*A Chesley Bonestell Space Art Chronology* 1999 on January 15 2009 the world witnessed a remarkable emergency landing when Captain Sully Sullenberger skillfully glided US Airways Flight 1549 onto the Hudson River saving the lives of all 155 aboard. His cool actions not only averted tragedy but made him a hero and an inspiration worldwide. Highest Duty is Sully's story a story of dedication hope and preparedness revealing the important lessons he learned through childhood in his military service and in his work as a commercial airline pilot. It reminds us all that even in these days of war tragedy and economic uncertainty there are values still worth fighting for that life's challenges can be met if we're ready for them.

**Chesley's Hypertensive Disorders in Pregnancy** 2021-12-07 with over two decades experience both observing and interpreting how people channel disaster into opportunity in the most extreme circumstances and environments on earth Ben Ramalingam has a unique vantage point from which to identify the key principles that can enable anyone to use stress as an opportunity for change. In Upshift Ramalingam distills this expertise into an insightful powerful and engaging book that will show you how to reframe your set responses to stress and pressure and instead use them to harness the potential they hold not just for improving your work your relationships and your mindset but for transforming them. Upshift takes readers on an epic journey from early human survival of the ice age to present times in our inescapable pernicious and ever shifting digital landscape. You will hear remarkable stories from a vast range of upshifters all of whom carved new routes around perceived barriers using their powers to upshift. Underlying stories of how city commuters navigate train cancellations to how astronauts deal with life threatening incidents is one key message we all have the power to innovate whether or not we identify ourselves as creative or extraordinary. Maybe you're the challenger who thrives by constructively disrupting the status quo like Greta Thunberg or perhaps you find yourself constantly tweaking prodding breaking rebuilding and improving like crafters such as the team that revolutionized space travel called the NASA Pirates. Do you love introducing people whose combined efforts will lead to greater achievements you might be a connector like Master Networker Ariana Huffington. In a runaway world that is an engine for perpetual crisis Upshift is not only an essential toolkit for survival it is a roadmap for positive and potentially life changing transformation and influence you don't have to shut down you can upshift.

**Highest Duty** 2010-05-11 on April 12 1945 a fleet of American B-29 bombers flew toward Japan. Their mission was simple: stop World War II by burning the cities factories and military bases of the Japanese Empire thereby forcing an unconditional surrender. But it didn't go as planned. Beyond Valor is one soldier's extraordinary tale of bravery faith and devotion. Onboard one of the B-29s the city of Los Angeles a phosphorus bomb detonated inside the plane. Staff Sergeant Henry E. Red Erwin absorbed the blast of burning phosphorus and managed to throw the still flaming bomb overboard before collapsing from the third degree burns that covered his body. Breaking protocol the plane diverted to a military hospital at Iwo Jima. President Truman quickly ordered that Erwin be awarded the Medal of Honor the highest honor of the American military. Drawn from in-depth interviews with eyewitnesses and deep archival research Beyond Valor tells the gripping story of Erwin's life from his upbringing in the suburbs of Birmingham Alabama to his enduring commitment to supporting veterans. Beyond Valor gives you a front row seat to Erwin's amazing life and legacy. Along the way you'll learn how Erwin's childhood in Birmingham shaped his faith and his family how a split second decision changed the course of his life the countless ways that Erwin chose to give back to his fellow veterans after he returned home. Beyond Valor is about more than that fateful day in April 1945. It's a story of one man's journey from the ultimate despair to a place beyond service beyond honor and beyond valor a life illuminated by the light of God's love.

Setting Boundaries® with Your Aging Parents 2010-04-01 a compelling argument for why stewardship of wealth and service to others should be our highest financial priority stewardship is the journey of financial insider John Taft towards understanding and affirming the importance of stewardship which he has come to define as serving others as a core principle for the financial services industry the global financial system and society at large by defining the attributes of authentic stewardship this book presents a path forward by analyzing the success of Canadian banks in weathering the financial crisis evaluates the effectiveness of global financial reform efforts in making the financial system safer sounder and more secure offers wealth management prescriptions for individual investors evaluates the potential of ESG environmental social and governance investment processes as a way to instill stewardship behaviors among corporate CEOs particularly at financial services firms and ultimately calls for a return to stewardship's core principles as the key to not only minimizing the scope and consequences of future failures but also to addressing other societal challenges argues for a return towards stewardship with financial services companies doing right by their customers analyzes the response of Canadian banks to the financial crisis to provide meaningful advice for investors and businesses alike inspired by Taft's experience running one of the largest wealth management firms in the country during the financial crisis and his direct participation in subsequent legislative and regulatory efforts to rewrite the rules under which the U.S. securities industry operates from the man who made the decision to reimburse clients affected by the collapse of a money market mutual fund comes a compelling look at why financial service companies should start doing what's right for their customers

**The Aging Intellect** 2011-06-21 as contrary as it sounds planning as we traditionally understand the term can be the worst thing a company can do consider that volatile weather events disrupt trusted supply chains markets and promised delivery schedules ever shifting geo-political tensions as well as internal political upheaval within U.S. and global governments derail long planned new ventures technology failures block opportunities competitors suddenly change their product or release date your team cannot meet the pace of innovations in your market niche leaving you sidelined there are myriad ways in the current business environment for a company's well considered business plans to go awry

most business schools continue to prepare managers to be effective in stable and predictable environments conditions that if they ever existed at all are long gone the agility shift shows business leaders exactly how to make the radical mindset and strategy shift necessary to create an agile entrepreneurial organization that can innovate and thrive in complex ever changing contexts as author pamela meyer explains there is much more involved than a reconfiguration of the org chart and job descriptions it requires relinquishing the illusion of control at the very foundation of most management training and business practice despite most leaders approaches agility is not simply accelerated planning unlike many agility books on the market the agility shift provides specific actionable strategies and tactics for leaders at all levels of the organization to put into practice immediately to improve agility and achieve results
