The True Nature of Tarot, 10th Anniversary Edition 1896 egyptian roots of christianity both historically and spiritually this book reveals the ancient egyptian roots of christianity both historically and spiritually this expanded version of the book consists of three parts to coincide with the terms of trinity the first part demonstrates that the major biblical ancestors of the biblical jesus are all ancient egyptian prominent characters the second part demonstrates that the accounts of the historical jesus are based entirely on the life and death of the egyptian pharaoh twt tut ankh amen the third part demonstrates that the jesus of faith and the christian tenets are all egyptian in origin such as the essence of the teachings message the creation of the universe and man according to the book of genesis as well as the religious holidays the very thing that is now called the christian religion was already in existence in ancient egypt long before the adoption of the new testament the british egyptologist sir e a wallis budge wrote in his book the gods of the egyptians 1969 the new religion christianity which was preached there by st mark and his immediate followers in all essentials so closely resembled that which was the outcome of the worship of osiris isis and horus the similarities noted by budge and everyone who has compared the egyptian osiris isis horus allegory to the gospel story are striking both accounts are practically the same e.g the supernatural conception the divine birth the struggles against the enemy in the wilderness and the resurrection from the dead to eternal life the main difference between the two versions is that the gospel tale is considered historical and the osiris isis horus cycle is an allegory the spiritual message of the ancient egyptian osiris isis horus allegory and the christian revelation is exactly the same the british
