from their humble beginnings in jerusalem as a late eleventh century hospital and an early twelfth century pilgrim escort hospitallers and templars evolved into international military religious orders engaged in numerous charitable economic and military pursuits at the heart of each of these communities and in many ways a mirror of their growth and adaptability was a central convent led by several high officials and headquartered first

---

in jerusalem to 1187 then in acre 1191 1291 and then on cyprus since 1291 from where the hospitallers conquered rhodes 1306 1310 and where fate in the form of a heresy trial caught up with the templars the history organization and personnel of these two central convents to 1310 are the subject of this comparative study

## **Journal of the House of Representatives of the United States**

2005

the studies here reflect jonathan riley smith s work as a historian which began with research on the history of the military orders the specific focus of the third section here out of this grew the concerns covered in the previous sections an interest in the political and constitutional history of the kingdom of jerusalem and the relations of the western settlers with the indigenous population of palestine and syria the theory of crusading involving research on theology and canon law and the rôle of the popes as preachers and at the same time detailed consideration of the responses of lay men and women to the ideas that were being presented to them the two final papers explore some of the implications of crusading ideology and mythology in the modern world
