito**

2005

an excellent in depth analysis of the zapatista rebellion and movement from the english ultra left journal aufheben it provides a good overview of class warfare in mexico and specifically delves into the class composition and struggles of the indigenous people of chiapas particularly interesting is the critical appraisal of the ezln their supporters and their critics from the ultra left

## ***A Commune in Chiapas?***

2002-02-01

## **A Commune in Chiapas?**

2002

in this gorgeous collection of allegorical stories subcomandante marcos idiosyncratic spokesperson of the zapatistas has provided an accidental archive of a revolutionary group's struggle against neo liberalism for 30 years the zapatistas have influenced and inspired movements worldwide showing that another world is possible they have infused left politics with a distinct imaginary and an imaginative literary or poetic dimension organizing horizontally outside and against the state and with a profound respect for difference as a source of political insight not division marcos's inspiring and sometimes kafkaesque stories bear witness to how a defense of indigenous traditions can become a lever for the construction of a new anti capitalist and anti patriarchal world with commentaries that illuminate their historical political and literary contexts and an introduction by the translators this timeless elegiac volume is perfect for lovers of literature and lovers of revolution

## **Zapatista Stories for Dreaming An-Other World**

2022-09-06

following the zapatista uprising on new year's day 1994 the ezln communities of chiapas began the slow process of creating a system of autonomous government that would bring their call for freedom justice and democracy from word to reality autonomy is in our hearts analyzes this long and arduous process on its own terms using the conceptual language of tsotsil a mayan language indigenous to the highland zapatista communities of chiapas the words freedom justice and democracy emblazoned on the zapatista flags are only approximations of the aspirations articulated in the six indigenous languages spoken by the zapatista communities they are rough translations of concepts such as ichbail ta muk or mutual recognition and respect among equal persons or peoples a mtel or collective work done for the good of a community and lekil kuxlejal or the life that is good for everyone autonomy is

in our hearts provides a fresh perspective on the zapatistas and a deep engagement with the daily realities of zapatista autonomous government simultaneously an exposition of tsotsil philosophy and a detailed account of zapatista governance structures this book is an indispensable commentary on the zapatista movement of today

## **Autonomy Is in Our Hearts**

2019-02-01

the information revolution is leading to the rise of network forms of organization in which small previously isolated groups can communicate link up and conduct coordinated joint actions as never before this in turn is leading to a new mode of conflict netwar in which the protagonists depend on using network forms of organization doctrine strategy and technology many actors across the spectrum of conflict from terrorists guerrillas and criminals who pose security threats to social activists who may not are developing netwar designs and capabilities the zapatista movement in mexico is a seminal case of this in january 1994 a guerrilla like insurgency in chiapas by the zapatista national liberation army ezln and the mexican government s response to it aroused a multitude of civil society activists associated with human rights indigenous rights and other types of nongovernmental organizations ngos to swarm electronically as well as physically from the united states canada and elsewhere into mexico city and chiapas there they linked with mexican ngos to voice solidarity with the ezln s demands and to press for nonviolent change thus what began as a violent insurgency in an isolated region mutated into a nonviolent though no less disruptive social netwar that engaged the attention of activists from far and wide and had nationwide and foreign repercussions for mexico this study examines the rise of this social netwar the information age behaviors that characterize it e g extensive use of the internet its effects on the mexican military its implications for mexico s stability and its implications for the future occurrence of social netwars elsewhere around the world

## ***The Zapatista "Social Netwar" in Mexico***

1999-02-03

why is everyone so quiet is this the democracy you wanted so ask the zapatistas the group of indigenous mexicans who on january 1 1994 mounted a rebellion against the implementation of nafta political corruption and the slow unreported genocide of indigenous people worldwide as the group expressed their demands and revealed their tactics it quickly became obvious that they were less an armed guerilla force seeking to seize state power and much more a social movement seeking to catalyze civil society s full democratic power for this reason mexican political analyst gustava esteva has called the zapatista rebellion the first revolution of the 21st century he explains that whereas the revolutions of the 20th century were tests for state power the zapatista struggle was for greater local autonomy economic justice and political rights within the borders of their own communities zapatista encuentro contains documents and comunicués from subcomandante marcos the leader of the zapatistas from the 1996 encounter for humanity and against neoliberalism this remarkable event brought together 5 000 activists from all over the world to discuss how globalization neoliberalism affects us politically culturally economically and socially

## **Zapatista Encuentro**

2011-01-04

the unexpected insurrection of the zapatista army of national liberation in 1994 toppled the notion that the triumph of neoliberalism represented the end of history in the clamor that followed a masked pipe smoking horseman appeared as the spokesperson for the indigenous rebels in this book nick henck provides a concise and accessible overview of the life thought and achievements of the professor turned guerrilla subcomandante marcos through his academic exodus and immersion in the indigenous communities of the lacandon jungle to his participation in a guerilla army to his eloquent articulation of the struggles of oppressed peoples around the world marcos became a revered and inspiring enigma henck explores marcos s considerable accomplishments in four main fields his role as

spokesperson for the zapatistas his contribution to latin american literature and a new political language for the left his work in making mexico a more democratic inclusive and just nation and his role as an inspirational international political icon published for the twenty fifth anniversary of the zapatista uprising this book is not just a biography but also a reminder that there are alternative ways of doing politics that another world is possible

## **Subcomandante Marcos**

2019-10-15

for over two decades now subcommander marcos has acted as military leader and spokesperson of mexico s zapatista movement in the process of doing so he has also become a key figure in the anti capitalist and anti globalization movements there has been little attempt however to examine in significant detail the political philosophical influences at work upon this important contemporary thinker the present study aims to rectify this by establishing which political philosophical currents marcos was exposed to during his formative years as a student at the national autonomous university of mexico and then examining the subcommander s discourse in order to ascertain the extent to which these persisted in his thinking years later concretely what we discover is that in his youth marcos was especially influenced by his reading of louis althusser michel foucault and nicos poulantzas and that certain core components of their thinking helped to form and indeed continued to inform the subcommander s political philosophy

## **Insurgent Marcos**

2017

a bold new account of the movement and its contribution to political theory

## ***Ya Basta! Ten Years of the Zapatista Uprising***

2000

in 1994 a guerilla army of indigenous mayan peasants in southeast mexico emerged and declared enough to 500 years of colonialism racism exploitation oppression and genocide the effects of the zapatista uprising were profound and would be felt beyond the borders of mexico at a time when state sponsored socialism had all but vanished and other elements of the left appeared defeated in the face of neoliberalism s ascendancy the zapatista uprising sparked a powerful new wave of transnational socio political action in exploring the movement s origins history structure aims political philosophy and possible new directions alex khasnabish provides a critical and comprehensive overview of one of the most important rebel groups in recent history

## ***Zapatistas***

2006-04-20

drs stephen wager and donald schulz examine the causes nature and implications of the zapatista uprising emphasizing in particular its impact on mexican civil military relations they argue that together with the onset of democratization the chiapas rebellion has strained these relations and led to a certain mutual distancing between the mexican army and government interestingly enough however they argue that this may actually be a good thing since it means that the military is becoming a more politically neutral institution and will likely be more open to the idea of an opposition electoral victory than in the past of more immediate importance wager and schulz note that there has been little progress toward resolving the rebellion and that as long as this is so fighting could very well break out anew with disastrous results they therefore urge the incoming zedillo administration to move quickly to bring the zapatistas in from the cold by co opting them and their supporters both economically and politically this means fulfilling not only the socioeconomic promises that have been made by the government but reforming state

and local political power structures to assure the rule of law and the access of those who have been shut out of the system they further argue that the process of national political reform should be broadened and deepened since without democratization on the national level any other gains that might be made would probably be ephemeral

## **Zapatistas**

2010

the revolution or revolutionary charity all is not as it seems deep inside the zapatista rebellion

## ***The Awakening***

1994

the zapatista movement and its leader subcomandante marcos have attracted enormous political and scholarly attention ever since their uprising began in chiapas mexico in 1994 the movement not only struck a chord inside the country as mexico was switching to neoliberal economics and attaching itself to the usa in the north american free trade agreement nafta but it rapidly evoked an extraordinary upwelling of political interest and solidarity in the americas and worldwide thomas olesen explores this phenomenon in the context of globalization and the networking and communications potential of the internet what is the infrastructure of the global zapatista solidarity network what activities has it engaged in what enabled it to develop what are the longer term implications for new kinds of political action and international solidarity and what can social theory tell us about the new global patterns of social interaction that are emerging

## ***Zapatista Spring***

2011

an exploration of the zapatista project from its conception to the present on the thirtieth anniversary of the mayan indigenous uprising in chiapas the zapatista experience reconstructs the trajectory of the zapatista struggle over the last three decades both in its concrete achievements and in its contributions to the renewal of critical and antisystemic thinking the zapatista rebellion has become a reference and source of inspiration for many struggles around the world due to its major contribution in reformulating a credible and desirable path to emancipation a path that broke with previously dominant conceptions state centric productivist eurocentric modernist and patriarchal baschet demonstrates how the zapatistas have succeeded in materializing on a massive scale the concrete experience of another way of living a forerunner of possible emerging worlds the autonomous rebel territories of chiapas are among the most developed and radical of the real utopias that exist in the world today exceptional in their experiments in self governance and anti state political form argues jérôme baschet the zapatista experience orients readers in the profusion of zapatista writings concerning for example the elaboration of a different understanding of politics the zapatistas planetary conjunctural analysis of capitalism as a total war against humanity their conception of indigeneity that breaks with both modernist individualism and identity politics and their notion of time and history all this in clear opposition to neoliberal capitalism

## ***International Zapatismo***

2005

rabasa offers new interpretations of the meaning of history from indigenous perspectives and develops the concept of a communal temporality that is not limited by time but rather exists within the individual community and culture as a living knowledge that links both past and present rabasa recalls the works of marx lenin and gramsci and contemporary south asian subalternists ranajit guha and dipesh chakrabarty among others he incorporates their conceptions of communality insurgency resistance to hegemonic governments and the creation of autonomous

spaces as strategies employed by indigenous groups around the globe but goes further in defining these strategies as millennial and deeply rooted in mesoamerican antiquity

## ***The Zapatista Experience***

2024-09-24

based on his own experience and further research in chiapas barmeyer provides an in depth analysis of the advances and limitations of the zapatista autonomy project over the past fourteen years

## **Voice of Fire**

1994

in the mexican state of chiapas women still marry at 13 and are often sold for a few bottles of liquor or a cow in this volume the women of chiapas tell of their hopes and their struggles and their fight for a more democratic and humane way of life

## ***Without History***

2010-06

transitions from authoritarian to democratic governments can provide ripe scenarios for the emergence of new insurgent political actors and causes during peaceful transitions such movements may become influential political players and gain representation for previously neglected interests and sectors of the population but for this to happen insurgent social movements need opportunities for mobilization success and survival this text looks at mexico s zapatista movement and why the movement was able to mobilize sympathy and support for the indigenous agenda inside and outside of the country yet failed to achieve their goals with regard to the mexican state

## **Developing Zapatista Autonomy**

2009

this book is about the origins of the zapatista revolution in morelos mexico from 1910 1919

## **Women of Maize**

2000

this richly detailed study chronicles recent political events in southern mexico up to and including the july 2000 election of vicente fox lynn stephen focuses on the meaning that emiliano zapata the great symbol of land reform and human rights has had and now has for rural mexicans stephen documents the rise of the zapatista rebellion in chiapas and shows how this rebellion was understood in other parts of mexico particularly in oaxaca giving a vivid sense of rural life in southern mexico illuminating the cultural dimensions of these political events she shows how indigenous mexicans and others fashioned their own responses to neoliberal economic policy which ended land reform encouraged privatization and has resulted in increasing socioeconomic stratification in mexico mixing original ethnographic material drawn from years of fieldwork in mexico with historical material from a variety of sources stephen shows how activists have appropriated symbols of the revolution to build the contemporary political movement her wide ranging narrative touches on the history of land tenure racism gender issues in the zapatista movement local political culture the zapatista uprising of the 1990s and its aftermath and more a significant addition to our knowledge of social change in contemporary mexico zapata lives also offers readers a

## **The Zapatista Movement and Mexico's Democratic Transition**

2018

the beginning hours of 1994 rang in both the new year and the zapatista uprising in chiapas although in existence since 1983 the zapatista movement was relatively unknown to the rest of the world until subcomandante marcos propaganda offensive against the mexican government steeped in historical references to indigenous exploitation and emiliano zapata the zapatista s call to arms and governmental reformation has continued to make effective use of symbols and rituals reshaping the images of indianness and economic suffering within chiapas the organization continues to garner support abroad as well as within mexico through the use of the internet public media and effective appropriation of nationalist symbols what marks the zapatista rebellion as extraordinary is its emergence as one of the first information age insurgencies to make such efficient use of these mediums this study presents a framework for analyzing propaganda drawing from the fields of symbolic politics cultural anthropology and marketing this symbolic frame is then applied to the zapatistas in order to better understand the entire movement the propaganda goals of the organization are examined specifically addressing the areas of legitimacy member unification support both outside and within mexico recruitment and challenges presented to the government

### **Bitter Harvest**

2005

this study examines the origins and nature of the zapatista rebellion in chiapas the response of the mexican government and military and the implications for civil military relations and the future of mexico it places the armed forces reaction within the context of the institution s response to the country s accelerated transition to democracy and analyzes the implications of that democratization for the army the main findings are as follows the zapatista rebellion is not primarily a military problem rather it is the product of a convergence of economic social and political problems that exist not only in chiapas but in much of rural mexico unlike most traditional guerrilla movements the zapatista national liberation army ezln does not seek to destroy the state or take power itself but rather to force a democratic opening nevertheless since the breakdown of peace talks last spring there has been little progress in terms of defusing a potentially explosive situation it is also imperative that the process of national political reform be deepened and consolidated for without democratization other gains will likely prove ephemeral due to a massive intelligence failure the zapatista uprising caught the salinas administration by surprise the acceleration of democratization has also strained civil military relations resulting in a certain amount of mutual distancing between the army and the government in spite of chiapas the mission of the mexican army will not change drastically in the foreseeable future

### ***Zapata Lives!***

2002-01-02

helpful journalistic exploration of events leading up to and during the zapatista uprising in chiapas discusses domestic and international political contexts of the rebellion reports day to day activities of the ejercito zapatista de liberaci on nacional covers period through the 1994 elections
