1845 and June 1846 and published in July of the following year it was not printed until December 1847 under the pseudonym Ellis Bell after the success of her sister Charlotte Brontë's novel *Jane Eyre*. A posthumous second edition was edited by Charlotte in 1850. It is one of the world's greatest tales of unrequited love, captivating readers with its intense passion and drama. A classic novel of consuming passions played out against the lonely moors of northern England, recounts the turbulent and tempestuous love story. The title of the novel comes from the Yorkshire manor on the moors of the story. The narrative centres on the all-encompassing passionate but ultimately doomed love between Catherine Earnshaw and Heathcliff, and how this unresolved passion eventually destroys them and the people around them.
