our acquaintance describes cortázar as the best
french writer in spanish not only because he has
the candor to set his fiction in paris where so
many south american writers have found breathing
room but because he has a truly french feel for
the miscellaneous kitchen sinky birds eye texture
of dally life in a manual for manuel you ll meet
andres marco francine lonstein lucienne patricio
and susanna a mixed group of french intellectuals
and argentinnes who don t know what they re doing
in paris together they make up the screwery a
collective that s more pataphysical than strictly
revolutionary involved in projects as diverse as
collecting a scrapbook of newspaper clippings for
manuel patricio and susanna s baby son guerrilla
theatre in department stores counterfeiting and
currency smuggling and grandest of all the
kidnapping of a bigwig from a multinational
corporation in return for the release of captured
revolutionaries in latin america cortázar s
narrative as we ve come to expect is totally
fractured into digressions essays undifferentiated
dialogue philosophical meditation finnegan s wake
ish pun prose letters telexes etc even the book s
big wonderful action scene this charming crew s
disastrous kidnap attempt is muffled under all the
stylistic swaddling cortázar is often at his best

here writing about a large group of friends making them individual yet coherent smart people being confused together but the book suffers by comparison with his earlier more substantial hopscotch even in rabassa s adept and sympathetic translation manuel seems to lack the intensity and rich ambience we look for in prime cortázar kirkus
