An Essay on the Doctrine of the Trinity 2019-07-04

god sexuality and the self is a new venture in systematic theology sarah coakley invites the reader to re conceive the relation of sexual desire and the desire for god and through the lens of prayer practice to chart the intrinsic connection of this relation to a theology of the trinity the goal is to integrate the demanding ascetical undertaking of prayer with the recovery of lost and neglected materials from the tradition and thus to reanimate doctrinal reflection both imaginatively and spiritually what emerges is a vision of human longing for the triune god which is both edgy and compelling coakley s théologie totale questions standard shibboleths on sexuality and gender and thereby suggests a way beyond current destructive impasses in the churches the book is clearly and accessibly written and will be of great interest to all scholars and students of theology

An Essay on the Doctrine of the Trinity 2017-12-21

trieste publishing has a massive catalogue of classic book titles our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time the many thousands of books in our collection have been sourced from libraries and private collections around the world the titles that trieste publishing has chosen to be part of the collection have been scanned to simulate the original our readers see the books the same way that their first readers did decades or a hundred or more years ago books from that period are often spoiled by imperfections that did not exist in the original imperfections could be in the form of blurred text photographs or missing pages it is highly unlikely that this would occur with one of our books our extensive quality control ensures that the readers of trieste publishing s books will be delighted with their purchase our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality this process ensures that the reader of one of trieste publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work we pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers generally trieste books are purchased singly on demand however they may also be purchased in bulk readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates

An Essay On The Doctrine Of The Trinity 2022-10-27

excerpt from an unpublished essay of edwards on the trinity with remarks on edwards and his theology the major part of the manuscripts of jonathan ed wards was for a good while in the hands of the late professor edwards a park for him to use in compos ing a biography of edwards which he had projected a task for which that eminent theological teacher was in many respects admirably qualified this under taking however owing to his advanced age and his high ideal of what the proposed biography should be was not carried by him beyond its early preparatory stages on his decease in accordance with an arrangement made a number of years before with the representative of the edwards family by whom the papers had been lent to professor park they were transferred permanently to yale university about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

An Unpublished Essay of Edwards on the Trinity 1903

with regard to schleiermacher s views as a trinitarian i can truly say that i have met with scarcely any writer ancient or modern who appears to have a deeper conviction of or more hearty

belief in the doctrine of the godhead of father son and holy spirit this is the basis on which the whole super structure of hi christian system rests translator s introduction these remarks will likely shock readers of modern theology which has so often disregarded schleiermacher s trinitarianism as nonessential however this essay reproduced here for the first time provides a fascinating example of how deeply trinitarian schleiermacher s theology truly was friedrich daniel ernst schleiermacher november 21 1768 february 12 1834 was a german theologian philosopher and biblical scholar known for his attempt to reconcile the criticisms of the enlightenment with traditional protestant christianity he also became influential in the evolution of higher criticism and his work forms part of the foundation of the modern field of hermeneutics because of his profound effect on subsequent christian thought he is often called the father of modern liberal theology and is considered an early leader in liberal christianity the neo orthodoxy movement of the twentieth century typically though not without challenge seen to be spearheaded by karl barth was in many ways an attempt to challenge his influence this is the first published edition of schleiermacher s important essay on the discrepancy between the sabellian and athanasian method of representing the doctrine of the trinity parts 1 and 2 were originally published in separate issues of in the biblical repository and quarterly observer april and july 1835

An essay on fundamentals in religion 1835

the holy spirit is in a way the most mysterious of the three names of god for many it is the unknown god acts 17 23 how can a spirit be love how can it be a person what role can a spirit have in the trinitarian relations in the breath of god veto argues that a more exact comprehension of the third divine person can be reached by considering the way it acts in the economy of salvation and how it reveals itself in its scriptural names ruah and pneuma breath or wind just as in the eternal life of god the father and the son are precisely what their names designate likewise the holy spirit is the breath of god the procession of the spirit is the breathing out of the father into the son the communication of one intimacy into another and the breathing back of the son into the father this leads to reshaping many aspects of trinitarian theology in particular divine personhood it is also fruitful for the believer s life of prayer because it offers a better understanding of the distinct relationship one can have to father son and spirit

An Essay on the Trinity 2018-02-27

in this original contemporary doctrine of the trinity william placher places the history of theology in dialogue with postmodern philosophy and yields a provocative postliberal interpretation placher deftly connects a radical view of god s transcendence with a narrative christology his resulting thesis is twofold first the doctrine of the trinity is not a way of explaining the inner nature of god but a way of preserving god s mystery and second the trinity should be presented by showing how father son and holy spirit are one god moving from the three to the one not the other way around an exceptionally clear and engaging presentation of this central christian doctrine the triune god both advances the scholarly and ecclesial discussion on the trinity and provides an unusually concrete introduction to postliberal theology

An Essay on Spirit 1753

this provocative collection of papers from an international array of theologians explores the christian doctrine of the trinity in the context of twentieth century cultural and religious pluralism how should christians think about their faith in relation to other faiths and in relation to culture in general can the trinity fit into a global religion these essays originally presented at the fifth edinburgh dogmatic conference show how a full orb'd trinitarian doctrine with a proper emphasis on both the one and the three provides the necessary resources for successfully addressing the problems and the possibilities of contemporary pluralism gary badcock richard bauckham henri blocher gerald bray colin gunton trevor hart lesslie newbigin roland poupin kevin j vanhoozer stephen williams

An Unpublished Essay of Edwards on the Trinity 2014-02

how can we coherently believe that there is only one god if we also believe that there are three divine persons this volume presents a selection of the most important recent philosophical work on this topic accompanied by new essays from differing theological and philosophical perspectives

Prize essay ... History of the origin of the doctrine of the Trinity in the Christian church. With an intr. and appendix by R. Spears 1882

a critical engagement with stephen holmes's recent highly acclaimed work on the trinity the trinitarian resurgence has been celebrated by the majority of recent theologians and has impacted nearly every area of modern theology a careful rendering of the tradition reaches a high point in stephen r holmes the holy trinity understanding god's life paternoster 2012 this book contains invited essays covering a range of perspectives and hosts contributors from around the world who are critically appreciative of holmes work and its significance for contemporary reflection on this doctrine of the trinity

An Unpublished Essay of Edwards on the Trinity 2015-02-18

this book provides the best instruction on the most difficult issues that characterize st thomas aquinas's trinitarian theology it explores the very purpose of trinitarian theology with an emphasis on distinguishing st thomas's approach from the various forms of arid rationalism and on displaying aquinas's debt to augustine's spiritual vision the chapters on the trinity engage the relationship of the holy spirit to the son according to aquinas a topic treated in trinity in aquinas but now deepened by a meditation on the spirit of truth as well as the personal mode of trinitarian action ad extra for readers seeking to understand how and why aquinas's theology is fully trinitarian rather than as is sometimes suggested modalist emery's exposition of the trinitarian action ad extra and our relation in grace to each person of the trinity will be necessary reading fr emery devotes two chapters to the sacraments as they relate to the church in each case showing that aquinas's insights speak profoundly to contemporary controversies another chapter treats briefly the place of the eastern fathers in aquinas a question that has become increasingly important in ecumenical dialogue so as to show that thomistic theology is not antithetical to reunion with the orthodox east in the context of a world plagued by cartesian dualism and inability to come to terms with the scope of human suffering two further chapters treat aquinas's hylomorphic understanding of the human person and his account of god's permission of evil the latter through the lens of charles cardinal journey the book concludes on a fittingly ecumenical note as emery takes up george lindbeck's influential reading of aquinas as a postliberal theologian who thereby has an important place in contemporary protestant catholic dialogue in the hands of gilles emery the work of thomas aquinas is shown to contribute profoundly to the task of appreciating and resolving the central theological discussions and controversies of our time

**An Essay towards a demonstration of the Scripture-Trinity ...
Third edition, to which is prefixed some account of the author
1770**

tracing out the origins of the trinitarian revival in the modern era particularly on account of the influence of schleiermacher tillich barth rahner and pannenberg through to the destabilizing effects of postmodernity on trinitarian discourse the author provides a critical hermeneutic for the evaluation and implementation of thoughtful trinitarian theology in the contemporary world within this frame the author argues for viewing the trinity as the intellectual and conceptual context and interdisciplinary arena of interaction between theology and other forms of intellectual inquiries to generate a robust multifaceted and historically fluent doctrine of the trinity
