i was somewhat familiar with the works of sophie before reading this collection of short stories however these uniquely crafted literary pieces opened for me a new window into the mind of an author who has the capacity to demonstrate so many different aspects of female psyche it often feels that the author has drawn from personal experiences yet every character is unique and every protagonist battles in a completely different sphere the characters are complex in the extreme yet there is a familiarity in every one of them that makes them easily recognizable to the reader this of course can only be explained by the prowess the author has in depicting women with all of their fragilities strengths struggles heartaches victories failures and everything else that encompasses a woman's life in a patriarchal world sophie succeeds with every beautifully plotted

story to demonstrate the ultimate female struggle for finding freedom and equality what is more is that she does so with a fresh novel style rarely ever seen in other kurdish or persian female novelists gloria yazdani writer director canada short stories the queen of niflheim identifying the main codes one legged angel setar on the mud wall naked windows of alley 717 the before death dread ms susan

i was at the top of my game until reality hit in a way i had never imagined forcing me to face the living hell that had become my life the ghosts and demons that once filled the pages of my bestselling novels now flooded my mind consuming my thoughts both day and night she was hauntingly beautiful and i was drawn to her in the most unimaginable way she was my breath when i had stopped breathing she was my hope when i was drowning in despair she was my muse when i had lost all motivation but nothing good lasted not in my world anyway like the last days of autumn when the beautiful leaves are stripped away by the long winter days lurking in the distance her caring ways and gentle soul were only temporary soon it would be taken from me leaving my heart as barren as those once majestic trees but unlike those autumn days she remained giving me the courage to face the cold dark winter of my past while uncovering secrets and lies that could be the premise of a bestseller only this wasn't fiction this was my reality a reality i wouldn't wish on my worst enemy
