Sweetness and Power

1986-08-05

a fascinating persuasive history of how sugar has shaped the world from european colonies to our modern diets in this eye opening study sidney mintz shows how europeans and americans transformed sugar from a rare foreign luxury to a commonplace necessity of modern life and how it changed the history of capitalism and industry he discusses the production and consumption of sugar and reveals how closely interwoven are sugar s origins as a slave crop grown in europe s tropical colonies with its use first as an extravagant luxury for the aristocracy then as a staple of the diet of the new industrial proletariat finally he considers how sugar has altered work patterns eating habits and our diet in modern times like sugar mintz is persuasive and his detailed history is a real treat san francisco chronicle

The Sidney Anecdotes: Selected from History, Ancient and Modern and Other Authentic Sources

1830

in 1857 all of the arts students at the university of sydney could fit into a single photograph now there are more than one million university students in australia after world war ii australian universities became less elite but more important growing from six small institutions educating less than 0 2 per cent of the population to a system enrolling over a quarter of high school graduates and yet universities today are plagued with ingrained problems more than 50 per cent of the cost of universities goes to just running them they now have an explicit commercial focus they compete bitterly for students and funding an issue sharply underlined by the latest federal budget scholars rarely feel their vice chancellors represent them and within their own ranks academics squabble for scraps knowing australia is a perceptive clear eyed account of australian universities recounting their history from the 1850s to the present investigating the changing nature of higher education it asks whether this success is likely to continue in the 21st century as the university s hold over knowledge grows ever more tenuous

this book completes the study of the life and political thought of algernon sidney 1623

1683 which began with algeron sidney and the english republic 1623 1677 1988 in the process it offers a reinterpretation of the major political crisis of charles ii s reign and of its european and seventeenth century contexts like its predecessor the book spans the disciplines of intellectual and political history its twin focus is the last six years of sidney s life which culminated in the famous public drama of his trial and execution for treason in 1683 and in his major political work the discourses concerning government which was used as evidence against him at the trial this intertwining of events and ideas calls for an examination of the relationship between the practical and intellectual aspects of the crisis of 1678 1683 in general

to understand the past and especially our own times arguably no story is as essential to get right as the history of capitalism nearly all of our theories about promoting progress come from how we interpret the economic changes of the last 500 years this

past decade s crises continue to remind us just how much capitalism changes even as basic features like wage labor financial markets private property and entrepreneurs endure while capitalism has a global history the united states plays a special role in that story american capitalism a reader will help you to understand how the united states became the world s leading economic power while revealing essential lessons about what has been and what will be possible in capitalism s ongoing revolution combining a wealth of essential readings introductions by professors baptist and hyman and questions to help guide readers through the materials and broader subject this course reader will prepare students to think critically about the history of capitalism in america

Algernon Sidney and the Restoration Crisis, 1677-1683

1991-10-10

celebrations of literary fictions as autonomous worlds appeared first in the renaissance and were occasioned paradoxically by their power to remedy the ills of history robert e stillman explores this paradox in relation to philip sidney s defence of poesy the first renaissance text to argue for the preeminence of poetry as an autonomous form of knowledge in the public domain offering a fresh interpretation of sidney s celebration of fiction making stillman locates the origins of his poetics inside a neglected historical community the intellectual elite associated with philip melanchthon leader of the german reformation after luther the so called philippists as a challenge to traditional anglo centric scholarship his study demonstrates how sidney s education by continental philippists enabled him to dignify fiction making as a compelling form of public discourse compelling because of its promotion of powerful new concepts about reading and writing its ecumenical piety and its political ambition to secure through natural law from universal ideas freedom from the tyranny of confessional warfare intellectually ambitious and wide ranging this study draws together various elements of contemporary scholarship in literary religious and political history in order to afford a broader understanding of the defence and the cultural context inside which sidney produced both his poetry and his poetics

The Postmodern

2004-11-15

illustrating the past is a study of the status of visual and verbal media in early modern english representations of the past it focuses on general attitudes towards visual and verbal representations of history as well as specific illustrated books produced during the period through a close examination of the relationship of image to text in light of contemporary discussions of poetic and aesthetic practice the book demonstrates that the struggle between the image and the word played a profoundly important role in england s emergent historical self awareness the opposition between history and story fact and fiction often tenuous provided a sounding board for deeper conflicts over the form in which representations might best yield truth from history the ensuing schism between poets and historians over the proper venue for the lessons of the past manifested itself on the pages of early modern printed books the discussion focuses on the word and image relationships in several important illustrated books printed during the second half of the sixteenth century including holinshed s chronicles 1577 and foxe s book of martyrs 1563 1570 in the context of contemporary works on history and poetics such as sir philip sidney s apology for poetry and thomas blundeville s the true order and method of wryting and reading hystories illustrating the past specifically answers two important questions concerning the resultant production of literary and historical texts in the period why did the use of images in printed histories suddenly become unpopular at the end of the sixteenth century and what impact did this publishing trend have on writers of literary and historical texts

The Postmodern

199?

the book investigates the political thought of algernon sidney 1623 1683 a historical character of the english civil wars republic protectorate and rump parliament who faced his trial and execution during the exclusion crisis in his writings sidney mixed hugely different traditions of political philosophy the modern natural rights which were predominant in england in his generation and the republicanism of machiavelli

this volume will interest researchers in political philosophy history of political thought and particularly republican theory its contribution to these topics explores the specificities of a thought that uses the language of natural rights and social contract and on the other hand the tumults expansion and virtues of the republics
