themselves and everyone around them 2 the mocking fool is the third type of fool mentioned in the bible he is a fool but he acts very smart and sophisticated and he loves to scoff at others he is a habitual mocker who will harden his heart and poison relationships 3 the next type of fool is the hebrew pēthiy the simple they are easily led and influenced they are also intellectually lazy and susceptible to get rich quick schemes 4 the most common word used for fools in the bible is the hebrew kēciyl which means obstinate fools are opinionated wise in their own eyes and unable to learn or be corrected fulfil your destiny reign in life god s wisdom is an essential tool in the journey of every believer the bible contrasts wisdom from above which seeks to please god and is fulfilling from earthly wisdom which is self seeking and leads to ruin the indispensability of wisdom is underscored by the biblical saying wisdom is the principal thing and in all your getting get wisdom in wisdom destiny highly enriching this book provides copious examples of the immense value of god s wisdom as used by different characters in the bible get god s wisdom and reign in life wisdom s knowledge and understanding at her best by shirley brewer our power and wisdom the book of proverbs says wisdom has built her house she has set up her seven pillars proverbs 9 1 and the apostle paul referred to jesus christ as the power of god and the wisdom of god 1 corinthians 1 24 to us legendary bible teacher herbert lockyer unfolds the seven pillars of divine wisdom demonstrated in christ s incarnation and redeeming work on earth that the church upholds as essential truths of the faith understanding these pillars will help us to become more like jesus and to fulfill god s purposes both here and in eternity the pillar of mystery the pillar of incarnation the pillar of vindication the pillar of revelation the pillar of proclamation the pillar of belief the pillar of glorification the early church was dynamic in its witness because it continued steadfastly in these pillars of the christian faith likewise when we meditate reverently on the events and truths of jesus coming to earth we appreciate more deeply the great salvation that we have received and we become more eager and able to share these liberating truths with others this book will add knowledge to on how to acquire wisdom and application life on earth is a lesson itself it is full of challenges but those who seek guidance of the holyspirit in decision making and choice making tend to do things by god s will the main reasons why wisdom is important to us and understand is because we can solve challenges by turning around situations to benefit us and claim victory after learning how to apply the wisdom of god word we must know the wisest person on planet earth is the holyspirit so we must seek him having god s understanding of his word is wisdom and action god s word is intimacy so better to live by god s mind than just god s hand wisdom s is god s word and never all understood by just a mere man or a woman we can try but not all fully understood because a man s capacity is not enough to be filled by god s wisdom wisdom to manage materials that god created for us many people lose their soul over material wisdom for self discipline and building moral character this is so important in that you lack wisdom to focus on your vision and live an aimless life you perish wisdom to overcome fear and anxiety you must have wisdom to understand that faith over comes fear anxiety causes high blood pressure and stress later cancer wisdom to overcome your past and baggage it is important to overcome negative things as nothing good but something positive in the past carry it on it is wisdom learn wisdom doesn t know it all you learn from everyone wisdom to become your best wisdom is to self improve and be the best version of yourself the seed god put in each of you is the best but you must self discover it wisdom to live beyond your limitations this is as important as you will have fulfilled god s purpose god never created us not to fulfil our potential we are extraordinary wisdom for cultivating your leadership potential jesus demonstrated true leadership and character we are born leaders but we must self manifest although acquiring wisdom is a choice i believe we all need wisdom king solomon was the wisest man who ever lived and also one of the most foolish god gifted him with unsurpassed wisdom which solomon squandered by disobeying god s commandments solomon was the second son of king david and bathsheba we just need to emulate the wise part of king solomon so if one seeks and finds the holyspirit in her or him then they have make better decisions choices live by god s will and he or she and intellectual constitution of man but in the execution of this introductory part of our subject we could scarcely have refrained from noticing the indications of divine wisdom and goodness in our mental constitution itself even though our strictly proper because our assigned task was to point out these indications in the adaptation of this constitution to external nature we could not for get that the general purpose of the work was to exhibit with all possible fulness the argument for the character of the deity as grounded on the laws and appearances of nature but we should have left out a very rich and important track of argument had we forborne all observation on the evidence for the divine perfections in the structure and processes of the mind itself and confined ourselves to the evidence afforded by the relations which the mind bore to the external world in the adaptation of external nature to man s physical constitution there are many beautiful and decisive indications of a god but prior to these there is a multitude of distinct indications both in the human anatomy and the human physiology viewed by themselves and as separate objects of contemplation and accordingly in this joint undertaking there have been specific labourers assigned to each of these departments but we have not had the advantage of any previous expounder for the anatomy of the mind or the physiology of the mind and we felt that to have left unnoticed all the vivid and various inscriptions of a divinity which might be collected there would have been to withhold from view some of the best attestations in the whole range and economy of nature for the wisdom and benevolence of its great architect about the publisher forgotten books publishes hundreds of thousands of rare and classic like all great building projects the world runs on the wisdom of its architect the bible tells us that the universe its foundation inner workings and relationships is a carefully ordered place designed for humanity s good and god s glory too often however we attempt life based on our own understanding this brings chaos confusion and consternation yet the wisdom foundation that undergirds the world is so strong not even the selfish folly of man could destroy our creator s peace filled intentions to become wise we must respond to wisdom s call to dwell in wisdom s house proverbs is full of practical wisdom on everyday living scripture teaches that christ himself is our wisdom our way back to understanding how to build and live as the architect intended those who meditate on the wisdom of christ will find themselves living in wisdom s house once again you will be refreshed and able to bring life to those around you just like christ who breathed life from its start scripture is full of one generous and welcoming invitation after another in wisdom s call k a ellis shows us how to claim the asset of wisdom and invites us to experience jesus christ the wisdom on which our world rests ellis calls us to live in god s magnificent world as people who are wise

7 Secrets to Power Praying

this book emphasizes the fact that a true faith in god can be accompanied through good works and wisdom heart from above let me point out that goods works do not prove a person s belief in god or relationship with him but having faith and a wisdom heart always leads to good works faith and a wisdom heart have to come first because when good works are done with wisdom heart from god god always gets the glory every step in our lives is for the purpose of drawing us closer conforming us to the image of christ hardship is the tool which seems to best accomplish this goal we all might prefer that god would shape us through praise and blessings but we seem to respond best to hardship it all part of the processes to grow in the lord it is hardship which reminds us of our dependence on god when we ve begun to trust in our own abilities and understanding it s hardship which brings us back to our knees in prayer after long seasons of silence its hardship which develops the character of a mature believer remember james said consider it pure joy my brothers whenever you face trials of many kinds because you know that the testing of your faith develops perseverance perseverance must finish its work so that you may be mature and complete not lacking anything james 1 2 4 as difficult as this truth may be to accept and understand part of god s plan is for us to experience some hardship not all hardship can be said to come from god

but in our lost and fallen world where we come to god filled with pride and arrogance hardship is often the only way to humble our spirit and soften our heart our heavenly father loves us enough to do whatever it takes to draw us closer to his side even when this means being strengthened by hardship watch out for the part ii of this book my god my life coming out soon

rock and roll is more than just music rock is a culture and an ideology which carries its own ethos it is forcefully countercultural and exists as a bane in the sight of dominant western culture as rock engages and critiques culture it invariably encounters issues of meaning that are existential and theological a transformational theology of rock begins with those existential and theological issues raised by and within rock music with god on our side attempts to respond to these queries in a way that is faithful to the work of the kingdom of god on earth by mining our long theological tradition and seeing what cohesive responses can be made to the issues raised by rock music at its best rock acknowledges there is something wrong with the world raises awareness of marginalized voices and offers an alternative mode of existence within our present reality by teasing out the theological issues found in rock music this book synthesizes the findings to create a distinctive cultural theology that is sensitive to the plight of the marginalized in the west in this way the book offers a way forward towards a transformational theology of rock and roll
