headline britons paints a unique picture of british life in the 20th and 21st centuries by re-examining some of the country's most notable characters each book covers a five year span telling the stories of a number of people who in that time stood

out among their contemporaries as the 1920s progressed and Britain tried to recover from the horrors of war the country enjoyed a short postwar boom seeing the development of household gadgets such as dishwashers sterilisers and cigar lighters but it did not last and soon unemployment grew Peter Pugh shows in this book that despite the swinging twenties being largely a myth the decade was enlivened by mouldbreaking characters such as birth control pioneer Marie Stopes father of the BBC John Reith and Horatio Bottomley perhaps the biggest business fraudster of all time
