korea s remarkable industrial progress has been virtually unparalleled in the developing world through painstaking effort and prudent management the economy has been transformed from that of a poor agricultural society to a major economic power in asia in the process

standards of living have increased dramatically however with democratization have come even higher economic expectations korea now stands poised to shortly join the ranks of the developed nations on the basis of its export success but it must also meet the new demands of its people this volume cuts across a broad spectrum of issues and highlights some of the remaining challenges to korea's development by including scholars from korea as well as u.s. academics and experts who deal directly with korean economic policy the book brings to bear a judicious blend of views on the hurdles to be overcome by korean policy makers in this final and arguably most difficult step in korea's transition to maturity
