

Free pdf Cbse class 12 maths question paper 2013 .pdf

submitted on 19 dec 2013 playing atari with deep reinforcement learning volodymyr mnih koray kavukcuoglu david silver alex graves ioannis antonoglou daan wierstra martin riedmiller we present the first deep learning model to successfully learn control policies directly from high dimensional sensory input using reinforcement learning

2013 12 20 we introduce a stochastic variational inference and learning algorithm that scales to large datasets and under some mild differentiability conditions even works in the intractable case our contributions are two fold first we show that a reparameterization of the variational lower bound yields a lower bound estimator that
