The Nehemiah Plan, East Brooklyn, N.Y. 2013 taiwan s rapid industrialization during the 1960s and 1970s combined with the democratic revolution that began with the lifting of martial law in 1987 were of deep historic importance over the next decade taiwan s political miracle matched its earlier economic miracle creating a vibrant liberal democracy complete with freedom of speech association and assembly rule of law and competitive and fair multi party elections the continuation of these achievements and the new challenges that have surfaced are addressed in rich detail in the chapters of this volume by an international team of experts one of the biggest such challenges is mainland china s economic success which has added to the complexity of taiwan s economic and political policy options a number of the contributors to this volume consider taiwan s response to china s economic rise and show how taiwanese companies have strategically taken advantage of the changing economic environment by moving up the value chain of production within taiwan while also taking the opportunity to invest overseas with chapters covering a wealth of topics including constitutional reform national identity party politics taiwan s development model industrial policy trade and investment globalization sustainable development taiwan s democracy will be of huge interest to students and scholars of taiwan studies chinese politics and economics international politics and economics and development studies

Statistics of Communications Common Carriers 2013 listing by companies from one country on the stock market of another country is a device often used both to raise capital in and to increase bonding with the target country this book examines the listing by chinese companies on the hong kong stock market it discusses the extent of the phenomenon compares the two different regulatory regimes and explores the motivations for the

cross listing it argues that a key factor in addition to raising capital and bonding with the hong kong market is chinese companies desire to encourage legal and regulatory reforms along hong kong lines in mainland china in order to develop and open up china s domestic capital markets
