2008-06 the bible in history a study of the history folklore and occasionally even the mathematics underlying the bible a sort of dictionary of scholarly material you likely won't find elsewhere dedicated to elizabeth rosenberg patricia rosenberg and catie jo pidel please understand that this is not a biblical commentary also while i try very hard to avoid actual theological discussions the work is very much based on external evidence the manuscripts of the bible the evidence of other historical records the findings of science the folklore about the bible some of this can be offensive to some particularly those who try to find exact literal truth in the bible i hope you will accept it or else not read it in that light if you are still interested there is a lot of historical background about the bible here not always direct links to the bible but the context of the nations among whom the israelites lived there is no biblical mention of say nabopolassar of babylon but his actions would deeply influence judean history knowing even a little of that history can help understand the bible also where there are variant readings in the manuscripts of the hebrew bible or the new testament i note it this may mean that we are uncertain what the bible says and hence what it means i try either to recover the original meaning or in some cases to assess the meanings of both readings and then there are the tidbits of science and folklore and anything else i can think of the result is a grab bag some parts may be useful some may not the idea is to browse and see what strikes your fancy with luck you'll understand more about the bible after doing so

Nominations of Robert B. Sims and Robert K. Dawson 1984 why we fought is a timely and provocative analysis that examines why americans really chose to sacrifice and commit

themselves to world war ii unlike other depictions of the patriotic greatest generation westbrook argues that strictly speaking americans in world war ii were not instructed to fight work or die for their country above all they were moved by private obligations finding political theory in places such as pin ups of betty grable he contends that more often than not americans were urged to wage war as fathers mothers husbands wives lovers sons daughters and consumers not as citizens the thinness of their own citizenship contrasted sharply with the thicker political culture of the japanese which was regarded with condescending contempt and even occasionally wistful respect why we fought is a profound and skillful assessment of america s complex political beliefs and the peculiarities of its patriotism while examining the history of american beliefs about war and citizenship westbrook casts a larger light on what it means to be an american to be patriotic and to willingly go to war

Robert B. Griffith Water Project 2012-09-11 territorial marshals virgil cole and everett hitch are back in appaloosa where things have been exceptionally quiet then an ominous storm rolls in bringing along a band of night riders with a devious scheme who show up at the rio blanco camp where a three hundred foot bridge is under construction when sheriff sledge driskill and his deputies respond and then go missing virgil and everett saddle up to sort things out
