a brief yet comprehensive introduction to the study of history a student s guide to history discusses the discipline reviews basic study research and writing skills and describes the most common kinds of history assignments class tested and having seven editions this text is a useful reference for any student of history major and non major alike in both introductory and advanced courses originally published in 1920 mildred lewis rutherford gives a fair unbiased impartial unprejudiced and conscientious study of history to secure a peaceful settlement of many perplexing questions now causing contention between the north and the south in recent years history has been increasingly popularized through television docudramas history museums paperback historical novels grassroots community history projects and other public representations of historical knowledge this collection of lively and accessible essays is the first examination of the rapidly growing field called public history based in part on articles written for the radical history review these eighteen original essays take a sometimes irreverent look at how history is presented to the public in such diverse settings as children s books colonial williamsburg and the statue of liberty presenting the past is organized into three areas which consider the role of mass media packaging the past the affects of applied history professionalizing the past and the importance of grassroots efforts to shape historical consciousness politicizing the past the first section examines the large scale production and dissemination of popular history by mass culture the contributors criticize many of these hollywood and madison avenue productions that promote historical amnesia or affirm dominant values and institutions in professionalizing the past the authors show how non university based professional historians have also affected popular historical consciousness through their work in museums historic preservation corporations and government agencies finally the book considers what has been labeled people s history oral history projects slide shows films and local exhibits and assesses its attempts to reach such diverse constituents as workers ethnic groups women and gays of essential interest to students of history presenting the past also explains to the general reader how americans have come to view themselves their ancestors and their heritage through the influence of mass media popular culture and public history author note susan porter benson is associate professor and chair of history at bristol community college in massachusetts stephen brier is director of the american social history project and senior research scholar at the graduate center city university of new york roy rosenzweig is associate professor of history and director of the oral history program at george mason university in virginia a collection of memorable stirring and eloquent historical essays designed to help any historian write more artfully is there any reason that serious historical scholarship cannot receive literary expression isn t it possible that the most committed empiricists and postmodernists might both achieve better results by thinking of writing as a craft rather than just a means of packaging research this book compiles some of the most compelling efforts to make history writing eloquent stirring and memorable in the realms of both practice and theory the authors included here prove the great potential of approaching the writing of history as a literary art even as they retain a commitment to rigorous scholarship the collection shows how historians can aspire to find a form that matches and enhances their substance nudging readers toward what historian john clive called the spell that lingers in the memory and is conducive not just to reading but to rereading with selections from jonathan spence simon schama saidiya hartman wendy warren jill lepore louis masur jane kamensky and john demos among others for undergraduate courses in historiography good supplemental text for american history or western civilization or similar survey courses as a survey of historical thinking in the west from ancient times to the present this accessible text focuses on historiography philosophy of history and historical methodology introducing the main issues to beginning students with thorough and balanced discussions outline of u s history is a publication of the u s department of state the first edition 1949 50 was produced under the editorship of francis whitney first of the state department office of international information and later of the u s information agency richard hofstadter professor of history at columbia university and wood gray professor of american history at the george washington university served as academic consultants d steven endsley of berkeley california prepared additional material it has been updated and revised extensively over the years by among others keith w olsen professor of american history at the university of maryland and nathan glick writer and former editor of the usia journal dialogue alan winkler professor of history at miami university ohio wrote the post world war ii chapters for previous editions this new edition has been completely revised and updated by alonzo l hamby distinguished professor of history at ohio university professor hamby has written extensively on american politics and society 10 teaching public history creating and sustaining university programs use and abuse of history has become a key text of current historiography this is a book that poses fundamental and disturbing questions about the use and abuse of history engaging and challenging this book confronts the reader with the many histories that exist and have existed around the world from the zulu kingdoms to communist china this title has now been extensively revised by marc ferro a well respected historian and presents the different narratives that constitute the histories of countries as diverse as india iran trinidad and the united states makes for fascinating reading in their own right what makes this book so valuable though is what these narratives tell us about the societies which create them how much is history distorted in order to condition the minds of those who are taught it use and abuse of history appeals to anyone with a general interested in history gathered here are parts i and ii of the handbook of oral history which set the benchmark for knowledge of the field the eminent contributors discuss the history and methodologies of a field that once was the domain of history scholars who were responding to trends within the academy but which has increasingly become democratized and widely used outside the realm of historical research this handbook will be both a traveling guide and essential touchstone for anyone fascinated by this dynamic and expanding discipline contesting history is an

authoritative guide to the positive and negative applications of the past in the public arena and what this signifies for the meaning of history more widely using a global non western model jeremy black examines the employment of history by the state the media the national collective memory and others and considers its fundamental significance in how we understand the past moving from public life pre 1400 to the struggle of ideologies in the 20th century and contemporary efforts to find meaning in historical narratives jeremy black incorporates a great deal of original material on governmental social and commercial influences on the public use of history this includes a host of in depth case studies from different periods of history around the world and coverage of public history in a wider range of media including tv and film readers are guided through this material by an expansive introduction section headings chapter conclusions and a selected further reading list written with eminent clarity and breadth of knowledge contesting history is a key text for all students of public history and anyone keen to know more about the nature of history as a discipline and concept not only one of our most distinguished historians but also one of the most valuable contributors to historical theory spectator in formulating an answer to the question of what is history carr argues that the facts of history are simply those which historians have chosen to focus on all historical facts come to us as a result of interpretive choices by historians influenced by the standards of their age now for the first time in penguin modern classics with an introduction by richard j evans author of the third reich trilogy excerpt from letters on the study and use of history others there are whose motive to this rudy is nothing better and who have the further disadvantage of becoming a nuisance very often to society in proportion to the progress they make the former do not improve their reading to any good purpose the latter pervert it to a very bad one and grow in impertinence as they increase in learning i think i have known more of the former kind in england and more of the latter in france the persons i mean are those who read to talk to shine in conversation and to improve in company who having few ideas to vend of their own grow their minds with crude unrefined facts and sentences and hope to supply by bare memory the want of imagination and judgment about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works world history a concise thematic analysis ii events which become historical says michael kraus do not live on because of their mere occurrence they survive when writers re create them and thus preserve for posterity their otherwise fleeting existence paul revere s ride for example might well have vanished from the records had not longfellow snatched it from approaching oblivion and given it a dramatic spot in american history now revere rides on in spirited passages in our history books in this way the recorder of events becomes almost as important as the events themselves in other words historiography the study of historians and their particular contributions to the body of historical records must not be ignored by those who seriously wish to understand the past when the first edition of michael kraus s writing of american history was published a reviewer for the new york herald tribune wrote no serious study of our national origins and development can afford not to have such an aid as this at his elbow the book quickly came to be regarded as one of the few truly standard general surveys of american historiography invaluable as a reference book as a textbook and as a highly readable source of information for the interested general reader this new edition with coauthor davis d joyce confirms its position as the definitive work in the field concise yet comprehensive here is an analysis of the writers and writings of american history from the Norse voyages to modern times the book has its roots in kraus s pioneering history of american history published in 1937 a unique and successful attempt to cover in one volume the entire sweep of american historical activity kraus revised and updated the book in 1953 when it was published under the present title now once again the demand for its revision has been met davis d joyce with the full cooperation and approval of kraus has thoroughly revised and brought up to date the text of the 1953 edition the clarity and evenhandedness of kraus s text has been carefully preserved the last three chapters add entirely new material surveying the massive and complex body of american historical writing since world war ii consensus american historical writing in the 1950s conflict american historical writing in the 1960s and complexity american historical writing in the 1970s and beyond michael kraus professor emeritus at city college of new york received the ph d from columbia university and in his long career established himself as one of america s foremost historiographers davis d joyce is professor emeritus of history east central university ada oklahoma and is the author of howard zinn a radical american vision and alternative oklahoma contrarian views of the sooner state he teaches part time at rogers state university claremore oklahoma

excerpt from the study of history in the elementary schools report to the american historical association the effects of the report of the committee of seven presented to the american historical association 1898 are well known a member of that committee prepared a report on the study of history in the elementary schools which has not received the attention it deserves besides giving an excellent summary of the conditions under which history was then taught miss lucy m salmon outlined a six year course of study which was thought suitable for the elementary schools of the country in grades three and four the biographies of great men were to be presented elementary ancient history mediaeval and modern history english history and american history were recommended for the succeeding grades about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works as americans enter the new century their interest in the past has never been greater in record numbers they visit museums and historic sites attend

commemorative ceremonies and festivals watch historically based films and reconstruct family genealogies the question is why what are americans looking for when they engage with the past and how is it different from what scholars call history in this book david glassberg surveys the shifting boundaries between the personal public and professional uses of the past and explores their place in the broader cultural landscape each chapter investigates a specific encounter between americans and their history the building of a pacifist war memorial in a rural massachusetts town the politics behind the creation of a new historical festival in san francisco the letters ken burns received in response to his film series on the civil war the differing perceptions among black and white residents as to what makes an urban neighborhood historic and the efforts to identify certain places in california as worthy of commemoration along the way glassberg reflects not only on how americans understand and use the past but on the role of professional historians in that enterprise combining the latest research on american memory with insights gained from glassberg s more than twenty years of personal experience in a variety of public history projects sense of history offers stimulating reading for all who care about the future of history in america

the story of civilization 10000 years of human history

highly respected for its impeccable scholarship and elegant writing style american history a survey provides students and instructors with a comprehensive account of the american past in which no single approach or theme predominates from its first edition this text has included a scrupulous account of american political and diplomatic history today however the book explores areas of history such as social cultural urban racial and ethnic history more history of the west and south environmental history and the history of women and gender in addition american history has not evolved in a vacuum but as part of a larger global world the eleventh edition of this text places american history into that global context making connections for students who live in an ever expanding world themselves we justify our actions in the present through our understanding of the past but we live in a time when politicians lie brazenly about historical facts and meddle with the content of history books while media differ wildly in their reporting of the same event frequently new discoveries force us to re evaluate everything we thought we knew about the past so how can any certainty about history be established and why does it matter lynn hunt shows why the search for truth about the past as a continual process of discovery is vital for our societies history has an essential role to play in ensuring honest presentation of evidence in this way it can foster humility about our present day concerns a critical attitude toward chauvinism and an openness to other peoples and cultures history hunt argues is our best defense against tyranny introducing polity s why it matters series in these short and lively books world leading thinkers make the case for the importance of their subjects and aim to inspire a new generation of students a fascinating historiographical essay an unusually lucid and inclusive explication of what it ultimately at stake in the culture wars over the nature goals and efficacy of history as a discipline booklist this groundbreaking new collection addresses the burning issue of how we interpret history today what stories are told and by whom who should be celebrated and what rewritten are questions that have been asked recently not just within the history world but by all of us featuring a diverse mix of writers both bestselling names and emerging voices this is the history book we need now what is history now covers topics such as the history of racism and anti racism queer history the history of faith the history of disability environmental history escaping imperial nostalgia hearing women s voices and rewriting the past the list of contributors includes justin bengry leila k blackbird emily brand gus casely hayford sarah churchwell caroline dodds pennock peter frankopan bettany hughes dan hicks onyeka nubia islam issa maya jasanoff rana mitter charlotte riley miri rubin simon schama alex von tunzelmann and jaipreet viridi public history provides a background in the history principles and practices of the field of public history public history an introduction from theory to application is the first text of its kind to offer both historical background on the ways in which historians have collected preserved and interpreted history with and for public audiences in the united states since the nineteenth century to the present and instruction on current practices of public history this book helps us recognize and critically evaluate how why where and who produces history in public settings this unique textbook provides a foundation for students advancing to a career in the types of spaces museums historic sites heritage tourism and archives that require an understanding of public history it offers a review of the various types of methodologies that are commonly employed including oral history and digital history the author also explores issues of monuments and memory upon which public historians are increasingly called to comment lastly the textbook includes a section on questions of ethics that public historians must face in their profession this important book contains a synthetic history on the significant individuals and events associated with museums historic preservation archives and oral history includes exercises for putting theory into practice designed to help us uncover hidden histories construct interpretations create a sense of place and negotiate contested memories offers an ideal resource for students set on working in museums historic sites heritage tourism and more written for students public history an introduction from theory to application offers in one comprehensive volume a guide to an understanding of the fundamentals of public history in the united states aimed at students of history this volume originally published in 1928 examines the issues of impartiality and objectivity in the study of history it also discusses the skills necessary for any would be historian including the knowledge of foreign languages the use of sources and note taking this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original
