MAGAZINE 2024-02-21 2023-12-15

IoT as a Service 2023-07-18 this book constitutes the refereed proceedings of the 8th eai international conference on iot as a service iotaaS 2022 was held virtually due to the covid 19 crisis the 17 full papers and 10 short papers included in this book were carefully reviewed and selected from 50 submissions they were organized in topical sections as follows next generation wireless networks internet of things artificial intelligence wireless communications vehicular networks resource optimization satellite communications and machine learning network security

Online Ammonia Analyzers for Water and Wastewater Treatment Applications 2001-01-01 presents results of field test data conducted on online ammonia analyzers to evaluate the accuracy reliability and maintenance requirements of each analyzer for application in water and wastewater treatment

IoT 2017-03-15 the five volume set ccis 224 228 constitutes the refereed proceedings of the international conference on applied informatics and communication icaic 2011 held in xi an china in august 2011 the 446 revised papers presented were carefully reviewed and selected from numerous submissions the papers cover a broad range of topics in computer science and interdisciplinary applications including control hardware and software systems neural computing wireless networks information systems and image processing

Applied Informatics and Communication, Part II 2011-08-02 chilton book company delmar learning

Index of Specifications and Standards 2005 this book is written for academic and industry professionals working in the field of sensing instrumentation and related fields and is positioned to give a snapshot of the current state of the art in sensing technology particularly from the applied perspective the book is

intended to give a broad overview of the latest developments in addition to discussing the process through which researchers go through in order to develop sensors or related systems which will become more widespread in the future
