author of many influential novels and remains one of the most significant italian women writers of her time however critics tend to pigeonhole her works into convenient literary categories and to ignore the uniqueness of her style and voice grazia deledda s dance of modernity offers a timely and thought provoking interpretation of this nobel laureate examining her work in the context of european philosophical and literary modernity margherita heyer caput takes a philosophical and philological approach in order to provide a

reassessment of deledda's position in the literary canon at the same time she raises the larger issue of the status of allegedly regional or minor literatures within the context of Italian modernity dealing with four novels representative of deledda's vast corpus *Heyer Caput* addresses and dismantles elements of regionalismo, verismo and decadentismo labels with which deledda's works are regularly associated this is the first volume to introduce some of deledda's overlooked texts to an Anglophone audience it invites readers to overturn established critical categories and to question margin-centre hierarchies both in the broad context of literary modernity and the narrower frame of deledda's writing *Grazia* deledda's dance of modernity is a highly original and innovative interpretation of deledda's narrative in philosophical perspective which also includes the study of textual variations and considers cultural history in Italy during the early twentieth century it is a much needed examination of an important writer and how she managed to construct her own literary and gender identity in the context of modernity with an innovative visual approach *The Eyewitness Travel 15 Minute Italian Guide* is the ideal tool for people who need to learn the Italian language fast *Learn Italian in Just 15 Minutes a Day* an illustrated guide to the Montessori method of childhood development and education written by the renowned Italian physician Dr. Maria Montessori the Montessori method has become a popular approach to educating and nurturing children's development particularly between the ages of three and six in this volume Dr. Montessori gives detailed explanations of her approach to various subjects including grammar and arithmetic first published in 1917 this guide is illustrated and features many examples of recommended exercises that can be completed by children anywhere including the classroom and their home *The Montessori Elementary Material* is divided into seven sections: grammar, reading, arithmetic, geometry, drawing, music, metrics *Calvino and the Pygmalion Paradigm: Fashioning the Feminine in *I nostri antenati* and *Gli amori difficili** is the first book-length analysis of the representation of the feminine in Calvino's fiction using the structural umbrella of the Pygmalion paradigm and using feminist interpretative techniques this book offers interesting alternative readings of two of Calvino's important early narrative collections the Pygmalion paradigm concerns the creation by a male artist of a feminine ideal and highlights the artificiality and narcissistic desire associated with the creation process this book discusses Calvino's active and deliberate work of self-creation accomplished through extensive self-commentaries and exposes both the lack of importance Calvino placed on the feminine in his narratives and the relative absence of critical attention focused on this area relying on the analogy between Pygmalion's pieces of ivory and Barthes' *Semé* and drawing upon the ideas underlying Kristeva's intertextuality the book demonstrates that despite Calvino's professed lack of interest in character development his female characters are carefully and purposefully constructed a close reading of Calvino's narratives engaging directly with Freud, Lacan and the feminist psychoanalytical thinking of Kofmann, Kristeva, Kaplan and others demonstrates how Calvino uses his female characters as foils for the existential reflections of his typically maladjusted and narcissistic male characters *Captian Charles Augustus Tollemache of the 18th Light Dragoons: Protege of the Duke of York, Enemy of Wellington, Duelist and Womaniser* undertakes the most astonishing piece of espionage in all the Napoleonic wars having shared the dinner of Napoleon and his commanders on the eve of the greatest battle in history he is next day the one Englishman to see the battle of Waterloo from the French side *Una nuova e originale traduzione del capolavoro di Joyce per il centenario della prima pubblicazione* edizione interamente annotata e completa di schede di sintesi per agevolare la comprensione del testo *L'Ulisse di Joyce è una parodia moderna dell'Odissea* episodi e personaggi riecheggiano le vicende omeriche seppur attraverso ricercati espedienti narrativi come i tanti riferimenti letterari e non disseminati nel libro i tre protagonisti si inseguono avvicinandosi sulla scena per le strade di Dublino nell'arco di una giornata il 16 giugno 1904 essi ricalcano i mitici personaggi omerici Stephen Dedalus è Telemaco Leopold Bloom Ulisse Molly Bloom Penelope Dedalus è in cerca di un padre seppur putativo e di un rifugio dalle sue oppressioni patria chiesa e impero britannico egli rappresenta il giovane artista Joyce stesso con tutte le sue teorie più ardite Bloom non disdegna la compagnia del giovane Stephen ma quello che vuole soprattutto è riconquistare la moglie Molly che nel frattempo lo tradisce Bloom rappresenta l'uomo comune nei suoi ragionamenti o nelle sue esigenze ma per la sua rappresentazione a tutto tondo con le sue plurime capacità espressive impersona l'uomo in senso lato universale anche Molly incarna l'assoluto femminile trae le sue radici dalla carnalità e dal potere seduttivo di antiche origini nel calore delle coltri sul talamo di Ulisse Penelope aprirà tutta se stessa in un interminabile monologo dal ritmo serrato privo di punteggiatura gli incredibili risvolti narrativi che caratterizzano il libro sono sostenuti da continui cambi di ritmo e di stile impervi giochi di rimandi e allusioni con una scrittura fertile di influssi linguistici classici o contemporanei nell'ottica di un espressività letteraria innovatrice fatta pure di grande ironia e poetica virtù this book explores a philosophy of learning inspired by humanistic ideals it reflects
